

Klamath Boy Praises Work of the Women

G. M. Fountain, now at Camp Fremont, Calif., with the 319th Engineers, appreciates the work of the Women's Relief Corps of this town in writing to the different boys of the community, to know if they are provided with a sweater and comfort bag. Part of the letter from Mr. Fountain is as follows: "I have been away from Klamath nearly three years, but still call it home, and have a very warm spot in my heart for Klamath and Klamath people."

"I have a sweater, but no comfort bag, but I don't want you to go to any trouble for me. I sure would appreciate a comfort bag, tho, as they are mighty handy. I think it is wonderful the way the women of the country are sending things to the soldiers. They are sure putting us thru now, and from the talk that is going on in camp, it looks like we will leave here in a few weeks. Thanking you for your kindness, I remain,

"G. M. FOUNTAIN."

Klamath Liberty Loan Blue List

For the benefit of many of those who have already subscribed their entire quota for the Liberty bonds, and whose names have not yet appeared in the Herald lists, it is announced that the headquarters force is so rushed with the work devolved upon it that only a certain amount of the names can be tabulated each day for publication, and that while all the names will be given full publicity in the order in which they are received, it will take some time for them all to appear.

dull and heavy when they arise, splitting headaches, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices in the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a ronnounced crank on the subject of inside bathing before breakfast.—Adv.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive, and cannot injure; makes a delightful effervescent lithia water drink which every one should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.
