Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural ruddy complexion and freedom from illness are secured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of Eucalypti phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of Eucalypti phosphate at the drug store which will cost but a trifle and is sufficient to demonstrate the truth and remarkable benefits of this health and appearance restoring agent. The regular internal use of this phosphate will not only keep the complexion clear and bright but will also prevent the

"AMERICA IS READY"

The Great National Masterpiece at the Star Theater, Thursday, May 23

"The supreme test of the nation has come. We must all act, speak, serve together."

"This war is not of our making. It has been thrust upon us by Prussian autocracy. The world must be made safe for democracy. In this eventually we must strike with all our might. America, God helping her, can do no other."

In these brief words our esteemed president summed up the situation of our beloved land today. We are now at war with the most barbarous, unrelenting enemy that recorded time discloses. What will be our fate in this gigantic conflict? "Is democracy doomed?" is "government of the people, for the people and by the people to perish from the earth?" The decisive blow for these immortal principles must be struck by America. Are we prepared for the huge task that destiny has set for us?

The marvelous film production, "Is America Ready?" offers a reply of good cheer in answer to these ponderous hopes and fears. Accompanied by the dainty lyric soprano and cornetist, Miss Rose Allen, this thrilling program will be presented at the Star theater Thursday afternoon and evening, May 23.

 Superintendent J. M. Johnson of the Klamath Indian reservation was in town yesterday on matters of business.
 T. Condie, C. Moore, S. Stewart, J. M. McGeoch and Phil Chase were outgoing passengers on the Ashland auto stage yesterday.

Imprisonment For Failure to Register

PORTLAND, May 22.—Wednesday, June 5th, has been officially designated as Registration Day thruout the United States for all young men who have attained the age of 21 years since the draft registration day one year ago.
 On Wednesday, June 5th, every 21-year-old man in the United States must appear at the registration place designated by his local draft board and register.
 The only exceptions are men already in military or naval service. Special arrangements have been made whereby absentees and those too ill to appear at the registration places may register by mail.
 But they must all register. Failure to do so makes the guilty young man liable to imprisonment for one year. And ignorance of the fact that June 5th is registration day will not be accepted as an excuse. The burden of informing themselves as to the place and date of registration is placed on the men themselves.
 Registration will be in charge of the local boards in their respective districts. They are required to post immediately a list of the registration places.
 These registration places will be open from 7 o'clock the morning of June 5th until 9 o'clock that night.

"And A Hunting We Will Go"

Only with a Harley-Davidson Motorcycle can the true hunter feel the care-free joyousness of "going a hunting" with his

Harley-Davidson

he gets there first—no crowded trains to wait for. He dresses as he will. He goes just where he will—never with the crowd.

The Harley-Davidson is the mount of the men who really know how to hunt, and the pick of the men who go where the going is hardest.

Let us show you what the Master Mount is doing for others at a cost of but \$4 to \$6 a month.

You can own a Harley-Davidson. We will arrange terms to suit your convenience.

Only About Half the Steer is Beef

Live Weight 1200 pounds 100%

Dressed Weight 672 pounds of Beef 56%

When Swift & Company buys a steer weighing 1200 pounds, only about 672 pounds goes to market as beef; the other 528 pounds consists of hide, fats, other by-products, and waste.

When the packer pays 15 cents a pound for a steer, he sells the meat to the retailer for about 24 cents. But the packer gets only about 6 cents a pound for the other 528 pounds.

This means that the packer gets about 16 cents a pound for all the products from a steer for which he pays 15 cents.

The difference of 1 cent per pound covers the cost of dressing, preparation of by-products, freight on beef to all parts of the United States, operation of distributing houses, and leaves a net profit of only about 1/4 of a cent per pound on all dressed beef sold.

Large volume of business and utilization of parts that were formerly wasted, make this achievement possible.

LADIES' DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND SULPHUR RECIPE AND NO-BODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking of any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through your hair, taking one strand at a time. By moving the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.
