

Educational Alliance Is Now Being Planned

NEW YORK, May 7.—Establishment of an international education alliance to bind closer together the United States and the nations of South and Central America is one of the objects of a project backed by Mayor John F. Hylan of this city and President Mario G. Menocal of Cuba.

The plan contemplates the teaching of Spanish in the schools of New York and ultimately throughout the nation, and the teaching of English in the schools of Cuba and Central and South American countries.

Mayor Hylan is making public details of the plan, and said it contem-

plated a Pan-American Educational convention to be held in Havana next fall, to which President Menocal has invited the heads of universities in North, South and Central America.

Interchange of students between the universities of North America with those of Latin-America, so that young men may take post graduate courses and learn the Spanish language and customs of the countries is another feature, it was stated. It is hoped to secure the co-operation of the state department in arranging courses of study for young Americans in Latin-American countries to fit them for the diplomatic and consular services.

Klamath Liberty Loan Blue List

Employees of the Klamath Manufacturing company have responded in a splendid manner in meeting their quota for the Third Liberty loan. The president of the company, Robert A. Johnson, who is now in France as a major in the Twentieth Engineers, will no doubt be much gratified in learning that his manufacturing establishment has won a Liberty Loan flag, and that the employees have scored nearly 150 per cent in meeting their quota. The names of the individual subscribers who co-operated in this undertaking are:

Noted Actress Improves After Blood Transfusion

NEW YORK, May 7.—Anna Held, who is very ill with anaemia, underwent an operation for the transfusion

of blood from a motor truck driver, who volunteered to make the sacrifice. Immediate good effects from the operation are reported.

Lalley Light Has Revolutionized Country Life in America

The kerosene lamp and lantern, and the manually operated churn, cream separator and like equipment are quickly becoming relics of the past in farm and rural life. The farmer has learned that his efficiency, his success, his earning capacity, and his ability to get and hold desirable help depend upon his adoption of modern methods. Today he can have his own Lalley Lighting and Power plant and he can develop his own electric light for his home and his out buildings at lower cost than his city brother pays, and he can develop his own power to do many of the things he has formerly had to do by hand. The initial investment required to instal the plant is insignificant as compared to its advantages and its actual producing value. In every rural community where Lalley Light has been offered the public, sales have been very heavy. Thousands of plants are in successful operation in eastern and middle western states. The demand here on the Pacific Coast, when the farmers and ruralites understand and appreciate the advantages of Lalley Light, should, and we believe will, exceed our factory allotment.

Lalley Light is ideal for Mountain Resorts, Country Homes, General Stores, Meeting Halls, and Schools, for Churches, Lodge Rooms, Public Buildings, Mining Properties, Construction Camps.

Full and free information about Lalley Light will be promptly and gladly given to anyone who is interested.

Dealers Attention!
We want a live, aggressive dealer for Lalley Light in this territory. The opportunity is exceptional. Automobile Dealers, hardware dealers, implement dealers, electrical dealers and others can use their present organizations.
Write us stating what territory you could cover intensively

DULL, SPLITTING, SICK HEADACHE

Dr. James' Headache Powders relieve at once—10 cents a package.

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and distress vanishes. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons, and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acaniline, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to rush out the stomach, liver and bowels every morning, never have any headache or know a miserable moment.—Adv.

The result of ONE application astonished her. A small bottle of Lavoptik is guaranteed to benefit EVERY CASE weak, strained or inflamed eyes. ONE WASH will startle with its quick results. Aluminum eye cup FREE.—Whitman Drug Co.—Adv.

SAGE TEA TURNS GRAY HAIR DARK

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

LEGAL NOTICES
