At the Theaters

One of the most forceful characters in "The Question," the Greater Vitagraph Blue Ribbon feature which will be the attraction at the Temple to night is a clergyman. The Rev. Nathaniel Wainwright is the pastor of the largest church in town and also is one of the city's leaders in the forces for reform. His daughter, Martha, deciding the greatest question that can come into a woman's life, renounces society and defies conventions by going to live, unmarried, with the man she loves. He is restrained from marrying her by a provision in the will of his tutor and patron, a scientist, who left him a fortune and a formulae on condition that he remain single until his work was finished.

In her latest Paramount photoplay, "Mrs. Dane's Defense," Pauline Frederick's portrayal of a woman hunted to the last stand, straining every nerve to hide the deceit of her life, and finally succumbing in a most human way, is a masterpiece, and entirely up to her usual high standard. "Mrs. Dane's Defense," which was adapted for the screen by Margaret Turnbull, the well known scenario writer, has been directed by Hugh Ford, who has directed Miss Frederick in many of her stage and screen productions. WASHINGTON, D. C., April 23.—The president has decided on a readjustment of the aircraft program, and a man not heretofore mentioned will be given full charge of the production.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure, for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleans, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder, and almost tasteless.—Adv.

LEMON JUICE IS SKIN WHITNER

CHEAP HOME MADE BEAUTY LOTION TO REMOVE TAN, FRECKLES, SALLOWNESS

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin whitener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice thru a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach a darkened skin and remove such blemishes as freckles, sallowness and tan and is the ideal skin beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to whiten rough, red hands.—Adv.

THE SOLUTION of the Farmer's Problem

To get desirable help and keep it the farmer has got to provide better living conditions. When he does this, he will find the biggest part of his help problem solved.

The first and most important step is to replace the old-fashioned, odorous and dangerous kerosene lamps and lanterns with modern electric lights.

Lalley Lighting and Power Plants

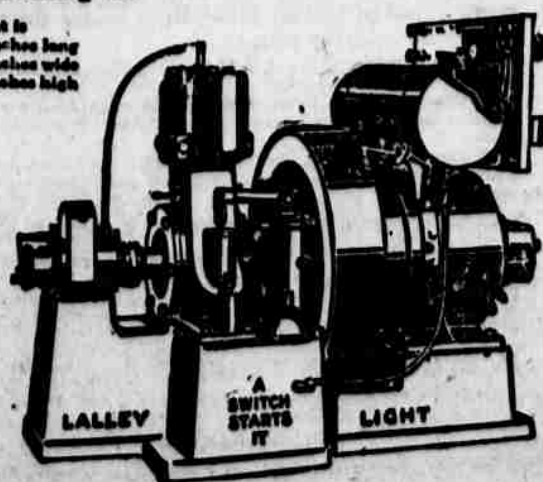

make it possible for the individual farmer to have his own, independent lighting and power system. The initial investment required is comparatively small, and the cost of operation and maintenance is less than it costs the average city man for his electric light.

With a Lalley Lighting and Power Plant, the farmer can light his home and his barn. He can operate his cream separator, his churn, his feed cutter, his buzz saw, his wife's sewing machine and other equipment which is subject to power operation.

He immediately changes living conditions. He makes home more attractive, more livable. He reduces fire danger and fire insurance. He takes a long and significant step forward in practical efficiency.

Progressive farmers and all people who do not now enjoy the advantages of electricity can get all the facts about Lalley Light, without obligation, by addressing us.
