Klamath County News

SHASTA VIEW

There was a full house Friday evening when E. L. Elliott gave a very interesting and inspiring talk at the school house on the War Savings Stamps. We were also favored with several selections of patriotic music. The quota for Shasta View district was \$2000, and the amount subscribed was something over \$3500. When the question was put to a vote if this district should organize a War Savings society, it was almost unanimously carried with H. E. Wilson elected chairman.

Quite a number of ladies met at the home of Mrs. Jobs Wednesday to sew for the Red Cross.

Ben Daniel and family have moved from their place in the foothills to the Cotter place near the school house. We are sorry they have left the upper end of the valley but glad they are still in our community.

Lots of hay is being put up in this section already, when it isn't usually begun until after the Fourth.

A goodly number from this place took in the big celebration at Klamath Falls on the Fourth.

J. L. Hale and wife and Lola Hafler have returned from their trip north and report a very pleasant time.

E. Meehan, wife and two grand children, Beulah and Lloyd, of Poe Valley, were guests at J. L. Bailey's Monday.

Henry Vom and family and W. G. Daniel and family were entertained at Ben Daniel's Sunday.

Word has been received here by relatives of F. W. McMannis and family saying they arrived at Garwood, N. J., and are enjoying their eastern trip to the fullest extent.

CIGAR FAMINE IN GERMANY

London, July 5.—A famine of cigar tobacco confronts German smokers. The trade, according to German newspapers, estimates that the supply will be entirely used up by November 1.

During the war Holland has been the main source of supply for cigars, but because of a heavy shrinkage in imports from the Dutch colonies, tobacco exports to Germany have almost ceased. The government is considering how the impending famine can be averted or ameliorated. One proposal is to abolish cigar manufacture during the summer. According to the Frankfort Gazette, German cigar smokers must in the best circumstances prepare to do without their favorite weed next winter.

Some cigars and pipe tobacco is still reaching Germany, but the cigar industry has to draw on its limited supply for the manufacture of cigars for the army.

Chas Horton, a former rancher in Eastern Klamath county and now a resident of Medford, is looking after business interests in this city.

J. J. Steiger has returned from Los Angeles with his family, the latter having spent the winter and spring months in the southern city. They made the return trip by auto.

Mrs. D. M. McEmore, who is here with her husband from San Francisco, received a Fourth of July cable message yesterday from her brother, Louis Wampler, now in the service in France. The message indicated that he was in good health and getting along fine. Mr. Wampler is a Klamath county boy, residing at Odessa.

The Temple of Moses Has Been Unearthed

Philadelphia, July 5.—The first word in a long time from the Eckley B. Coxe expedition to Egypt has been received at the University of Pennsylvania museum from Dr. Clarence S. Fisher, its leader. Dr. Fisher reported excellent success during the winter explorations at Denderah, the ancient capital of Egypt, up the Nile. In April he returned to Memphis and continued his work of uncovering the palace of Merneptah, who is identified by many Biblical scholars as the Pharaoh of the Oppression, whose stubbornness brought on the ten plagues. If this is correct, the great hall and throne room of the palace, which has now been completely uncovered, was the scene of the appearance of Moses and Aaron before Pharaoh, and where the signs and wonders were performed. The throne is said to be in good condition, but Egypt will not permit it to come to this country. Fortunately, Dr. Fisher has worked over the pieces of the 12 colossal pillars which upheld the roof, and has recovered enough to make one complete pillar, which will be brought to the University museum and set up. It will be the most notable specimen of Egyptian architecture in this country. The pillars were six feet in diameter, 80 feet high, covered with inscriptions and pictures inlaid with gold. Much of the paneling of the room and the lintels of the doors were also inlaid with gold and these will be brought here. The natives of Egypt, it is said, call the palace "The Temple of Moses," as they have an idea that is where he was reared. Chilcote has the exclusive sale of some very desirable city and country property. Will accept Liberty Bonds on houses, lots, farms and ranches. 14 ...R. F. Fell, the piano tuner, will be in town about July 1st. Orders can be left at Herald office. 6-1m+

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPES OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—ADV.

West Point Cadets Graduate a Year in Advance. Honor Man of Class

West Point cadets of the class of 1919 graduated a year in advance the other day before many army officers and Secretary of War Baker. These new second lieutenants will probably be soon in France on the firing line. John Paul Dean of Worcester, Mass., was the honor man of the class.
