WILL MARKET LOTS
NEAR INDUSTRIAL CENTER

Judge J. O. Frewett of Sacramento, president of the Klamath Corporation, and William W. Jones, vice president of the Merchants National bank of San Francisco and vice president of the Klamath Corporation, have been spending a few days in Klamath Falls in the interest of the company. The Klamath Corporation owns a large part of Mills and Darrow additions, which lie east of the city and close to the industrial section. During the past few years this property has been off the market, but owing to the increasing demand for houses in that part of the city, it has been decided to place these lots on the market at reduced prices. A number of the best lots in Mills and Darrow additions are being placed on sale, and since they are close to the industrial section, they should prove attractive to both the home builder and investor. These lots are being sold on easy terms, and the company is willing to accept Liberty Bonds in payment. Local agency of the company is at the real estate office of Edmund M. Chilcote 633 Main street, who will be pleased to show the property to all interested persons. 14-1t
