

# Prominent Men Answer Charges In Arizona

## Big Men Are Mixed in the Alleged Conspiracy Trial Which Started Yesterday in Tucson. Sheriff Who Ordered Deportations Now a Captain in France.

TUCSON, Ariz., May 29.—Twenty men, most of them leaders in the financial and industrial life of the Southwest, and some of them known in the financial centers of the East as "big men," were indicted on the charge of conspiring to deprive a United States citizen of his rights in violation of Section 19 of the penal code.

The charges are a result of the deportation on July 12, 1917, of 1,184 striking copper mine workers and their sympathizers from Bisbee, Ariz., to New Mexico, and measures taken by citizens of Bisbee to prevent the deported men returning. Those indicted by the federal grand jury here are alleged to have been the leaders in the deportation scheme.

The indictments, returned by the grand jury which convened here on May 13th, were the result of an investigation into the deportations conducted by a commission under Secretary of Labor William B. Wilson, which investigated labor conditions throughout the country late last fall. This commission, in its report to President Wilson, recommended that the department of justice institute criminal proceedings against the men responsible for the deportations.

Altho Sheriff Harry C. Wheeler of Cochise County, who actively directed

the deportations, declared at the time that all of the men deported were known to be members of the Industrial Workers of the World, which was conducting a strike in the Warren district copper mines at the time. Secretary Wilson's report declared that many of the men deported were not members of the I. W. W., and that some were business men and property owners who had lived in the district many years. The report also asserted that a number of the deported men were registered under the selective draft, and that as a result of the deportations and the subsequent action of guards stationed on the roads leading into the district in preventing the exiles from returning, these registrants were unable to answer summons to appear before their local draft boards for examination.

This phase of the question was touched upon at some length by Judge Sawtelle in his instructions to the grand jury. The court ruled that if it was found that as a result of the actions of those responsible for the deportations any reliable man to the draft had been prevented from residing in the district where he was subject to call, the grand jury could return an indictment, as such man had undoubtedly a right to remain within the jurisdiction of his draft board.

George H. Wilcox, one of the men indicted, was a member of the grand jury panel called to investigate the deportations, but was excused when it was reported to the court that he might become a defendant in the case. Sheriff Harry C. Wheeler, who di-

rected the deportations, now is a captain in the United States army, and is in France. James S. Douglas, one of the principal officials in the Phelps-Dodge corporation, also is in France, serving with the Red Cross, and has with him as assistant W. H. Brophy, manager of the Phelps-Dodge company.

### KLAMATH CAPTAIN IS GRATEFUL FOR GIFT

Captain R. R. Hamilton expresses his appreciation in a letter just received by the Woman's Relief Corps for the package he received from its members. Captain Hamilton is now established permanently at the medical training camp at Fort Riley, Kans. He is in the Army Sanitation and Disciplinary branch. Mrs. Hamilton and daughter, Helen, expect to leave on the noon train tomorrow for Southern points, after which they will go East and spend the summer months with Captain Hamilton.

### U. S. PRISONERS MAY TALK BEFORE WITNESSES

WASHINGTON, D. C., May 29.—Responding to the United States inquiry regarding the regulation of the German prison camps, Germany has replied that prisoners may be interviewed by inspectors without the presence of witnesses, if previous notice has been given. Otherwise witnesses must be present at the interviews.

Here is your chance to get a modern seven-room house on pavement at a sacrifice. It will pay you to investigate. Will either take small house as part payment or will take some Liberty Bonds. See Chilcote. 25

## O. and C. Grant Lands Soon to Be Opened

PORTLAND, May 29.—Land for 1,000 farm homes in the Portland land district is included in the Oregon and California grant lands to be thrown open to entry on June 23, as announced by the commissioner of the general land office at Washington Saturday. It visualizes in a concrete way something of what the grant lands mean to the future of the Willamette Valley and the state.

The Portland district also is relatively a small portion of the entire grant. Saturday filing closed on the first section of the grant thrown open to entry, consisting of approximately 300,000 acres of agricultural land, ranging from the California line northward and comprising less than half the grant lands in the Roseburg district.

The work of classifying the lands in the northern half of the Roseburg district has not been finally passed upon by the general land office, but as soon as all the details of the classification have been worked out, as has been done in the other two sections, these lands will also be thrown open to entry.

## Republican Committee Meets Saturday Night

A meeting of the recently elected precinct committeemen in the several precincts of the county is hereby called for Saturday evening, June 1, 1918, at the city hall, at 8 o'clock, in Klamath Falls, for the purpose of organization as the county central committee of the republican party. As full an attendance as possible is earnestly solicited. An invitation to be present is also extended to republicans generally.

The canvass of the primary election vote on precinct committeemen shows that a tie exists between W. H. A. Renner, R. H. Dunbar, E. W. Gowen and Judge L. F. Willis in the Third precinct, and between S. E. Martin and C. M. Ramsby of the Fourth, and between C. K. Brandenburg and R. A. Emmitt of the Fifth. It will be necessary to settle these tie votes at the meeting by drawing lots.

The committeemen elected in other precincts are as follows:

A. L. Leavitt in the First; Chas. Loomis in the Second; Walter Van Kmon in the Seventh; Ed Hayden in the Eighth; Ben Owens in the Ninth; Alex Nosler in the Tenth; T. R. Patterson, Swan; W. H. Chrisman, Algoma; T. M. Case Mt. Laki; D. Ellis Young, Pine Grove; C. H. DeLap, Plovna; Fred Peterson, Merrill; J. H. Hobbs, G. H. Carlton, E. M. Bubb (tie vote), Tule Lake; C. Bailey, Malin; Wm. Griffith, Poe Valley; H. S. Oden, Isary; Frank Courade, Klamath Lake; F. J. Bowne, Lost River; R. C. Cowley, Geo. Noble (tie vote), Langell Valley; K. G. Bourke, Crescent; E. M. Leever, Fort Klamath; J. G. Wight, Hildebrand.

It is suggested that the committeemen above named, in the event that they are unable to be present, send their proxies to some friend in the city in order that we may have as full a representation as possible in the matter of the election of chairman and state committeemen.

A. L. LEAVITT, Chairman of the Republican County Central Committee.

### Good Teeth Start With Infancy

GOOD teeth will take care of, and a child will have a permanent smile. A child with a defective mouth causes the rest of life with a big handicap. There is nothing that does more for a person's appearance than straight or irregular teeth.

Straight, even teeth—a perfectly clean mouth—very early in infancy. Few realize the danger likely to result from allowing young children to form the habit of sucking their thumbs or fingers. This tends to force out the upper front teeth and jaw, and to push back the lower front teeth and jaw. A deformed jaw is the result.

This deformity causes the teeth to come in irregularly, and later on, by crowding, abscesses and mouth-breathing, and mental development is retarded by displacement of the bones of the jaws and face.

Do not neglect the temporary structures on which the permanent teeth are built. If teeth by force, habit, or disease, the jaws fail to expand properly, and the incoming permanent teeth will be crowded and irregular. A child's temporary molars are not fully formed by the time they come out, and the teeth or teeth year after birth.

# MAZOLA

enables the housewife to save butter, lard, suet—and give her family the best of foods

"THE proof of the pudding is in the eating"—and the proof of Mazola is in the cooking.

Mazola is not only the perfect medium for deep frying, sautéing, shortening and salad dressings—it is the perfect vegetable oil—produced from golden American corn.

Food Administrator Hoover asks us to use vegetable oils.

Mazola has not been established in a day. It has taken months of trial on the part of housewives who at first were reluctant to give up butter, lard or compounds.

If you are not already numbered among the thousands of Mazola users, get a can of Mazola and try this recipe.

**BREAKFAST MUFFINS**

2 cups flour	1 teaspoon salt	1 cup milk
4 level teaspoons baking powder	1 tablespoon sugar	1 full tablespoon Mazola
	1 egg	

Sift dry ingredients together, being sure they are thoroughly mixed. Beat the egg, add it to the milk and turn it into the bowl containing the dry ingredients. Add the Mazola and cut all together very quickly. Do not beat. Turn into muffin pans greased with Mazola, and bake in a moderately hot oven about 25 minutes.

Mazola can be obtained from your grocer. Pint, quart, half-gallon and gallon tins—for greatest economy buy the large sizes. Also ask him for the free Mazola Book of Recipes—or write us direct.

Your money refunded if Mazola does not give entire satisfaction.

## Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only a trouble.—Adv.
