It would not have him, nor any man, penalized thru politics, or partisanship, or newspaper unfairness, for having performed to the State of Oregon and to the Northwest an invaluable service in creating here a great wool depot, and in helping lay the foundations for an important industry in manufacture of wool products of all kinds. What encouragement can Portland offer to others to invest their capital here, contributing a share to the development of desirable enterprise if they are to be assailed and libeled merely because they happen to be candidates for office?" —Oregonian Editorial, May 12th.
