Rev. E. P. Lawrence of the First Presbyterian church will fill the pulpit in the evening at 8 o'clock. Special music in the evening.

A cordial welcome awaits you. Come.

Society Events of the Week

A very interesting meeting of the Woman's Missionary Society of the Christian church was held at the home of Mrs. Bainter Thursday afternoon. The topic was "The Immigrant and Efforts in His Behalf."

Mrs. Rose Thomas and Mrs. Freda Taylor led the meeting. A map of the United States was used, showing where the board of missions are ministering to these foreigners.

Mrs. R. H. Dunbar gave an interesting talk entitled, "The Immigrant Women; Our Charge." Mrs. Bainter read a paper on the subject "The Foreigner in Our Midst," and Mrs. Seehorn told of Mexico and work among the Mexicans. Each member answered the roll call by reading a clipping on immigrant work.

Musical numbers by Mrs. Matt Smith and Mrs. J. L. Beckley were enjoyed. The following ladies were present: Mesdames W. E. Seehorn, Clara Moore, Ray Sanderson, Jack Hales, Rosa Thomas, D. Shidler, J. T. McCullom, M. L. Miller, R. K. Dunbar, C. C. Mitchell, M. S. Taylor, E. Bice, Sam Miller, Matt Smith, J. L. Beckley and Mrs. Bainter.

The new 1918 policies of the Travelers are up-to-date in every way, and they cost less than others. See Chilcote.

No one ever got rich merely by saving money. You must invest it. A good way to invest it is to buy War Savings and Thrift Stamps.

The Young People's Federation of the different churches of the city will hold a meeting tomorrow night at 7 o'clock at the Methodist church. A special musical program has been arranged, and all members of the Federation are urged to be present. Miss Rachel Applegate will lead the meeting.

The Third Liberty Loan drive is over, but the War and Thrift Stamp drive lasts the whole year. Ask Chilcote about them.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv

These are days when the sagacious person is cutting out all forms of waste in his shop and in his home.

No doubt a condition that has sent thousands to see the new Chalmers with its two great devices that Hooverize gas.

One of them is the now noted Hot Spot, which cracks up and heats up the raw gas into a cooked condition for wonderful power results.

The other is the Ram's-Horn Manifold, which of the two is probably an even greater device.

For it takes the gas vapor from the Hot Spot and carries it 14 inches equi-distant to each cylinder without sharp turns, angles or pockets where the vapor might lodge.

So that at the moment of sparking, the gas is (like the charge in a large projectile) ready for 100% results.

There's so little that comes out of the exhaust in the form of unburned gas as to be negligible.

All the power goes into the crank-shaft and out of the rear wheels.

And such a soft, luring power that it casts a spell of intense satisfaction the moment your foot touches the accelerator.

Beach's 'Auction Block' Tremendous Punch Play**At the Star Theater Sunday. Film Produced Under Personal Supervision of Famous Author Has Message for Every Girl in America**

Rex Beach's greatest novel, "The Auction Block," has been brought to the screen. Picturized under the direct supervision of the famous author and released thru Goldwin, this stirring life drama of a million girls in America's big cities and small towns comes to the Star theater Sunday and Monday.

"The Auction Block" will grip and hold you from the first moment to the last. The life action which has made

Rex Beach's novels loved wherever books are known fills every reel, there is a "punch" in every scene. Among the more stirring moments are a fight in a New York gambling house aided by the police; the overturning of a great pot of molten steel in a Pittsburgh mill; and the engulfing of a score of workmen; the lavish banquet given by the steel millionaire at which the "souvenir" for the young women guests are golden meshbags, and so on almost without number.

They're Deadly Foes to Gas Waste—the Chalmers Hot Spot and Ram's-Horn Manifold

These are days when the sagacious person is cutting out all forms of waste in his shop and in his home.

No doubt a condition that has sent thousands to see the new Chalmers with its two great devices that Hooverize gas.

One of them is the now noted Hot Spot, which cracks up and heats up the raw gas into a cooked condition for wonderful power results.
