NUMBER 198 WINS ROOSTER

The holder of ticket No. 198 is the lucky person who won the rooster at the Woman's Relief Corps raffle Saturday night at the Star theater. The drawing was conducted by E. B. Hall. An alternate number, which proved to be 121, was also drawn, in case no one came forward with the first choice.

The winner has proved to be Mrs. Achuff, who operates a millinery store on Main street, near Fifth. After the expenses of the affair were settled, \$25 was turned over to the treasury of the Woman's Relief Corps and \$10 in Thrift Stamps given to the children for selling tickets. The rooster was donated by Mrs. C. K. Brandenburg.

The Third Liberty Loan drive is over, but the War and Thrift Stamp drive lasts the whole year. Ask Chilcote about them.

IT'S UP TO YOU

R. N. Stanfield

Republican for United States Senator

Robert N. Stanfield's nomination for United States Senator in the Republican Primaries, May 17, will mean two things—

First—The belief of the people of Oregon that this state has not received the recognition at Washington to which it is entitled, and that there is a demand for a square deal.

Second—The republicans do not want the democratic boss to dictate in the republican primaries, and that the republicans prefer Stanfield, a 100 per cent republican, rather than a 50-50 demo-rep., dominated by the democratic boss.

Do you want a wide-awake, energetic man with initiative and red blood to be a senator, or do you want a "man asleep on the job," who introduces bills and permits them to sleep in committees?

A man who knows Oregon and its needs and who has the force and confidence to demand results will quickly make his mark at Washington, and thru him Oregon will receive the recognition so long denied this state. Such a man is Robert N. Stanfield.

S. B. Huston, in withdrawing from the senatorial contest, made the following statement:

"I have a very strong conviction that Oregon has been discriminated against by the national government in many ways. Mr. Stanfield shares this feeling, and promises, if elected, to correct it as far as lies in his power to do so. Senator McNary denies that any such discrimination exists. He was quoted in a dispatch as saying that he 'took no stock in the statement that there has been discrimination against Oregon.' Of course, if he believes there has been no such discrimination he will make no effort to remove it."

What has Oregon received except such business as had to come here because material could not be furnished elsewhere?

Oregon furnishes spruce, but the airplanes are not manufactured here.

Oregon received a few contracts for wooden ships, because the timber is here, but look at the wooden ships contracts that went to the South and the Atlantic Coast! And for many of these Southern ships Oregon had to be drawn on for large timbers.

More than 20,000 Oregon boys are in the service, but they all were sent to cantonments in other states for training.

Oregon responded quickly to appeals for food conservation, but the wheat growers of Oregon were penalized 20 cents a bushel for living in this state.

Many other instances could be cited, showing that Oregon has been discriminated against, but McNary says that he takes no stock in the statement that Oregon has been discriminated against.

Do you want these conditions to continue, or do you want them remedied? If you want results, then send Stanfield to Washington.

Five lawyers represent Oregon at Washington. Why not elect a farmer, stockraiser and business man for a change? Do lawyers have a monopoly of all the loyalty, patriotism, wisdom and knowledge in Oregon?

Why does the Chamber of Commerce pay a special agent a senatorial salary of \$7,500 a year to remain at Washington to look after political matters for Oregon if someone isn't "asleep on the job," or if Oregon is not discriminated against?

100 Per Cent or 50-50 Per Cent?

Republican voters should settle their own party affairs in the primaries, without the interference of democratic kaisers.

A clean-cut party issue is presented to the republicans of Oregon. It is in the hands of the republicans themselves, whether they want a republican senator or a demo-rep. senator.

Stanfield is a 100 per cent republican, and has been elected as such three times to the legislature.

McNary, his opponent, has a penchant for holding office, but has never yet been elected to one by the people—in fact, he was defeated the only time the people ever got a chance to vote on him—and he has been as willing to seek appointment to political jobs from democrats as from republicans.

The democratic boss appointed McNary to the Supreme bench, and is now trying to make the republicans nominate his friend and colleague for United States senator. If McNary, the protégé of Oswald West, is nominated, then the republicans can say "good night" to the republican party in Oregon for years to come, for West will be in power and have his friend at Washington.

Here is a question for you, Mr. and Mrs. Republican Voter, to settle: It is strictly a party matter in the primaries: Do you want a genuine, 100 per cent republican or a 50-50 demo-rep., with the latter endorsed and advocated by the self appointed democratic dictator?

If You Wish to Maintain the Republican Party, You Must Vote for Stanfield

"A great net of mercy drawn through an ocean of unspeakable pain"

THERE is only one way to give to the Red Cross—give till your heart says stop. A little contribution is only a salve to pride.

This is not to say that contributions of only one dollar, or even of only one nickle, are not desired—and needed.

For you to give \$5 when you can give \$25—for you to give \$25 when you can give \$100, or to give \$100 when you can give \$500—is to dodge the heaviest obligation that this war has laid upon you.

For remember, this is not a charity—this is a duty.

This is not a time to give because others give. This is a time to give because others need.

No man can tell you how much you ought to give. Except this: that "Over There" the need is so great that only by cutting to the quick, only by giving all that you think you can give and then more—only by giving not a little of your excess but much of it—only by taking from your own children and from your wife and from yourself, can the needs of the men who are fighting for you and the needs of the children of the men who have died for you be met.

Ask your own soul how much it should be!

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, the highest executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country. It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it. President Wilson heads it. The War Department audits its accounts. Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

FOODS TASTE BETTER COOKED
—TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.
