Says Germans Tied
Him to a Pole As
a War Prisoner

W. J. PRENDERGAST

W. J. Prendergast, whose mother
lives in Chicago, has just got out of
Germany after long being a prisoner
there, with the statement that he was
tied to a pole in a public place by
army officers and forced to remain
standing forty-eight hours at a time.
He said the food was placed in front
of the prisoners, and they remained
in the cold and rain with no protec-
tion while gaping crowds looked on.

ORINDALE NOTES

Farmers are very busy farming at
present, and are working unusually
short handed, but all the land is going
to be put in, in very good condition.

Blaine Whitlatch and Frank Sevits
spent Saturday night and Sunday on
the Keno rapids, fishing.

Gerald Hemilwright spent Satur-
day night and Sunday at home. He
is working for C. G. Hunt on the
Stansbie ranch.

Chester DeLap is very anxious for
his land to dry a little more, as he
has a Ford tractor, and is getting very
anxious to plow. Chester says he can
loan back on the cushions and plow.

The Round Lake and Long Lake
sawmills expect to start their summer
cuttings in a few days.

Joe Foster has finished his farm-
ing on the Mumford ranch, and has
returned to his home at Round Lake.

Frank McCornack called on the
Orindale people Saturday in behalf
of the Third Liberty Loan.

David Price hauled a load of seed
wheat for F. H. McCornack Sunday.

Mike Bossler had the misfortune
to get a slight kick by a horse a few
days ago, while working for C. G.
Hunt.

J. G. Warner has recovered from
his illness and has gone to Klamath
Falls to work this summer. He has
rented his land to Blaine Whitlatch.

Mr. Mumford has been helping
David Price harrow for a few days.

David Price drilled grain for T. E.
Cregan last Friday.

MIDLAND MEDDLINGS

The farmers are all hoping for a
good rain soon, as the ground is very
dry and they are ready to drill.

J. D. Hooper and Edgar Furber
have received their pumping outfits.

A large number of the Midland

people attended the dance given at
the Duke's barn and reported a good
time.

T. G. Young is the proud owner of
a Ford.

Edna Wells, county school superin-
tendent, visited the Midland school
Thursday and gave a very interesting
talk.

L. D. Lloyd and family have moved
over to the Jory place, east of Mid-
land, which they have rented for this
year.

HENLEY HAPPENINGS

A big patriotic rally will be held
Friday evening in the school house.
Noted speakers will address the audi-
ence and music will be furnished by
the Liberty Chorus. A beautiful silk
quilt, donated to the Red Cross by
Mrs. H. S. Newton, will be raffled.
Refreshments will be served. Every-
one is cordially invited to come and
bring their friends.

Mrs. James Henley Sr. has recent-
ly returned from an extended visit
with relations in California.

All the farmers are very busy with
their spring work. Some have already
seeded, while others are about to be-
gin.

Quite a crowd of young people from
Henley attended the Red Cross barn
dance, given by Mr. and Mrs. Sexton
at Miller Hill last Saturday night.
Everyone reports a delightful time.

The silk quilt to be raffled at the
rally Friday night is on display at
Baldwin's hardware store. Tickets
are on sale there at 50 cents each.

The regular meeting of the Henley
Parent-Teachers' Association will be
held next Thursday, instead of Fri-
day, in the Red Cross room.

ATTENTION—Big reduction sale
Friday and Saturday, April 12th
and 13th. One-fourth off on all goods
remaining from Jackson apartments.

Soldiers Publish Paper
In Midst of Fire Zone

Among other things which Ser-
geant Goodrich brings with him from
the front is a little publication en-
titled "The Listening Post." It is
published by the First Battalion of
the Canadian Volunteers, a battalion
which Sergeant Goodrich says has
never lost an inch of ground yet, and
has driven back the Huns when not
even protected with artillery fire.
Following are some of the extracts
from this paper, which is written,
edited and printed in the zone of
shell fire:

"Advice to New Arrivals"

"Avoid the vicinity of bursting
shells. They take the most unwar-
ranted liberties with your physique.

"If you have any particular phys-
ical feature of which you are proud,
such as an exceptionally symmetrical
shinbone, conceal it carefully from
enemy shrapnel. The alterations
might not suit you.

"Be absent from the neighborhood
of rifle grenades when they are on
the point of arriving. They are no
respectors of the king's uniform, and
khaki shows stains so easily.

Never use your clasp knife to pry
the nose off an unexploded shell. You
might break the blade and lose a
day's pay for destroying government
property.

"Have no dealings with the trench
mortar bomb. It doesn't advertise.

"The sigh of the nineteen-year-old
may be a most seductive sound, but show
your appreciation lying down. You
may suffer a nasty bruise if you
don't.

"When you hear the sweet soprano
notes of a traversing machine gun,
stop. Bullets enlarge the pores so.
"Refrain from an excessive curios-
ity as to the construction and propul-
sive power of an enemy bomb. You
might find out.

If an old-timer tells you to go out
and paint a listening post, hit him
with anything loose and handy.

"Be absent from the line of flight
of a bullet, if in the open; otherwise
ward off any familiarity with a thick
parapet.

"Don't look up at an overhead
Taube. The aviator might be chew-
ing tobacco.

"Don't look over the parapet to see

what the Germans are like. You can
smell the good ones.

"If you suspect any of your com-
rades of being a war poet, watch him
closely. If you catch him in the act
of writing a verse, slay him on sight.

Finally, if thru carelessness, ignor-
ance, absent-mindedness, inadvert-
ence or sheer bad luck, you should
happen to be hit, conceal your money
carefully in your sock before the
stretcher bearer has time to go thru
you; simulate semi-delirium, and
moan faintly, 'rum-rum!' You may
not get any, of course, but it's worth
the chance."

One of a Series of Informative Articles
on Dental Hygiene—No. 3Good Health
Demands
Good Teeth

"MORE physical de-
generacy can be
traced to neglect of the
teeth than to the use
of alcohol," says Dr.
William Oaker, the eminent
authorities. And Prof. Lewis
L. Taylor, in his treatise on
dentistry, "The Hygiene of the
Child," says that out of 20
million school children in this
country, 10 million are suf-
fering from some form of dental
decay, which undermines
their health and progress.

Decayed and neglected teeth
cause indigestion and mental
backwardness. Tooth troubles
may affect the heart, the eyes
and even the feet. All our fac-
ulties are weakened by dis-
eased teeth and a neglected
mouth. A decaying tooth
unpleasant as it may sound,
is a rotting bone in your
mouth. According to Arthur
Brisbane, the famous editorial
writer.

Decayed teeth or a neglected
mouth is not a joke. It is a
menace to your health.
There is no real ex-
cuse, except neglect and indif-
ference. Clean your teeth are
in order you can keep them
that way—for remember this
—decay can not start on a
clean tooth.

DULL AND SHARP
SHOOTING PAINS

Michigan Lady Suffered Such Pains
In Back and Head, But Says
Cardul Stopped These
Bad Spells.

Palmyra, Mich.—Mrs. Chas. T. Fu-
ler, of this place, writes: "In 1911 I
got run-down, and I suffered great
pain...with both dull and sharp
shooting pains...also back and head
I was weak and could only drag
around, and should have been in bed,
for I really wasn't able to be up. At
times I would have spells that would
be so bad I'd have to go to bed, and
suffered intensely....
I decided to try Cardul, and saw a
great improvement in less than a
month's time. I used 7 or 8 bottles
and was stronger...I got so much
better that my strength returned and
my work was easy for me. Cardul did
me a world of good. It built me up in
health and strength. I haven't had one
of those bad spells since. I haven't
had to take any more medicine since
or have any doctors either and have
been able to do my work right along
.... I recommend it to other women
highly as the best medicine I know
of for women who suffer from female
troubles."
If you suffer from female troubles,
follow this advice. Get a bottle of
Cardul today and give it a thorough
trial. It should help you, as it has
helped thousands of other women in
the past 40 years. At all drugstores.

LADIES DARKEN
YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND
SULPHUR RECIPE AND NO-
BODY WILL KNOW

The use of Sage and Sulphur for
restoring faded, gray hair to its nat-
ural color dates back to grandmoth-
er's time. She used it to keep her
hair beautifully dark, glossy and at-
tractive. Whenever her hair took on
that dull, faded or streaked appear-
ance, this simple mixture was ap-
plied with wonderful effect.

But brewing at home is messy and
out-of-date. Nowadays, by asking at
any drug store for a 50 cent bottle of
Wyeth's Sage and Sulphur Com-
pound, you will get this famous old
preparation, improved by the addi-
tion of other ingredients, which can
be depended upon to restore natural
color and beauty to the hair.

A well known downtown druggist
says it darkens the hair so natural-
ly and evenly that nobody can tell it
has been applied. You simply dampen
a sponge or soft brush with it,
and draw this through your hair, tak-
ing one strand at a time. By morn-
ing the gray hair disappears, and af-
ter another application or two, it be-
comes beautifully dark and glossy.
Wyeth's Sage and Sulphur Compound
is a delightful toilet requisite for
those who desire a more youthful ap-
pearance. It is not intended for the
cure, mitigation or prevention of dis-
ease.—Adv.
