THE FIRST NATIONAL BANK

German's Indebtedness Thirty-One Billion

SAN FRANCISCO, April 4.—Germany's total indebtedness is \$31,000,000,000, which means that each one of her 68,000,000 inhabitants—men, women and children—is in debt \$456.

Here in America, with a population of 110,000,000, the total indebtedness is only \$6,000,000,000, or a per capita indebtedness of only \$57, about one-eighth that of the German citizen. This is shown in figures issued here by the Liberty Loan committee.

The United States can run out Liberty bond flotations up to \$50,000,000,000 before each one owes as much as every German owes today, it is declared.

The statement continues: "In other words, we can run this war at our present rate of expenditures for eight years before we are as bad off as the Germans are today. Don't be frightened at the money we are spending. We are not 'breaking' ourselves. We are spending very little of our national wealth. Buy bonds. If this war lasts for eight years Germany will be so badly broke that it can never be put together again."

ODD LOADS OF "DEAD WEIGHT" FOR INTERMENT

BAGDAD, March 3.—(Correspondence of the Associated Press)—Nothing in the land of strange things strikes the European visitor so strangely as the "corpse ship." It is a huge barge piled high with native corpses, many of them several years old, which are being carried down the river to rest in a cemetery near the whitened bones of the Prophet.

The bodies are piled on deck, packed tight in straw cases, in top of which the Arab attendants sit nonchalantly and play a native game resembling dominoes. Some of the corpses are comparatively new; others old. It all depends on how long it took the family of the deceased to save enough money to pay the cost of transportation.

At the Theaters

A jaunty cart may be most common in Ireland, but it's like looking for the proverbial needle in a haystack to find one on the Pacific Coast. This was discovered when Director Thomas N. Heffron called for one in the making of his latest Triangle picture, "The Sudden Gentleman," at the Star tonight. After days of futile search it was decided to make one, which was wrecked on the first trip by "Old Whitty," who ran away with it, and the production was held up until another could be made.

Harold Lockwood's forthcoming 7-act Metro wonderplay, "Paradise Garden," a screen version of the popular novel by George Gibbs, which will be seen at the Orpheus theater tonight and tomorrow night, arouses the question of whether it is wise to keep people in ignorance of the pitfalls that may beset them, or to warn and instruct them so that they may avoid dangers.

TAXES COMING IN FINE Taxes are coming in fine, George Humphrey, county sheriff, reports. He says they are coming in much better than last year.

DILATORY BUILDERS CENSURED

CHAIRMAN OF SHIPPING BOARD DEMANDS EXPLANATION FROM CONTRACTORS FOR TARDINESS IN TURNING OUT BOATS

WASHINGTON, D. C., April 4.—American shipbuilders have been called upon to explain why their output for March fell behind schedule.

Chairman Hurley of the shipping board and General Manager Pies of the Emergency Fleet corporation, telegraphed heads of all the yards in the United States, saying they were "keenly disappointed" in the tonnage delivered, and placing the responsibility of turning out ships squarely on the men in control of actual building operations.

"Keystone of present situation is management—leadership," the telegram said. "Money, material and men have been supplied without stint by the nation. The American people want ships, not excuses."

Suggestions were requested, and the officials said they wanted to know the fault lay with the Emergency Fleet corporation.

"Please don't over-estimate," the telegram urged, after asking for the prospects during April. It was said that the March estimate of 197,075 tons had been made on the promise of shipbuilders, who delivered only 168,700 tons.

EXPECT AUSTRIAN ATTACK ON ITALY, SAYS MAURICE

LONDON, April 4.—"There are indications that the Austrian attack on Italy is in preparation, and we shall not be surprised if it develops before long," says Major General Maurice, chief director of the military operations at the war office.

MEXICANS KILL STOCK MAN

MARATHON, Texas, April 4.—William Stiltwell, an Alpine cattleman, has been killed by Mexican bandits sixty miles south of here on the Rio Grande. No details have been given.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS!

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 5-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Advt.
