

# Warship Program Now Well Launched

PHILADELPHIA, Feb. 28.—More than one-third of the war vessels and merchant ships called for by the program of the United States government are building in shipyards along the Delaware River, according to figures which have just been made public with the permission of the emergency fleet corporation. The tonnage contracted for, according to government officials, has transformed the Delaware Valley into the greatest shipbuilding center in the world.

W. B. Ferguson, a representative of the emergency fleet corporation, estimates that an army of about 85,000 shipworkers will be required to complete the 272 ships, including war vessels, contracted for by the eleven shipbuilding plants between Trenton and Delaware City.

Work on 120 cargo carriers at the new government yard at Hog Island is progressing, and this plant is en-

ships. More workers are needed here also.

Two yards at Gloucester, N. J., are turning out sixteen ships with a force of about 3,000 men. Twice this number of shipworkers is needed.

Two large plants, one a new one, at Chester, Pa., have contracted for eighteen and twenty-six ships respectively. One plant has only 1,700 men on the payroll, and requires at least 3,000 more, according to the government figures. The other yard is employing 2,000 men, whereas at least 7,000 are necessary to complete its contracts.

The plant at Hog Island is now employing about 10,000 workers and officials there estimate that at least 32,000 are needed.

Work in one plant at Wilmington, Delaware, is progressing on thirteen ships, on which 2,800 men are employed. This company is in the market for another 1,000 workers. At another plant in that city eight ships are being built by a force of 1,000 men and officials require 1,500 more.

# Jap Siberian Policy Interests Washington

WASHINGTON, D. C., Feb. 28.—The suggestions coming thru unofficial Japanese sources that Japan is about ready to participate in the war for the aid of the anti-bolshevik elements in Siberia, have deeply interested Washington. Officials refused comment. It was pointed out that it would be most unwise to do so, inasmuch as if Japan intends to get into action against the German dominance and control of Russia, her plans should not be advertised or interfered with in advance.

It was very frankly explained in official quarters that the United States has "every and all confidence in Japan and her rulers," and that whatever action she finally takes will be enthusiastically approved by the United States and all of the entente.

Japan will protect the Pacific should Russia become a German vassal state, as now seems certain, officials say. The United States would be left free to concentrate all of its men, money and ships on the island in France. Its great weight in everything warlike, which has been entirely counted on by the entente to weigh down the scales against the German military machine, will be delivered exactly as originally counted on.

Developments will not change this in any way, officials say. On the contrary, they will simply speed up all war preparations here and make easier the carrying out of Secretary Baker's promises that the full strength of America will be put into the field without delay.

Monkey Grip saves vulcanizing. Nothing equals it for healing jags, cuts and small blowouts on casings, punctures and torn tubes. Guaranteed the best you ever used.

# EASY TO DARKEN YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite, and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv

# Huge State Highway Bonds Are Advertised

SALEM, Feb. 28.—Acting on the authority received from the capital issues advisory committee of Washington, D. C., the state highway commission has sent out advertisements for bids for \$500,000 highway bonds. The bids will be opened in the office of Chairman Benson in Portland at 11 a. m., March 15.

The bonds, which are to bear 4 per cent interest, will mature serially—\$13,500 on October 1, 1923, and a like amount on each April 1 and October 1 thereafter until the full amount is paid.

# At the Theaters

"The Man Hater," by Mary Brecht Pulver, published a short time ago in the Saturday Evening Post, will reach the Star theater in picture form tonight. Winifred Allen, Triangle's "bird girl," has the role of the sprightly young miss, the self-appointed mother of four youngsters, who has severed diplomatic relations with all men. Finally, in order to give the kiddies a home, she marries one of the enemy, but she tells him frankly that she hates him. How the big, clumsy fellow resorts to strategy in order to overcome this dislike provides the humorous situations of the sparkling comedy. Miss Allen is surrounded by some noted stage players, including Jack Meredith, Robert Vivian, Harry Neville, Jessie Shirley, Marguerite Gale and little Anna Lehr. The piece was directed by Albert Parker under the supervision of Allan Dwan.

When "His Brother's Wife" is shown on the screen at the Orpheus theater tonight, picture fans in this city will not only see Carlyle Blackwell, their favorite, but also see opposite him the most charming leading lady who has ever played and costarred with Mr. Blackwell in the person of Ethel Clayton, recently added to the World Film forces after several years the featured star of the Lubin forces.

# OUCH! LUMBAGO! RUB IT ON BACK

RUB AWAY ALL PAIN, SORENESS, STIFFNESS, BACKACHE, WITH "ST. JACOBS LINIMENT"

Ah! Pain is gone! Quickly!—Yes! Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Liniment."

Apply this soothing, penetrating oil directly upon the ache, and like magic relief comes. "St. Jacobs Liniment" conquers pain. It is a harmless, backache, lumbago and sciatica relief, which never disappoints, cannot injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Liniment" from your druggist now and get this lasting relief.—Adv.

# U. S. NAVAL TUG GOES DOWN

WASHINGTON, D. C., Feb. 28.—The U. S. naval tug Cherokee, which formerly belonged to the Luckenbach company, foundered yesterday off Fenwick Island lightship, twenty-two miles south of the Delaware capes.

The survivors are now being taken. It is believed there will be only ten of these out of a total crew of forty.

The regular Friday night dances at Shippington hall will be discontinued until further notice. 27-2t

More brains than metal are used in building this

# MAXWELL TRUCK

Brains are hard to find and come high, but they are the cheapest in the long run. In a great organization like the Maxwell Motor Company which, in four years, has done a business in excess of \$100,000,000, there are many great minds.

These great minds have found a way to make trucks stronger, yet lighter in weight (more thought and less metal went into the truck). These great minds have found ways to build them better, yet at less cost.

That's one reason why you can buy a Maxwell for \$400 less than any other truck of similar capacity in the world.

That's one reason why the Maxwell has a verdict of close to 100% perfect from its service record based on the 6600 Maxwell trucks now in use.
