German Auto to Cut Barbed Wire Entanglements Taken by French

This is only another illustration of how carefully the Germans prepare for the war. The auto with a steel frame running over it is used to cut barbed wire entanglements in "No Man's Land" where they interfere with assaults over the trenches by their troops. The parts of the steel frame are so sharpened that the cut wire quickly and leave way for the soldiers to follow without injury.

AUTOS PACKING BOOZE SEIZED AND SOLD

HERE IS AN IDEA THAT MIGHT BE EXTENDED TO OTHER POINTS. IF ADOPTED HERE MANY MACHINES WOULD SOON CHANGE HANDS.

DENVER, March 12.—Hereafter, the automobile in which is found liquor illicitly brought into the state through use of that automobile must suffer seizure and sale, as provided by the law concerning vehicles used in such transportation, city officials have announced. The announcement they said, is called forth by the fact that many automobiles "caught" by officers with cargoes of illicit liquor aboard turned out to be the property of friends of owners of the liquor, who "borrowed" them to bring in the intoxicant with the cognizance of their owners.
Thirteen cars now are under seizure by city officers in connection with liquor importations. It is expected they will be offered for sale soon.

At the Theaters

Manager Houston is jubilantly announcing the best photoplay "Douglas Fairbanks has yet appeared in, released by Artercraft, which will be presented at Star Theatre Friday. The picture is based upon original ideas of Fairbanks, which accounts for the rather odd title, "Reaching for the Moon."

Kathlyn Williams, known to all lovers of motion pictures, enacts what is perhaps the strongest character role of her noteworthy career in "The Vallants of Virginia," the Selig Red Seal Play to be shown tonight at the Temple Theatre. As Shirley Dandridge, Miss Williams seizes the opportunities offered to present a charming character study in which she rises to the top most heights of realistic emotionalism. Her acting will appeal to everyone. Her part is that of a Southern girl, ignorant of the past history of the Vallant, last of his race, her heart and her hand. Later torn betwixt loyalty to her mother and love for Vallant she resolves to sacrifice her love. How all the problems are finally solved and all wrongs righted are not the least interesting action in "The Vallants of Virginia."

Over two hundred Georgia "darkies" picking cotton in the fields on a plantation will be seen in "The Voice of Conscience," a Metro wonderplay, co-starring Francis X. Bushman and Beverly Bayne, which will be shown at the Orpheus Theatre tonight.
Edwin Carewe, director, took his company of leading players to the vicinity of Savannah, Georgia, for the staging of these plantation scenes. With the exception of three principal characters, who were obliged to show marked dramatic ability, all the colored people shown in the scenes were secured in the immediate vicinity. The leading colored players were Pauline Dempsey, who plays Aunt Jenny, Walter Broussard (Crazy Pete) and Anthony Byrd who plays Uncle Moss.
"The Hermitage," an old historic mansion, was used as the home of the heroine (Miss Bayne). This old dwelling which had fallen into de-

Dearest Public:

ADVANTAGE is something we are all looking for. If you have the ADVANTAGE of seeing a nice stock of jewelry and kindred lines at bargain prices you are benefited. The only ADVANTAGE we have over the other animals is we can convey our throats to each other by articulate sounds. It would be ADVANTAGEOUS to both horse and driver could they talk the situation over.

The ADVANTAGE of having your birthstone on is that you have luck. It would be of great advantage to the world if someone would remove the mind of that arch-villain, the Kaiser, permanently, dam him. The ADVANTAGE of being married is that nothing can be divided by two. What I am trying to impress on you is that it's to your ADVANTAGE to get our prices before you buy. McHATTON, at 605 Main st.

An Ideal Shoe FOR Stout Women

Aunt Polly's Out Size Shoes

Made extra large over in-step and around top. These shoes are made with a built-in arch support, which prevents the arch of the shoe from breaking down. The only shoe made that permits the stout woman or girl to get style--- this is an important factor in securing a perfect fit. Aunt Polly's Out Size last is constructed to make the feet appear small. The short vamp feature is especially pleasing as it helps secure that effect. Made in all sizes: 2 to 11; widths, AAA to EEE

THE BEST GOODS and THE BEST VALUES

That is what we are all looking for—good goods honestly priced. Klamath Falls storekeepers buy good goods. I know that from personal experience. In buying food, clothes, furniture, hardware and the innumerable other things a man buys from day to day, I find that the local merchants are fair in their treatment and in their prices, and that from the selfish motive of getting the most for my money it pays me to buy in Klamath Falls. Being a jeweler, of course, I must keep well informed about goods and their prices in the lines I sell. I buy the best manufactured and from responsible, established houses, which have the reputation of making good goods, and live up to that reputation—goods like Simmins chains, Waltham, Hamilton and Elgin watches; Clark cut glass, community silver. They are the best there are. These houses treat their customers right. I am able to buy right, and my prices are right. I give you the best goods and the best values. You can not send away from Klamath Falls and save money on jewelry, silverware, watches, and the other goods I sell. If you think I'm talking through his hat, come in and find out whether I am right or not.
