At the Star tonight Marguerite Clark will appear in her very latest Paramount picture, "The Seven Swans." This is Miss Clark's annual offering to kids of all ages, being nothing more or less than a whimsical, fantastic fairy tale adapted from one of Hans Anderson's by Director J. Searle Dawley. The excellent cast includes William Danforth, Augusta Anderson, Dairry Belmont and handsome Richard Barthelmess as the Prince Charming.

Baby Marie Osborne, the diminutive star, who has laid a pathway of good cheer around the world, has never before had such an opportunity for the portrayal of those delightful babyhood stories as is offered in "When Baby Forgot," produced by Laalida Films Inc., and to be a feature at the Temple Sunday and Monday. This story is by HARRISH INGRAHAM, the direction by Eugene Moore. Both are famous. The combination assures a perfect production and a delightful evening of entertainment. Also Hearst Pathe News, latest war pictures and current events.

The popular novel, "Man of Music Mountain," by Frank H. Spearman, which recently appeared in Everybody's Magazine, has been filmed by Director George Melford of Paramount and is to be shown at the Star tonight. As will be remembered, this is one of the most vivid and thrilling of modern Western dramas. The cast includes such well known players as Theodore Roberts, James Craven, Ann Little, Raymond Hatton, Henry Woodward and others.

Dr. C. J. Hexamer, president of the National German-American League, Kaiser Wilhelm said, according to LeQuex's book, "German Spies in England":

"Even now I rule supreme in the United States, where almost one-half of the population is either of German birth or of German descent, and where 3,000,000 German voters do my bidding at the presidential elections. No American administration could remain in power against the will of the German voters, who, thru that admirable organization, the German-American National League of the United States of America, control the destinies of the vast republic beyond the sea. If man ever was worthy of a high decoration at my hands it was Herr Dr. Hexamer, the president of the league, who may justly be termed to be, by my grace, the acting ruler of all the Germans in the United States."

The fact that the Kaiser considered Dr. Hexamer his vice regent came out in the senate fiduciary committee's investigation of the alliance under the resolution of Senator William H. King of Utah.

Germans Kill American Y.M.C.A. Woman Worker

MISS WINONA C. MARTIN

Miss Winona C. Martin, the first woman in the casualty list of the Y. M. C. A., died like a soldier. German air raiders killed her in Paris while she was on canteen duty for the Y. M. C. A. Miss Martin's home was at Rockville Center, R. I.

There are 200 women of Miss Martin's type in the Y. M. C. A. canteen service in France. They are there because the American soldiers asked for them. They wanted women sent over who would be mothers and sisters to them and keep them in mind of their mothers and sisters at home. Like Miss Martin, they may pay the supreme price. Men and women who serve in the Y. M. C. A. march to no beat of drums. They gain no Croix de Guerre. They both go and die without ostentation.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we would all practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-lack, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleaning, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to any one its cleansing, sweetening and refreshing effect upon the system.—Ad
