Harvester Corporation Shows Big Profits

CHICAGO, May 2.—According to official announcement made tonight, the annual report of the International Harvester company of New Jersey shows Governor Sam V. Stewart, chairman taxes, interest, depreciation, extinguishments and reserves, of \$14,000,000, or 11 per cent on the actual working capital employed, which was \$125,000,000, including surplus retained and used in the business. Nearly half of these profits resulted from the operations of the company's steel properties, which shared in the abnormal prosperity of the steel industry. About 60 per cent of its steel output was sold in the general market.

Montana Will Not Fool With Traitors

HELENA, May 2.—What is considered in this region to be the most sweeping order yet issued by a state council of defense, became effective in Montana this morning.

The order abolishes the use of the German language in pulpits and in public and private schools. German text books have been ordered out of the schools and public libraries. Other specified books have been placed under the ban.

Every man in Montana who is physical able, must find work. He must keep busy at least five days a week—no matter whether he is a millionaire or a pauper.

People who refuse to work will be arrested and charged with vagrancy.

Wounded In Trench, Now In Home Hospital

This is believed to be the first photograph published of a returned wounded soldier from the trenches in France. The photograph was taken in a United States General Hospital No. 2, at Fort McHenry, Md., the other day. The name of the soldier is not given, but he was mighty glad to be cared for among his own people.

United States Senator CHARLES L. McNARY

Because United States Senator Charles L. McNary made good he should be nominated to succeed himself in the republican primary, May 17.

From the day he became senator he has loyally championed the prosecution of the war, and during his term

of office has accomplished more for Oregon than any other member in congress in a like period.

Among his colleagues he is known as "the man on the job," and during the present war crisis Oregon should consider itself fortunate in having an opportunity to return him, and not be compelled to send to Washington a new, untrained man.

Believing that the supreme obligation he owes his country is to help win the war, Senator McNary, instead of returning to his state to conduct a political campaign, is at his post in Washington working for Oregon and aiding in the prosecution of the war.

Always since entering the senate he has been a friend of our soldiers and sailors, and has introduced legislation giving them preferential homestead rights and repeatedly championed their cause when their welfare was in jeopardy.

Championing the cause of the Oregon farmers, Senator McNary procured for them a primary wheat market, saving thereby several million dollars to the wheat growers of the Northwest.

Realizing the present food control law fails to fix prices for many commodities, Senator McNary has introduced, and is laboring for the passage of a bill, striking at profiteering, and fixing prices on the necessities of life.

Senator McNary has procured: Government contracts for the first time in the State's history for Oregon products, such as prunes, dehydrated potatoes and vegetables in large quantities;

Large government contracts for army clothing and shipbuilding yards; Favorable action by the senate committee on irrigation on a bill providing for the government marketing of district irrigation bonds, thereby supplying funds for irrigation projects;

Favorable action from same committee on a bill authorizing the secretary of the interior to accept irrigation or drainage district bonds and exchange them with the secretary of the treasury for certificates of indebtedness, thereby providing funds for legitimate products.

Senator McNary is working: For prompt payments of allotments to dependent relatives of our soldiers and sailors;

For the construction of a coast military highway at government expense; A comprehensive plan for the utilization of the water resources of Oregon;

An appropriation of \$500,000 for the purchase of farm implements and stock for the Klamath Indians.

Senator McNary was born on a farm in Oregon; reared in the Baptist church; educated in the public schools; worked his way thru Stanford University; is a lawyer and farmer, and has been a life-long republican. He was formerly a justice of the Supreme Court, and later chairman of the state republican central committee.

Space forbids further enumeration of the vast amount of work Senator McNary has done for Oregon, but any one will realize from the foregoing the senator has displayed truly remarkable ability, coupled with extraordinary diligence and energy. His native state can best show its appreciation of his faithful and efficient services by nominating and electing.

Thomas B. Kay, State Treasurer; B. W. Sleeman, Business Representative of District Council of Carpenters; Mrs. Geo. W. McMath, President of Co-Operative League; Thomas T. McBride, Chief Justice of Oregon Supreme Court; T. B. Neuhausen, Vice Chairman Hughes Campaign Committee. (Paid Adv. by T. B. Neuhausen)
