line has been accomplishing such remarkable results, are even more enthusiastic over Tanlac than Mr. Cooper himself.

"As previously stated, Mr. Cooper contends that nine-tenths of the disease and ill-health of the average person is due to a catarrhal condition, which produces faulty digestion and improper assimilation of the food.

"In a recent interview Mr. Cooper was asked if Tanlac would relieve kidney trouble, liver complaint, rheumatism and a dozen other ailments, and in this connection, said:

"As I have repeatedly said; my medicine acts directly on the mucous membrane, stomach and blood, expelling from them the impurities and toxic poisons, and rendering to them a strong, healthy condition. I am convinced that the stomach regulates the condition of the blood, and is the fountain head of health or disease, as the case may be. My medicine is intended primarily for the regulation of the stomach and catarrhal inflammation, but it is no uncommon thing for persons who have used it to come to me and explain that it has relieved them of rheumatism and many other ailments, not generally recognized as having their origin in stomach trouble."

"The ingredients or medicinal elements which make Tanlac, come from many remote sections of the earth—the Alps, the Pyrenees, the Himalayas, Java, West Indies, mountain states near the Rocky Mountains, Mexico and Peru are among the points from which the principal laboratory of the Cooper Medicine Co., Inc., under the efficient direction of a chemist of note, those medicinal herbs, roots and barks are assembled in the rough and painstakingly developed so as to attain that high standard of efficiency shown by the uniform preparation—Tanlac."

Tanlac is now sold in Klamath Falls by the Star Drug Co.—Adv.

COOPER TO PROVE FAMOUS THEORIES

Referring to the visit to Portland and other western cities of Mr. L. F. Cooper, the millionaire philanthropist and lecturer, who has commanded such widespread interest in his work with his health theories and celebrated medicine, Tanlac, E. C. Harris, his representative recently said in Portland:

"Thousands of the most prominent people in Cincinnati, Cleveland, Denver, Salt Lake City, Detroit, Louisville, Dallas, Atlanta, Memphis and other cities, where celebrated med-
