Our Dollars are Called to the Colors

The Third Liberty Loan

Our terms of peace are written so clearly that all the world can see. There is no thought of conquest—only the demand of freemen that—for us and for all—the world shall be free.

The United States is to show the world that America, in Liberty's cause, responds more freely to each call for the sinews of war. And let us also show our country that Klamath Falls is in the forefront. Let each subscribe to a Third-issue Liberty Bond—the biggest one we can.

Without charge the services of this institution are extended.

Salts Fine for Aching Kidneys

We eat too much meat which clogs kidneys, then the back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only a trouble.—Adv.

Red Cross Gives To Armenian Relief

WASHINGTON, D. C., April 24.—According to reports received at the Northwestern Division of the American Red Cross, the war council has made provisions for monthly contributions to the American committee for Armenian and Syrian relief aggregating \$1,200,000 for the period ending July 1st. In February \$400,000 was appropriated to cover the months of February and March, and another \$400,000 has been made available to meet the payments for April and May. Conditions in Asia Minor described in reports just forwarded by the American committee for Armenian and Syrian relief are even more critical than at the time the first contribution was voted by the war council. The demobilization of the Russian armies in the Caucasus resulting in the Turkish advance has threatened the safety of the whole Armenian race. It is stated, however, that relief in Armenia now will have important results in addition to preserving its people, and it is further declared that cessation of Red Cross grants at this time would cause untold deaths.

This appropriation of \$1,200,000 is payable in monthly grants, and carries the proviso that not more than \$300,000 shall be supplied by the Red Cross during any one month.

GARAGES HAVE LARGE SALES LAST WEEK

CHEVROLETS AND FORDS AMONG POPULAR MAKES—AUTOMOBILE RECORD SHOWS KLAMATH PURCHASED 987 LICENSES AT FIRST OF YEAR

There were 987 automobile licenses purchased from Klamath County in January and February, according to the police department, which is now carefully studying the Automobile Record book, with which the city council has recently presented the department. Evidently the number has greatly

increased since that time, as even during the last week many automobiles have been sold, according to reports given by local garages.

The Central garage has sold the following automobiles during the past week: Owen C. Eble, "490" Chevrolet; Chas. T. Darley, "490" Chevrolet; Jesse Bailey, Baby Grand Chevrolet; J. H. Enright, "490" Chevrolet, and Harry J. Becker, "490" Chevrolet. Walter Dixon and Henry Gordon of Fort Klamath are also recent purchasers of Chevrolets.

The George Biehn garage has sold Fords to C. F. Snelling, Ira Orem, Jas. Calahan, M. M. Stanny and F. W. Seron, and an Elgin to J. M. Watkins Jr., during the past week. The Telford garage sold trailers to J. S. McClellan, Mr. Johnson and Bob Cheyne of Merrill last week.

William Duncan, master athlete, shows all his tricks in the third episode of "The Fighting Trail," the Greater Vitagraph outdoor serial which will be the feature at the Orpheus on Thursday. In this episode Mr. Duncan gives a splendid exhibition of rope climbing, broad jumping, boxing, wrestling and swimming, all of these qualities being called for by the action of the great melodrama in this one chapter.

MEHAFFEY GONE TO HARVARD

Lawrence Mehafeff, formerly with the First State and Savings bank here, left Saturday morning for Harvard, according to word received by his relatives. Mr. Mehafeff had charge of five other men who had experienced from three to six weeks in preliminary training at San Francisco. He was there one and a half days until he had passed a satisfactory examination to enter Harvard, where he will have several months training in radio work. Mrs. Mehafeff, who went down recently to join her husband, will remain at Berkeley indefinitely.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach liver kidney and bowels drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract before getting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment, and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver and bowels.—Adv.

SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.
