

HUNS ENDEAVOR TO CAPTURE YPRES

BIG ATTACK IS LAUNCHED TODAY UPON WEST FRONT

ACTIVITY REPORTED ALONG FIFTEEN MILE FRONT—HEAVY BOMBARDMENT FOR HOURS. BRITISH SIGNAL FOR ARTILLERY AID

ATTACKS OF YESTERDAY NEAR KEMMEL HILL REPULSED—THE BRITISH RECAPTURE POINT LOST LAST WEEK

LONDON, April 29.—German infantry commenced an attack this morning between Meteren and Voormezelle to the southwest of Ypres.

The Germans opened a heavy bombardment with high explosive shells and gas before launching the attack.

The British troops around Ypres several times after dawn this morning sent up S. O. S. signals for artillery support, according to a Reuters correspondent.

Tremendous German bombardments point to a certainty of the German attempt to advance.

The enemy's attack yesterday near Loere, west of Kemmel, was repulsed. The British last night recaptured a post near Festubert, north of Givency that was taken by the Germans last week.

WITH THE BRITISH ARMY, April 29.—The Fourth German army this morning attacked the allied front in Flanders. The prisoners captured have admitted that the German intention is to capture Ypres. There is severe fighting reported both on the French and British areas. The attack extends over a front of about fifteen miles. The Belgians on the Yser front have also been attacked. There is an intense bombardment progressing from Labasse southward and from Vimy to Lens.

PARIS, April 29.—The German attacks around Hangard wood before Amiens, have been checked by the French.

TWO MEN ARE INDICTED FOR MURDER

GRAND JURY NAMES TWO MEN IN JOINT INDICTMENT FOR MURDER OF CAPITALIST AND SHEEPMAN IN EAST KLAMATH

William Holbrook and J. E. Paddock were named in a joint indictment for the murder of O. T. McKendree, in a report handed in by the grand jury last Saturday night.

This follows the killing of the prominent sheepman at Dry Prairie on Saturday, April 21st, in a dispute over range for their respective bands of sheep.

Both men indicted are now held in custody here, Paddock being in the county jail and Holbrook in the city jail. It was brought out at the inquest that Holbrook did the shooting.

This case when brought to trial will probably cause more interest than any held in Klamath County for a long period.

ANNUAL STAG OF B. P. O. E. ON THURSDAY

PROGRAM COMMITTEE HAS ARRANGED BIG SURPRISES FOR BIG GATHERING—ALL ELKS IN THIS DISTRICT TO BE PRESENT

A season of pure unadulterated joy is being arranged for Thursday night, when the B. P. O. Elks of Klamath Falls will stage their annual stag gathering at the Temple.

The exact nature of the program is being kept mum by the committee of C. H. Underwood, E. B. Hall, W. O. Smith and E. H. Jefferson, but when this combination is given license to perpetuate stunts for their fraternal brothers, it is safe to predict that the evening will be long remembered. Initiation and second degree work are to be features of the occasion. Every Elk within call is expected to be present on this joyous occasion.

LARGE SHEEP BUSINESS TO BE CONTINUED

PROFIT SHARING BUSINESS CONDUCTED BY TYRON & MCKENDREE WILL BE RUN ON ORIGINAL POLICY

That the Tyron & McKendree sheep and wool business in Klamath County will be continued, and that the cooperative philanthropic policies put into effect by the late O. T. McKendree will be pursued as far as possible in every respect, is the announcement made at the local office by Mrs. McKendree, who will now assume control here.

While not in the least inclined to general socialistic principles, Mr. McKendree was a firm believer in the idea that the employee in any industry should be made to share in the profits of the business, and to this end he divided the business here into seven parts. In each of these he entered into partnership arrangements with different men who wished to enter the sheep business, but lacked capital to do so. The firm of Tyron & McKendree furnished the bands of sheep in each case, made a stock company, and retained 75 per cent of the capital, retaining the other 25 per cent to their partners, in addition to a stipulated salary for their services.

This plan has worked out on a profitable basis for all concerned, and his generous policy is believed to be one of the reasons why the business associates of the deceased man mourned his passing so deeply.

C. D. McArthur, a well known Lake County stockman, has been secured by Mrs. McKendree to assist in looking after the business.

HUNS START A GENERAL ONSLAUGHT

CRUCIAL TEST OF ALLIES POWER ON SALIENT SOUTHWEST OF YPRES BELIEVED NOW BEING MADE—RUSS REVOLUTION STORY UNFOUNDED

Summary by Associated Press

The Germans have begun today what seems to be a general assault on the British hill positions on the Kemmel front southwest of Ypres, opening a new phase of the Flanders drive. It is apparently a crucial test of the allied holding power in this area.

The enemy has evidently been trying to drive in beside the Ypres salient and break up the orderly withdrawal of the British from their positions on that salient, which they have been evacuating.

Petrograd and Moscow dispatches dated last Tuesday give no indication of the reported revolt on behalf of the former Grand Duke Alexia.

It was declared in reports received thru Finland yesterday that a counter revolution had broken out in Petrograd, and that the former Grand Duke Alexia Nickollevitch had been proclaimed emperor.

STRAHORN SEES NEED OF BETTER HIGHWAYS

RAILROAD BUILDER, HERE ON SHORT VISIT, SAYS NOW IS THE TIME TO BE LAYING PLANS TO SECURE TOURIST TRAFFIC

NEW MUNICIPAL LINE WILL BE IN OPERATION AT EARLY DATE. PROGRESS HANDICAPPED BY INABILITY TO SECURE LABOR

Mr. and Mrs. Robert E. Strahorn, who are at the White Pelican hotel for a short visit en route from California to their business home and headquarters here, have much to say about the constantly increasing importance of making up our great interior with the north and south, not only by rail, but by a good all-the-year highway as well.

"As I have frequently observed in the past," said Mr. Strahorn, "a new thru rail route east of the Cascade mountains, connecting the great railway systems and the large cities of the Columbia River Basin and Puget Sound territory, with the like great railway systems and centers of population in California, becomes a more imperative necessity.

"Developments of every nature in the vast and rich territory involved and the requirement of such a railway connection by the existing systems, as well as by the 5,000,000 of people in our three Coast States 'so particularly interested, appeal more and more loudly daily for the completion of this enterprise. While the war, which makes its promised facilities all the more urgent, will probably delay it for a year, nothing can defeat it ultimately.

"As for any assistance from the government, I regret to say that the prospect still remains very slim. I have information direct from Secretary McAdoo's office discouraging any such expectations. I am advised that the raid on the treasury is nothing short of an avalanche from the thousands of railways and other enterprises, more or less deserving, in all parts of the country. The program continues to confine expenditures closely to assistance of war industries, manufacture of munitions and war equipment, and projects absolutely and immediately necessary to the prosecution of the war.

"Our project is not yet considered a part of the government railway system. Investigations of all such branch lines are under way, and the advice of
