To Know Lite

You must know our clothing. The man whose chief concern is "true happiness" knows that this can best be accomplished by that "just right" feeling in dress.

IN THE LAND O' COMMON SENSE

Says it is suicide to cut corns, and tells how they lift right out

You simply say to the drug store man, "Give me a quarter of an ounce of frezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, can be lifted out with the fingers without pain.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while frezone is sticky, it dries in a moment, and seems to simply shrivel up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die from infection or lockjaw from whittling at his corns, but cut this out and make him try it.

Food Will Decide the War!

—We must remember that every flag that flies against Germany is, by proxy, an American flag, that those fighting in our defense cannot be maintained over this winter without the food necessary for their armies and ours, and for their men, women and children at home. Their needs can be supplied only by the resolute personal service of every man, woman and child in this country. This is your individual service in this war.

Eat Plenty, Eat Wisely, But Do Not Waste

As a matter of self-preservation, to say nothing of the urgent needs of the government, EVERY home must preserve all possible of Fruits and Vegetables.

Let the Depth of Your Pocket Show the Depth of Your PATRIOTISM

While you are at home tonight, many American boys "over there" are out in the rain and mud dodging death from bomb and shrapnel. While you are enjoying your evening cigar, some American soldier may be smoking his last. The boys in the trenches are risking their lives for you and you are not even asked to risk your money for them. But you are expected to loan your money—loan it at four per cent compound interest, the highest rate the Government has ever paid.

Pledge yourself to buy War Savings Stamps on June 28th National War Savings Day

The more money you lend the Government the sooner the war will end and the less American blood will be shed.
