SUPREME JUDGE CANDIDATE IS WELL KNOWN HERE

Judge Percy R. Kelly, one of the candidates for the republican nomination for supreme judge in this state, is a brother of Mrs. C. C. Hogue of this city. Judge Kelly has been circuit judge for Linn and Marion counties for several years, and is well known to the legal fraternity here, as in two instances he exchanged places with

Judge Benson, each trying cases for the other which they could not hear because of legal association with the cases prior to their election as judges. Judge Kelly has the reputation of expediting legal business in his court as far as justice will permit. No one ever got rich merely by saving money. You must invest it. A good way to invest it is to buy War Savings and Thrift Stamps.

LOAN MEETING AT BONANZA ENTHUSIASTIC

(Continued from page 1)

"over the top," and how Klamath County was getting rid of the word can't. "The question of tonight," he said, is whether Lost River Precinct is going to be conspicuous by wearing a yellow button instead of the blue. I don't believe any other sections would like to fly the honor flag while Bonanza is missing.

Lieutenant R. B. Kuykendall told of the life at Camp Lewis, emphasizing the fact that the men were well fed and well cared for. "The boys are getting better medical attention than ever before," he said. Sergeant Goodridge gave a half hour talk, pointing out the unity of the two great English speaking countries, England and America, which, the under two flags, are really as one. Sergeant Goodridge stated that it would be the patriots who would run the country in the future. "I stand for the fighting battalion which never lost an inch of ground while fighting in France," said the Sergeant. "We are fighting against a foe that is ready to crush anyone who

will not yield to Prussianism. We are fighting against a race of barbarians." Mr. Ryan of Bend emphasized the fact that it was a war of self-defense that America and Germany could not live in the same world.

"All must get up on their toes and do his or her bit, or his and her bit. We are not yet alive to the fact that this war must not be permitted to go on longer than necessary. Unless we do our best we are prolonging the war."

Attorney Upton of Prineville was he disagreed with President Wilson when he said that we had no quarrel with the German people. "They must be exterminated off the face of the earth," he said.
