

# Our Backs Are Now Against the Wall

Our heart chilled when the British told the Anglo lines that their backs were against the wall. It seemed that muscle and steel must win, or clash and die. And the allies had their backs against the wall for months. And the millions of men and billions

of money should have put their backs against the wall four years ago, when they Belgium was outraged and anti-Christ began his bloody march.

If Ludendorff's wolves, swelled by the millions looted from debauched Russia break thru the few French miles to the sea (and the trenches are only as far from Calais as Chicago from Joliet, or Washington from Baltimore); if a German U boat base on the open ocean, riveted by rails to Kiel, stops the flow of armies into France; if Krupp and Skodas, by sheer overweight, push the allies from Paris and cut our supply lines so that out Atlantic and Gulf coast is the

front, have you stopped to think what might happen?

This war might end on the Hudson, if America fails to win it on the Rhine. The Kaiser's whelp might be crowned in Chicago, if not beaten back to Berlin. Not an allied soldier stands as near to Potsdam today as the allied armies stood two years ago. Plans for the subjugation of Boston and Charleston, of Detroit and New Orleans, the seizing of our rulers, the looting of our treasuries, the imposition of staggering billions of indemnities are as much in the files of the German general staff as their plans for taking Warsaw and Brussels. Don't sneer. You sneered at the boche as an impotent enemy months ago, and you have had to eat your words. He smashed altars and homes as many and pure as your altars and your homes.

Close your eyes, and see what the Kaiser and his Gott will do if the struggle is on American soil. NO LIBERTY BONDS FOR YOUR CASH THEN. You will give your all to a German Hauptman at a threat. You will walk bowed in the street while Prussian

lieutenants strut on the sidewalk. Your wife or your mother will be insulted with impunity, and your protest will mean deportation or jail. The English language will be verboten. Junker kultur will regulate our cities, our factories and our schools. Enforcement of the law—kriegsrecht—will be swift, sure and bloody. Sweet revenge the cowardly German spies will have, when they can betray you to the boche governors! They will be known to von Hindenburg, who will despise them but spare them, while you will be shot or hanged for condemning rape and baby-killing by the Huns.

Shall America wait until the Teuton butchers make New England a No Man's Land, and their battle planes destroy the Brooklyn bridges and the Pittsburgh mills?

Strike! America, strike! With all the power of a continent! Strike to kill the Beast of Berlin! Our backs are against the wall! Strike now, and strike to kill!

## MAMMOTH SMUGGLING PLOT IS UNEARTHED

United States government officials are under suspicion. One is now in Russia and the other arrived recently at an Atlantic port and is now missing.

## HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Soak glass of hot water with phosphate before breakfast; washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.

## SAGE TEA TURNS GRAY HAIR DARK

ITS GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTER TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Ad.

# Like a Torpedo From a Submarine Comes This Startling Announcement. STILTS DRY GOODS CO. Have Decided to QUIT BUSINESS

Just at a time when other merchants are reaping their harvest of profits, and right at a time of war, when the price of merchandise, ESPECIALLY DRY GOODS AND READY-TO-WEAR are going sky-high in price, we place our entire stock on public sale to close out completely. Many people will be surprised at this startling announcement that we have decided to quit business for good—because of the death of our sister we are compelled to close out this entire stock, regardless of cost, profit or present value of merchandise, and close up the affairs of this firm in the shortest time possible. DRY GOODS, FURNISHINGS and WOMEN'S READY-TO-WEAR are not only going higher in price every day, they are going to be scarce; in fact the Government has taken over all wool, and the advance prices next season will be most prohibitive, and there is no telling what kind of goods you will be able to buy or what unreasonable prices you will be compelled to pay, so by all means take advantage of this mighty sale; figure out your present and future needs; buy as you never did before.
