EASY TO DARKEN

YOUR GRAY HAIR

YOU CAN BRING BACK COLOR AND LUSTRE WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called Wyeth's Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite, and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv

British General's Son of 19 Goes Back to the Front

Lieut. CYRIL J. WHITE, A.D.C.

Lieutenant Cyril J. White, the 19-year-old son of Brigadier General W. A. White, in command of the British and Canadian recruiting mission in the United States, who has been here for some time on leave, has decided to go back to the front. He will rejoin the British field artillery, and he hopes to get under fire just as soon as he can reach France.

"BEAST OF BERLIN"

Face to face with the kaiser, the patrons of the Star theater will find themselves on tomorrow night, and they will see more vividly than ever before the ruthless workings of the insane imperialism with which our boys are battling at this moment in France.

"It will stir the people as greatly as the war itself has stirred them," declared M. N. Dana, of the Liberty Loan committee in Portland, when he attended a private viewing at the film exchange.

Rupert Julian takes the role of the kaiser—a role no other actor was willing to attempt, and his performance is a masterpiece. Star Theater, Tuesday and Wednesday. 11

At the Theaters

Another example of a play that does not depend upon a star for its popularity appears in Rex Beach's great photoplay, "The Auction Block," which comes to the Star tonight. There are no stars in "The Auction Block," although there doubtless are many in the making, for it is said that there are few more striking examples of histrionic ability than those which appear in this action.

At the Temple theater tonight Fannie Ward, the popular exponent of "young thinking," as she calls it, will appear in "On the Level," in which she gives a remarkable vivid portrayal of the life of a girl, from barefooted shepherdess days, thru scenes that are intense in their reality in Western dance halls and sanches, to a mature womanhood of wealth and luxury.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.

Oregon Crop Outlook Is Reported Favorable

PORTLAND, May 13.—Conditions for farm work were very favorable throught the month of April in Oregon, and spring plowing and seeding were more advanced than usual for the end of April, according to the May crop report of F. L. Kent, field agent here for the bureau of crop estimates of the United States Department of Agriculture. Rainfall during April was very light, and all spring sown crops were in need of a good rain at the time the May report was compiled, May 8th. "Temperatures were below normal for the month as a whole," says the report. "Killing frosts during the early part of the month caused much injury to early peaches, cherries and prunes. During the latter part of the month pears were reported as having been damaged by frost in the Rogue River Valley. Conditions for fruit pollina-

tion have been favorable. "The winter wheat crop all over the state shows most excellent prospects. Growers in some localities say that the stand is too thick for proper maturing of the crop under usual conditions. Should summer rainfall similar to that of 1916 prevail during the present season, Oregon will harvest a wonderful winter wheat crop.

"Spring wheat makes a very excellent showing in many localities, but is generally in need of rain, particularly in the central and eastern portions of the state. There has been quite a lot of spring seeding on early plowing in the summer fallow wheat sections. Such fields must have considerable rainfall during the growing season to insure a profitable crop.

"The condition of winter wheat over the United States as a whole advanced during April from 78.6 per cent to 86.4 per cent, indicating an increase in production over the April 1st estimate of 12,539,000 bushels. In Kansas, the largest winter wheat producing state, condition advanced from 67 per cent to 84 per cent in a month, indicating a crop for the state of 96,104,000 bushels."

Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then

act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only a trouble.—Adv.

This "Blue Devil" Not Sorry He Came Here

MISS RUTH SCHULTZ EDOUARD DELBUI

Edouard Delbui, one of the fifty "blue devils" sent by France to show the American people why they should subscribe for the Liberty Loan, is not sorry he came to the United States. This photograph was taken at the headquar-

ters of the Liberty Loan campaign in New York City, and Miss Ruth Schultz, one of the workers there, found it impossible to restrain her admiration for him. She borrowed his steel helmet for the picture.

A Good Man to Work For Is a Good Man to Vote For

A SLOGAN chosen by the many men who have worked for

L. J. SIMPSON

Your Kind of a Man for Governor

The highest possible endorsement. The most rigid test that his policies, practiced over a period of twenty years, are Sound, Just and Efficient.

The Best Possible Proof that his pledges to the citizens of Oregon are not mere "words," but "Words Backed by Works."

Those who know him believe in him, believe in his ability, believe in his policies. They know he will give Oregon a clean, impartial, business like administration. They know it to be true, Absolutely.

WHY?

In nineteen years he has employed 21,000 men. He has always paid good wages. He never had a strike or a personal injury suit. He built many homes "on time," never foreclosed a mortgage or sued on a promissory note. He has helped many laboring men to acquire their homes, their business and their livelihood. These workers who know him best have endorsed him to a man, have adopted the above slogan, and that's "WHY" he is "Your kind of a man for Governor."

Ralph E. Williams

REPUBLICAN

Candidate for National Committeeman

Ralph E. Williams of Portland, native son of Oregon, and present republican national committeeman, is a candidate for renomination and election. All Oregon knows that Mr. Williams was the chief factor in bringing about the reunion of the republican and progressive parties in the state in 1916, resulting in Oregon being the only state in the West to cast its electoral vote for Hughes. That Mr. Williams' splendid work in harmonizing the various elements of the republican and progressive parties is also recognized nationally, is attested by strong letters of endorsement, written by William E. Wilcox, retiring chairman of the Republican National committee; George W. Perkins, chairman of the executive committee of the progressive party, and Will H. Hays, recently elected chairman of the republican National committee. These letters refer not only to the state and national campaign of 1916, but also to the recent meeting of the Republican National committee at St. Louis, where Mr. Williams' activities materially aided in establishing the spirit of co-operation and harmony which now prevails in the party throught the United States.

A descendant of Oregon pioneer stock, his parents having crossed the plains to Oregon in 1845, Ralph Williams' Americanism has found abundant expression since the outbreak of the war by participation in all patriotic war activities.

As is generally known, seniority in service gives prestige and influence on the Republican National committee in the same measure as on congressional committees. At the present time he is ranked as to seniority on the national committee by two members only. This puts Mr. Williams in a position of power and distinction such as no new member of the committee could hope to attain.

His re-election will insure to the state of Oregon all the added benefits which will naturally accrue from his increased standing.
