

Shipping Shortage Cause of Sugar Restrictions

Portland, Ore., June 25.—In announcing the recent food administration rule that, until further notice, no family in Oregon be allowed to purchase more than 25 pounds of sugar for canning purposes, instead of 100 pounds heretofore permitted, Assistant Federal Food Administrator W. K. Newell explained that this new restriction is not due to any actual shortage of sugar or of sugar refining capacity, but that it is made necessary because of the lack of shipping facilities.

"There is ample raw sugar in the West Indies, Hawaii, the Philippines and other sugar producing countries," said Mr. Newell, "and there is ample sugar-refining capacity here in the United States. It is a question of ship in which to bring the raw sugar to this country. Every foot of shipping space is in demand for overseas export, and we must get as possible for the needs of our country. The previous allowance of 100 pounds of sugar for canning was very liberal—much more liberal than in many other states. Those who secured 100 pound sacks have probably supplied their canning needs for the season, but those who have not as yet bought their canning supplies must get their sugar as they need it, purchasing not more than 25 pounds at a time. It should be clearly understood, too, that where it is not absolutely necessary to a family to have the full 25 pounds,

a lesser amount should be purchased, in order that no more sugar than necessary be drawn out of the general supply until the accumulation is sufficient to permit more liberal drafts for domestic purposes. This will not work a hardship on anyone, as sugar can be secured to meet all coming requirements as the need arises, yet the sugar will not be drawn out of the nation's supply so rapidly and the distribution will be more equitable. The new restriction does not have any application to sugar purchased for general household use, which is to be purchased only two pounds at a time in towns and cities, and five pounds to rural consumers.

LEAVE FOR GRESHAM

A. W. Allworth, who purchased the C. F. Setzer farm early this spring, has now leased it out and is returning to Gresham in his car, at which place he conducts a general store. He will probably return later in the season.

Yankee Boys Adjust Selves to Conditions

Headquarters of the American Troops, With the British Army in France, June 10.—(Correspondence of The Associated Press.)—American boys billeted in Northern France before being brigaded with the British troops at the front are accepting the new conditions philosophically, and adapting themselves readily, with the exception of the use of tea as a substitute for coffee with breakfast. They found this change too violent.

For military reasons it appeared necessary that the Americans brigaded with the British be served the British rations. They will be allowed to acquire the tea habit gradually, however, if they want to, coffee being served with breakfast as usual.

With the coffee they will get bread and jam regularly, sausage sometimes and bacon now and then. Their dinner at 12:30 will consist of meat, bread, cheese, pudding and potatoes, varied with other vegetables when they are obtainable. The evening meal at about five o'clock comprises bread and butter, jam with tea and extras occasionally.

The rations are good and abundant and when the American boy gets accustomed to them he thrives on them.

Boys who never saw tide water before they embarked on this expedition require about a week to lose their sea sick and homesick expression, and to find that a barn floor is not, after all, as hard as it seemed at first. During a halt in a long march, with one bank of a ditch for a pillow and the other for a foot rest a lot of them were sleeping today in the shade of a hedge as peacefully as they would in their accustomed beds. They were quite as much at home as if they had always been there.

CORNS

The Best Remedy for Corns and Bunions

is Klamath Korn Knecker. Safe sure and speedy. It gets on the job at once and often banishes the corn with one application.

One man said last week that the best investment he ever made was the 25c he paid for Klamath Korn Knecker at this store. Suppose you try it.

The World War Is Sending All Prices Sky High So Think What This Mighty Quit Business SALE MEANS TO EVERY FAMILY

Every intelligent man, woman and child knows of the tremendous advances in all lines of merchandise in the past few months, but few of them realize that the next few months will see still greater advances. The merchants are today facing the greatest crisis in their history. They are receiving notices of advances on almost every article in every mail. Merchandise is not only going sky-high in price, it is scarcer and harder to get than ever before. Merchants are forced to raise the prices on everything in their stock, not from choice, but from necessity. Therefore, when we tell you that we are actually selling merchandise in almost every instance for less than any merchant can buy the same goods for in the big Eastern wholesale markets today, you should appreciate the importance of this sale. Buy not only your present, but your future needs, and by no means should you let this golden opportunity pass by as this sale cannot last forever. Also bear in mind when any line of merchandise is closed out, it will not be replaced, for we are sincere in our announcement to quit business for good, and there will be no let-up until absolutely every article in this store is closed out completely.

Here Are Only a Few Prices:

Regular 50c check suitings, to go on sale at per yd. 35c	Women's \$3.00 Wool Union Suits, to close out at \$1.98	Large line of Summer Dress Goods, per yard, 10c to 49c
Regular \$3.50 Wool Coatings, to go at, per yd. \$2.39	Regular \$1.00 Wool Challies, to go on sale at, per yd. 48c	18-inch Embroidery Flouncings, 17 1-2c to..... 35c
One lot new Spring Hats, value to \$12.50, to close out at \$6.45	One lot Toilet Articles, values to 50c, to close out .. 19c	One lot Women's Coats, new styles, values to \$22.50, to close out \$14.95

STILTS DRY GOODS CO. KLAMATH FALLS, OREGON Are Going Out Of Business

Lake County Starts Big Soda Shipments

Lakeview, Ore., June 25.—The first car load of soda products from Alkali lake has been shipped from Lakeview to Oakland and is the beginning of large daily shipments until the company, composed of San Francisco capitalists, build a mill either in this city or at Alkali lake.

Fred McCall, the superintendent, has left for San Francisco to make arrangements for additional trucks. He received a wire to the effect that five more trucks were ready to be forwarded, and it is probable that they will reach here within the next few days.

McCall states that it will be necessary to do considerable work on the road between Valley Falls and the lake before the trucks can be used to the best advantage. For the present the heavier trucks will be placed on the run between Lakeview and Valley Falls, while the lighter ones will be used between the latter place and the lake. A load of 7000 pounds was brought in Monday, but it proved damaging to the tires, owing to the fact that the truck is of a very wide track. McCall was fully aware of what the results would be, but the truck was purchased by one of the officials of the company not familiar

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and toxin-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the thirty feet of bowels the previous day's accumulation of poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember, inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.
