Alpine, Wyo., June 27.—When Errol Lee, 24 years old, of this place, was called into the service as a result of the selective draft, he for the first time in his life saw a railroad train in the town of Border, where the draftees of Lincoln county entered.

Having grown into manhood without ever having seen a photograph of a train, Lee was amazed at the size of the cars. He expected to find them just about the size of a hay sheaf. His home is on the Snake river, more than 100 miles from the nearest railroad station.

DRAFT MAN SEES A TRAIN FOR FIRST TIME

Mrs. Ann Rivers died at 11 o'clock Wednesday night at her home on 5th St. She had been ill since the fire that destroyed the beauty parlor establishment, as she was in the building at that time.

The deceased was born in La Crosse, Wis. She came here a little over a year ago with her husband from California. He has been acting as chef at Keller's Cafe. Besides her husband she is survived by a sister in Colorado.

"A Soul in Trust" is Triangle's newest photoplay. It deals with Washington society. In this picture, Belle Bennett, Triangle beauty, wears gowns of wondrous design and fabulous cost. All the costumes were especially designed for Miss Bennett. In an attempt to show something new in the way of fashions for the young matron. One of the creations, an evening gown, cost nearly a thousand dollars. Miss Bennett has a different hairdress for each costume. At the Temple theater tonight.

Miss Carol Holloway, the fearless little star in "The Fighting Trail" Greater Vitagraph's premier serial of adventure and the limitless outdoors, is as handy with a repeating rifle as she is in the saddle and Joe Ryan Vitagraph's favorite screen bad man and acknowledged one of the best riders and cow punchers in the Southwest, "allowed" she "was the smartest little woman with a horse he had ever run up with." However that may be, Miss Holloway's marksmanship is given its severest test in the twelfth episode when, seated in the saddle, she cuts with a bullet a rope attached to the tail of a horse which is dashing across the desert and dragging her (screen) husband to his death. At the Orpheus theater Thursday and Friday.

A kodak is not a luxury—it is an inexpensive pastime which never grows old. You do not have to be an expert photographer or an artist, to take pictures with a kodak—a child can do it.

Upp has a complete stock of kodaks from the little Brownie at \$2.50, to the postal-card size with special lens, at \$25. All the accessories, films, print paper, developer trays, print frames, etc.

Any size roll developed, 10c.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.
