War Department Selects Its Official Beauty

Miss Frances Jordan has been selected by the Soldiers and Sailors Campaign council of the war department as the most beautiful of 22,000 young women who sent their pictures to be judged. The picture is to be used on an official poster to inspire soldiers and sailors to greater efforts for their country.

Fine Pictures Shown

"The Chain Invisible," the five part Equitable motion picture, with Bruce McRae and Gerda Holmes in the leading roles, will be the feature shown at the Orpheus tonight. The photoplay version was adapted from the book of Richard Le Gallienne by Roy L. McCardell, the well known scenario writer, who wrote "The Diamond on the Sky" serial. The story is one of absorbing romance and striking dramatic action, as has seldom been seen on the screen. How James Wadsworth, a wealthy, truthful and courageous north woodsman, meets a refined society girl, falls in love with her, only to learn that she is engaged to another, and the desperate chances he takes to win the girl, are all most admirably well developed throughout the five reels of continuous action which marks the entire five reels of this Equitable feature.

Thrift Stamp Eulogized By Southern Company

LOS ANGELES, Feb. 21.—The Thrift Stamp and its relation to victory in the war, have displaced in part the usual display and bulletin advertising of some of the local business firms, which have given their space to help the campaign. Recently a local business house distributed several thousand blotters, the printed matter adorning them being entirely devoted to advancing the thrift movement. "This blotter," said the article, "is devoted to another aspect of our business which we usually refrain from mentioning. We refer to our partnership with Uncle Sam. No, not war contracts. Just a plain partnership in which we all share—our duty to help put the old flag over the top. "Because we like our institutions and our freedom, we want to keep them from autocratic interference. We know of no better way to accomplish this, if we can't fight the battles, than to furnish the ammunition. "You know how small change leaks out of your pocket. You don't know where it goes, but it goes. It is not difficult to divert a little of this stream into thrift stamps. "This is a rich and powerful nation, yet, to date, it has not given one-tenth as much in proportion to its population as have nations which are smaller, weaker, and less prosperous. The success of the war is our business—and we are not accustomed to falling in an undertaking to which we set our lives, and our fortunes. "Then the man who wrote the blotter, and who showed real surprise when asked for permission to quote his words, idealized the thrift stamp as follows: "I am a symbol of faith. I represent the democracy of the least and greatest. I am the will of Man against the dominion of Autocrats. I am the ammunition of a just cause. I am the widow's mite. I represent the eager labor of little children. I am the staunch, unfailing bulwark of the nation. I stand for the glory of the flag. I speak the love of my country. I am economy: —self respect: —patriotism! I AM THE THRIFT STAMP!"

Increased Production For 1919 Is Urged

WASHINGTON, D. C., Feb. 21.—Planting of increased acreage to spring wheat and the production of an increased supply of other food products and of livestock, especially hogs, is recommended in a supplementary food production program just issued by the department of agriculture. It re-emphasizes and amplifies the program for 1918 issued by the department last August. "Notwithstanding an increased production of staple crops in the United States in 1917, there is need for more food," the statement says. "Taking into account our own needs, the needs of the nations associated with us in the war and the needs of friendly neutral nations, our best efforts will be required to provide enough food in 1918. Whether the war continues or not, the demands on this country, because of the increasing population and the needs of Europe, will be great. Chief emphasis should be given to the production of the great staple food products, with special stress on wheat and hogs, the leading war foods. "The South is urged to provide food for its own people and feed for its livestock, and then to plant as much cotton as can well be cultivated and harvested. To raise of hogs and beef animals the world need for meats and fats is made clear. "Farmers are urged to join with the men on the range in providing sheep whose wool is needed to equip soldiers. Other recommendations made are: The number of hogs should be increased by at least 15 per cent. Effort should be made to maintain the acreage of sugar cane and sugar beets, and to increase these areas. Production of satisfactory substitutes for sugar should be increased. The supply of dairy products should be made to meet the needs of this country and to help supply the increasing demands of the allies. Poultry production should be increased greatly, especially in the back yards and on farms where waste material is not required.

KAISER IS VICTIM OF DELUSION

HUN EMPEROR BELIEVES UNCLE SAM HAS ONLY 20,000 TROOPS NOW IN EUROPE—THINKS THE WAR WILL SOON BE OVER. AN ATLANTIC PORT, Feb. 21.—Bringing one of the most interesting stories on inside conditions in Germany that has come across the Atlantic in months, Dr. Arthur M. Davis of Piqua, Ohio, who has been personal dentist to Kaiser Wilhelm for the last fifteen years, arrived here this week. The Kaiser, Dr. Davis said, is thoroughly convinced that the number of United States troops in France is not one-sixth of what has been officially represented. "In fact," said Dr. Davis, "the Kaiser told me just before I left Berlin that not more than 30,000 American troops had been landed in France up to that time. "I had a talk with the Kaiser," said Dr. Davis, just before I started on the trip. He said to me: "I hear you are going back to America?" "I admitted that I was preparing to take such a trip. Then the Kaiser said: "I hope you will return soon. Things will be all over in a little while. Germany will have won." "Then he gave me a bit of caution. "The statements made in America regarding the transportation of troops are, I am assured by my generals, out of all proportion," he said. "Up to the present time our U. S. troops have been so successful in sinking United States transports that the American army in France does not number more than 30,000 men." Dr. Davis said he had it on the authority of German government agents that Germany would be compelled to use 15 per cent less coal this year than she did last year. He also declared that food conditions were bad, and were growing worse. Dr. Davis also declared that Germany did not launch the war primarily for the purposes of conquest, but to put down the socialist movement, which was threatening the Prussian military power. In fact, he said, he had this information on the authority of government officials. NOTICE The Episcopal choir practice will be held at Mrs. G. Cosad's residence, on Washington street, Friday evening, at 7 o'clock sharp. 21-2t

LUXURIES NOW COME HIGH IN PETROGRAD

PETROGRAD, Feb. 21.—The bolshevik town council in Petrograd has voted the following new taxes: On private automobiles and motor boats \$75 per horse power. On private carriages, \$250 a year, plus \$250 for each horse. Sailing yachts, \$500 a year. Dogs, \$25 yearly. Auction sales, 20 per cent of all receipts.

COUNT FIFTY! NO NEURALGIA PAIN

DON'T SUFFER! INSTANT RELIEF FOLLOWS A RUBBING WITH OLD "ST. JACOB'S LINIMENT" Conquers pain—never fails. Rub soothing, penetrating "St. Jacobs Liniment" right on the ache or pain, and out comes the neuralgia misery. Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome. Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Liniment" is perfectly harmless, and doesn't burn or discolor the skin. In use for half a century.—Adv.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passage Right Up. Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sneezing, blowing, headaches, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Ad.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Get a glass of hot water with phosphate before breakfast washes out poisons. If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gas-s and sour bile before putting more food into the stomach. To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.

TURN HAIR DARK WITH SAGE TEA

MIXED WITH SULPHUR DARKENS SO NATURALLY BODY CAN TELL. The old-time mixture of Sage and Sulphur for darkening hair, treated and faded hair is being used to keep their hair an even color, which is quite new, as we are living in an age when youthful appearance is of the greatest advantage. Nowadays, though, we don't see the troublesome task of gathering sage and the many mixing it with other ingredients, called "Sage and Sulphur Compound" about 50 cents a bottle. It is popular because nobody can draw this through your hair, using a small strand at a time; by using the gray hair disappears, what delights the ladies with Sage and Sulphur Compound, besides beautifully darkening the hair after a few applications, it also gives that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a lightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, prevention or prevention of disease.

WHY?

CHAUTAQUA MANAGERS IN WAR WORK

The biggest Chautauqua managers in the United States have pooled their interests, temporarily in the patriotic campaign to provide entertainment for soldiers in the cantonments and national guard camps. Not only are they furnishing the best talent the Chautauqua field affords, but they have, for the time, merged their big competing circuit organizations, which each have 1,000 communities from coast to coast and from the Great Lakes to the Gulf, to make the Smiloway book campaign a success. The campaign is supported by the one-dollar and five-dollar Smiloway books, filled with coupons signed by the Secretary of War, which pass soldiers to all shows in the cantonments and national guard camps. The little books are said to be popular like hot cakes and reports from the camps say the soldier boys are already smiling. The spectacle of the chiefs of a half dozen big rival organizations, which, ordinarily, fight for talent and towns in which to put on the high-class entertainment and lecture attractions which millions of Americans see every season, working side by side in the Military Entertainment Council, is said to be regarded as a notable example of patriotic cooperation of the war. These men hire and manage such Chautauqua stars as William Jennings Bryan; Dr. Ganssauer, the well known Chicago preacher; Bohumir Kryl, the big band leader, and a hundred or more other men and women whom most of us have heard and seen under the Chautauqua tent. In Washington these managers, together, eat together and plan together, and each has decided, they admit, that the other fellows are not such bad fellows after all. When they get through the Smiloway campaign, they will go back home and each will probably begin to try to put it over good naturedly on his rivals, who will probably be having the same designs on him. Some of these Chautauqua leaders are Arthur C. Coit, Coit Lyceum Bureau, Cleveland; W. V. Harrison, Redpath Lyceum Bureau, Columbus; Dr. Paul M. Pearson, Chautauqua Association of Pennsylvania, Swarthmore, Pa.; Frank M. Chandler, Century Lyceum Bureau, Evanston, Ill.; Charles F. Horner, Redpath Lyceum Bureau, Kansas City; Keith Vawter, Redpath Lyceum Bureau, Cedar Rapids, Ia., and Harry P. Harrison, of Chicago, head of the Redpath Chautauqua, and executive chairman of the Smiloway campaign.
