WAR MOVE THREATENS AMERICAN SHIPMENTS

SUPPLIES SHIPPED TO RUSSIAN PORTS IN PROVINCE OF ARCHANGEL BELIEVED THREATENED BY WAR DECLARATION

FRENCH IMPROVE POSITIONS ON MARNE FRONT AND REPULSE ATTACKS OF ENEMY—GERMANS OCCUPY CAUCASUS

Washington, July 1.—A state of war has been declared in the Province of Archangel, in Russia, where the ports of Archangel and Kolo, with the railroad guarded by allied and American naval forces, are located.

Great military stores have been shipped to these points from America and officials are concerned as to what the war declaration may mean. The Germans are known to have their eyes on these valuable stores.

It is hoped that the Bolsheviks have merely proclaimed martial law in order to maintain order.

London, July 1.—The Germans occupied Tiflis, the capital of Caucasus. The government has begun an organization of the Austro-German war prisoners there.

Paris, July 1.—The French improved their positions in the vicinity of Passy-Bas-Valois on the Marne front.

They repulsed the German counter attacks near Mosloy and captured a German strong point near Curly, southwest of Soissons.

Washington, July 1.—General Pershing reported that the Germans attacked the Americans with liquid fire on the night of June 25th, but none reached the Yankee troops.

At one point in the line the Germans tried to make friends by signalling good morning and throwing oranges into the American entanglements.

The casualty list today contains 49 names. Five were killed in action and four died of wounds.

An official dispatch from Rome says the Italians and French on the Asiago Plateau have captured Montebello and taken 1500 Austrian prisoners in the operation.

YOUNG MAN IS KILLED LAST NIGHT

EMPLOYEE OF CALIFORNIA-OREGON POWER CO. INSTANTLY ELECTROCUTED AT EWAUNA BOX FACTORY

"Papa is sick" declares the little three-year-old boy, son of Gus Stinson, who was accidentally electrocuted last night while at work on a pole at the Ewauna Box plant for the California-Oregon Power company.

The little fellow is too young to understand the real depth of the tragedy, and his mourning for his papa is indescribably pitiful.

The unfortunate man was engaged in making connections for the big transformers which are being installed at the Ewauna substation, and one of the ladders he was using is believed to have slipped.

In endeavoring to regain his balance he threw one arm over the wire over his head, and the other around the pole. The circuit between the ground wire on the pole and the wire above was completed and he died instantly, both wrists and one hand being badly burned.

The accident occurred shortly after 8 o'clock last night.

The deceased leaves a grief-stricken wife, besides the little boy. He was 29 years of age and has resided here since last November, coming from Medford.

The funeral services are to be held at Medford and the Medford Lodge of Elks, of which Stinson was a member, will have charge of the services. The date has not yet been decided.

MONTANA MEN ARE HERE FOR BIG CONTEST

BUCKING CONTEST HERE JULY FOURTH TO BE FEATURED BY NOTED RIDERS—COUNTY BOYS READY FOR VISITORS

Lee Jones, better known as "Wild Horie Mike," from Billings, Mont., arrived last night and says he is here to ride White Cloud, the untamed and unridable galvanic outlaw.

Jones has a reputation as a rider all over the coast and looks and dresses the part.

Carl Crawford, another Montana rider, is here to enter the bucking contest on July 4th, and says Jones will be able to ride the white horse and take the money. He thinks the Montana boys have a good chance to ride old Nero, the famous bucking bull.

Billy Sims, head of the Sims-Ernst aggregation, says there are now 27 riders signed up to ride in the big contest, and that riding will be fast and furious. There will be so many riders that in order to give all a chance the contest will resemble a three-ringed circus, with several going at once.

Since the contest has become an interstate affair, the Klamath county riders are on their mettle. Love Chandler and other Klamath county champions are going to see that the Montana boys don't get away with any prizes without a hard rub.

Modoc park is being enlarged and a quarter of a mile of track is being constructed for the relay races. Three strings of four each of relay race horses are already booked.

A force of men are at work building a wire screen for the protection of the thousands of spectators that will be present.

SACKING OF AMERICAN HOSPITAL AND SEIZING OF AMERICAN CONSUL CAUSES FORMAL ACTION BY U. S.

Washington, July 1.—The United States has formally called the attention of the Turkish government to the report that the Turkish troops have attacked the American hospital at Tabriz, in Persia, and seized the American consulate there. A request for an immediate explanation has been made.

The character of the troops responsible for the indignity might have an important bearing on the attitude of the United States, it is declared.

The sacking of the hospital by the invading Turks was first reported on June 19, when it was declared that both the American and British consuls were seized.
