Mr. and Mrs. George H. Kent of Reno, Nev., arrived Saturday night, and are guests at the White Pelican hotel.

W. T. Elliott, a farmer of the Pine Grove section, was among the county seat business visitors Saturday afternoon.

James Pelton, a prominent resident of the Fort Klamath District, has returned to his home after several days here as a member of the grand jury.

D. O. Williams has arrived by auto from Portland. He reports that the roads are in the best condition most of the way down. He came down the Pacific Highway and in via Ager.

J. M. Bedford, who has charge of the timber of the Klamath Indian reservation, was a week end visitor in Klamath Falls. He reports that the recent fire at the Klamath Agency saw mill is not believed incendiary, as first reported, but is thought to have started from a spark from the engine. The mill had been in operation that afternoon.

Sherman Defined War Long After Conflict

SEATTLE, Wash., April 29.—General Sherman's famous statement, "War is hell," was not made during the heat of conflict between the North and South, but nearly twenty years later, according to Rev. Thomas Ewing Sherman, a son of the general, who has been visiting here. Before the battle of Atlanta, Rev. Sherman says, the general asserted that "war is barbarism, and cannot be refined." In the early '70's, while addressing students at the Michigan Military Academy, he gave utterance to the cryptic phrase that was revived when the present world conflict began. "My father characterized war as he did in order to discourage militarism in the students at the academy," Rev.

Sherman says. "This does not mean that he did not believe in preparedness, because he was a soldier, and nothing else, and firmly believed that the nation should always be ready for scientific warfare. But it was militarism of the kind that characterizes Germany that he decried. "He declared that "war was barbarism, and cannot be refined," and yet he furnished transportation from Atlanta for all non-combatants before attacking the city."

UNIQUE WAY OF SELLING W.S. STAMPS

ARIZONA MARSHAL DESERVES PRIZE FOR MOST ORIGINAL METHODS OF WAR SAVING STAMPS SALESMANSHIP

NOGALES, Ariz., April 29.—Fines for violation of traffic laws, with the receipts therefor given in thrift stamps is a feature of traffic education and thrift stamp campaigning here.

The town marshal recently took his stand on a corner, where the traffic is heavy, and began to halt drivers of automobiles and other vehicles, whenever he detected a violation of traffic ordinance. Given the ordinary traffic ordinance and the ordinary motorist, the marshal said, he could always find something to "hang on them," and his theory proved correct.

As every technical violator drove up the marshal brought him to a halt, assessed a fine, told the offender that the fine should be paid on the spot—and then offered thrift stamps in the amount of the fine by way of a receipt.

The plan worked, as the marshal turned in \$216 to the thrift stamp committee after spending only a few hours at his task.

No one ever got rich merely by saving money. You must invest it. A good way to invest it is to buy War Savings and Thrift Stamps.

SLACKER BANK LOSES CHARTER

PURCHASED ONLY \$200 WORTH OF LIBERTY BONDS AND HAS ITS CHARTER REVOKED—NAME NOT YET MADE KNOWN

Because the applicants for a bank charter in a Western state, the name of which was not made known, had purchased only \$200 worth of Liberty bonds in the first and second issues, the authority for the organization of the bank was revoked. The action took place last week, and the information was received here.

The applicants for the bank were reported to be men of means, several of them claiming to be worth a quarter of a million or more, and it was found that several of them had made no subscriptions to the loan whatever. Their aggregate subscriptions to the Red Cross was only \$149.

BIG CATTLE HERD COMING

According to the Alturas Plain Dealer, Ed Ivory will leave that place the first of this week with 1,600 cattle, which he will bring for pasture on the Klamath Indian reservation. About ten men will drive the band thru.

EASY TO DARKEN YOUR GRAY HAIR!

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite, and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv

Happy American Warriors in France

These cheerful Americans have just returned from the first line trenches, where they have been under fire of the boos, to the mess house for their dinner. Neither the poor facilities for eating nor the guns of the Germans are a rob them of their cheerfulness, it would seem.

Actress Held as Spy

Mlle. Suzy Depsy.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is a guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day becomes food for the millions of bacteria which infests the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

Extra Good Values In Diamonds

If we had to go out on the market today and duplicate our stock of diamonds, we would have to pay considerably more for them, and sell them at higher prices. The diamond supply is controlled by a gigantic monopoly, which frankly declares it will continually raise prices and never decrease them. It has been doing that for more than twenty years.

All our stones are of highly desirable quality and color, and each one is a splendid value. A large number prices at \$25 to \$50 to \$75 to \$100 Others up to \$250
