MEDFORD STORES TO CLOSE EARLY

MEDFORD, May 24.—Beginning Monday, June 10th, stores of Medford will begin closing at 5 p. m. instead of 6 p. m., as has been the custom in this city for past years. (Saturdays, 8:30 p. m.)

The merchants in making the closing hour one hour earlier are keeping step with all other cities and towns of the country, who, in many cases, have adopted this plan some months ago.

BLOCKED SUBMARINE BASE WILL BE ABANDONED

BERNE, May 24.—German naval authorities are preparing to abandon Zeebrugge and Ostend as U boat bases, because of the recent blockades effected by British naval forces and the constant harassing of British bombing planes, according to information received from Berlin.

No Humbug! Lift Off Corns

Doesn't hurt a bit to lift a corn or callus off with fingers

For a few cents you can get a small bottle of the magic drug freezone, recently discovered by a Cincinnati man. Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn and instantly, you immediately, all soreness disappears and shortly you will find the corn or callus so loose that you lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin. Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet, just seem to shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on your dresser and never let a corn or callus ache twice.—Adv.

H. S. WILSON, Poundmaster.
Dated at Klamath Falls, Oregon,
May 23, 1918. 23-3t**COMB SAGE TEA INTO GRAY HAIR**

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready to use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it is done so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes dark, glossy, soft, and luxuriant, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

At the Theaters

A dance on a glass-topped table is performed by Emily Stevens, the star in "Alias Mrs. Jessop," a Metro wonderplay, which will be the attraction at the Orpheus tonight. In this picture Miss Stevens plays a dual role—one a proper and demure girl and the other wilful and uncontrolled. It is as Lillian Ford, the frivolous girl, that the star dances.

Mary Pickford plays two parts in "Stella Maris," the Artercraft picture being exhibited at the Star, one delicate and dainty, and the other, as Unity Blake, uncouth and unlovely, but carrying with it a tremendous amount of pathos.

teria which infects the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.
