

Yellow List Errors Corrected By Chairman

The following errors in the yellow list have been checked and corrections upon the official records made:

Martin Jensen—We find that M. J. Jensen was turned in from the Fifth precinct and Martin Jensen was turned in from the Ninth precinct. Nothing was apparent to show that they were one and the same person. M. J. Jensen has received credit for the subscriptions of Louis Jensen for \$50, and Blessing Jensen for \$50, and was listed in the honor column and the subscriptions published. The card of Martin Jensen has therefore been destroyed.

Ivan Pankey—Mr. Pankey subscribed for \$50 worth of Liberty bonds in Fort Klamath, but thru an error the subscription was not sent in to headquarters until his name was published. Mr. Sisemore, the precinct captain, has explained that the error was made thru an oversight, and the subscription has now been reported in, and Mr. Pankey's name removed from the yellow list.

Jennie Whittaker—This card, thru error, was not removed from the yellow file. Miss Whittaker has subscribed to both former Liberty Loans, and has been cleared, and her name already been listed in the honor roll,

but after listing, thru an oversight, the card was not transferred, which was entirely the fault of headquarters staff.

Samuel Carlisle—We find the name of Samuel Carlisle in Poe Valley precinct, and the card of J. S. Carlisle in the Sixth precinct. J. S. Carlisle subscribed \$50, and his name was placed and published in the honor roll. Nothing was known as to these two cards being for one and the same person. The card of Samuel Carlisle has therefore been destroyed and his name removed from the yellow list.

Oliver Martin—This name was turned in both from Poe Valley and Main precincts. Mr. Martin subscribed in Main precinct, and his name was placed and published in the honor roll. The other card remained in the Poe Valley precinct, and as soon as this error was discovered the duplicate card was destroyed and the name removed from the yellow list.

Floyd Era—This name was reported in from Chiloquin precinct, and the solicitor reported him as being in Klamath Falls. A letter was sent to him at Klamath Falls and never returned to headquarters. No one reported the circumstances of his leaving the city, and no information was received as to his reasons for not subscribing. His name has now been removed from the yellow list, and report to Portland so made.

Arthur Hilliard—Two cards appear in the records, Arthur Hilliard and O. A. Hilliard. One of these from Klamath Falls and the other from Algona, O. A. Hilliard on March 20th sent in an advance subscription for \$50, but without any information as to the two names being the one and the same person, the card of Arthur Hilliard remained in the yellow file. The proper correction has now been made in this instance.

Other errors reported are now being checked up, and publicity will be given as soon as investigations now being made are complete. In all of the above cases the explanations are freely given and apologies tendered. We desire to correct the records and appreciate all the assistance given us by persons who are familiar with the facts.

INDUSTRIAL FILM OF UNUSUAL INTEREST

What does an ordinary electric light socket consist of, anyway? That it costs hundreds of thousands of dollars to make the first one and not much of anything to make the millions following was shown in an interesting film entitled "Fairy Magic," shown at the Orpheus in connection with the regular bill last night.

The entire process of stamping, moulding and assembling the much used switches attached to the incandescent globes is unfolded to the spectator thru two reels of celluloid. The great attention paid to the safety of the different machine operators, which has been emphasized so strongly in the last few years by many manufacturers is brought out in this picture.

Memorial Day, May 30 1918

AT FIRST, Memorial Day was a day of memories; the graves of the brave men who gave their lives in the Civil War were decorated with flowers; a sign that a grateful people had not forgotten the supreme sacrifice these men made.

Then the day gradually became a popular holiday; games, sports, picnics, were more important than heroic memories; the original idea of the day was in danger of being lost.

Now we have come to a time when Memorial Day can be, and should be, consecrated anew; when we may look back with reverence upon the victorious past, and forward with courage and determination to a victorious future.

Let us make the day a time when we renew our declarations of loyalty to the great cause of which our country has always been the foremost champion—the cause of Human Liberty.

We shall do our daily work, whatever it may be, with a better spirit, if we keep that idea before us.

Memorial Day

Once more our sons have gone forth to battle.

Once more the fight is being waged for American life, liberty and honor.

This is the accepted day of homage to those who have already laid down their lives that our Nation might live.

It is also a fitting time for us to pledge anew our heartfelt support to those who today are facing the supreme sacrifice.

Let America to the last man, woman and child stand solidly behind the boys who are keeping aloft the banner of freedom.
