

Honolulu Glorifies the Man Who Killed I. W. W. Pro-German

CAPT. P. H. ALLEN

After P. H. Allen, who had been in the United States navy, was acquitted of the charge of killing an I. W. W. agitator, who he said had reviled the American flag and then threatened his life, soldiers led him in a parade thru Honolulu.

Enormous War Profits Shown Thru Reports

Washington, July 8.—Figures on war profits were sent to the senate by the treasury in response to a resolution by Senator Borah of Idaho calling for information regarding profiteering. Although some enormous profits were shown, the letter said the report was incomplete, that for the present names of concerns listed were withheld, and that "no special significance" should be attached to the date, as it was secured from income and excess profits returns as they were filed.

The maximum increased profit listed 2,783 per cent. was of a food dealer with \$1,000 capital, who showed a loss of 484 per cent in 1916. Another food concern with \$325,000, made 34.75 per cent excess. In clothing trades a concern with \$400,000 capital increased its profits 15 per cent; one with \$300,000 capital made nothing, and one with \$250,000 capital reported 191 per cent increased profits. Chemical manufacturers' capital and profits respectively included \$345,000, 31 per cent; \$200,000, none and \$100,000 58 per cent. Some of the flour mills' capital and profit increases reported were respectively: \$20,000, 112 per cent; \$20,000, 95 per cent; \$90,000, 238 per cent; profits in 1916 being \$48,000 and \$260,000; in 1917 \$25,000 capital, 437 per cent. Among meat packers listed data on none of the large concerns was available.

Big Engineers Meet In Portland Saturday

Portland, July 8.—The importance of co-operation between all civil engineers throughout the northwest will be one of the topics dwelt on at the quarterly meeting of the Northwestern Society of Highway Engineers to be held in this city July 13, at which highway engineers of Oregon, Washington, Idaho and Montana will be present. President Herbert Nunn, who will preside, will make an address on the

necessity for co-operation at this time. R. H. Thompson, consulting engineer of Seattle, will deliver an address on the advisability of enacting laws for the registration of professional engineers. This will be discussed by M. C. Bennett, division engineer of the Oregon state highway department, C. P. Keyser, superintendent of parks of Portland and E. H. Abry, roadmaster of Columbia county, Oregon.

Rations In Berlin Decidedly Scant

Amsterdam, July 8.—The present rations in Berlin are as follows, the quantities being for one person for one week: Bread and flour, 4 pounds; butter and margarine 2 1-3 ounces; potatoes, 7 pounds; meat 4 1-3 ounces; bones, 1 3-4 ounces; sausage 1 3-4 ounces; sugar 6 ounces. In addition, each person is allowed

one egg a month. Milk is provided only for children under six years of age and for invalids. Take the squeak out of those wheels with Spokette. Telford Bros. Garage. 21-if. Surety bonds while you wait. See Chilcote. 14

Lake Wool Shipments Are Unusually Heavy

Lakeview, July 8.—More than 1,116,000 pounds of wool have been shipped from Lakeview during the present season, and the total promises to reach close to 1,350,000. J. I. Conner, local agent for the Nevada-California-Oregon railroad, checked up the shipments to June 30 and found the total to be 1,116,000 pounds, since which time a few more shipments have been made. The total for last year was a little in excess of 970,000 pounds, showing a very material increase for the present year. All of the wool of Lake County is by no means shipped from Lakeview, much of it going out by way of Bend, while still other lots are shipped from Klamath Falls. The total output of the county for 1918 will no doubt be close to one and a half million pounds. In addition there are large numbers of sheep owned by residents of the county that are ranged and shorn in adjoining counties and hence the total shipments do not by any means indicate the actual wealth of the local wool industry.

Mammoth Ad Club Convention Begins

San Francisco, July 8.—Thousands of advertising men from every section of the United States filled the Exposition auditorium here today, when Temporary Chairman Samuel P. Johnston, president of the convention of associated advertising clubs of the world, called the meeting to order. The convention first listened to the annual address of William D'Arcy, president of the Associated Advertising Clubs of the World, and permanent chairman. Nearly a score of allied and affiliated organizations are holding their annual meetings during the four convention days for which delegates have been arriving here for the past ten days. Men prominent in all walks of life are listed to make addresses during the four days. Among these are Charles M. Schwab, head of the United States Emergency Fleet corporation; Bainbridge Colby, of the same corporation; Gerrit Fort, of the United States Railway administration; George Creel, head of the United States committee on public information; Merle Sidener, chairman of the national vigilance committee of the Associated Advertising Clubs of the World; Earl D. Badst, president of

the American Sugar Refining company; Herbert S. Houston, member of the executive committee of the League to Enforce Peace, and others. A feature of today's program will

be a monster mass meeting to be held this evening in the auditorium at which addresses will be made by official representatives of the allied countries, including England, Canada, France, Belgium, Italy, Portugal, Japan and China. Charles M. Schwab is scheduled to address the convention tomorrow at a general session at which the subject for discussion will be "War Fundamentals—Funds, Fuel and Food." There will be interpretative messages from the United States treasury department, United States fuel administration and the United States food administration.

Washington, July 8.—Additions and improvements to camps during the six months ending June 1 have been finished at an approximate cost of \$22,000,000 under direction of the construction division of the army. This figure does not include the additions to the hospital equipment of the camps and cantonments, nor the improvements made at other army stations. The work consisted of additional buildings for housing the men and providing for their comfort and needs. Among the buildings erected were quarters for officers and nurses, repair shops, additional barracks, coffee roasting plants, kitchens and bakeries, theaters, new roads, general sanitation and fire prevention measures.

NOTICE

Notice is hereby given that on or before sixty days from the first day of July, 1918, the County Court of Klamath County, Oregon, will, in open court, cancel all warrants in the hands of the County Clerk of said County, which have been issued and not protested for a period of seven years or more prior to the first day of July, 1918, also all warrants will be held for naught, and payment thereof stopped, where it appears that same have been protested for a period of seven years prior to the first day of July, 1918, and have been duly called by the County Treasurer but not presented for payment.

The following list shows the names of payees, date, number and amount as shown by warrants to be acted upon by the County Court as above stated.

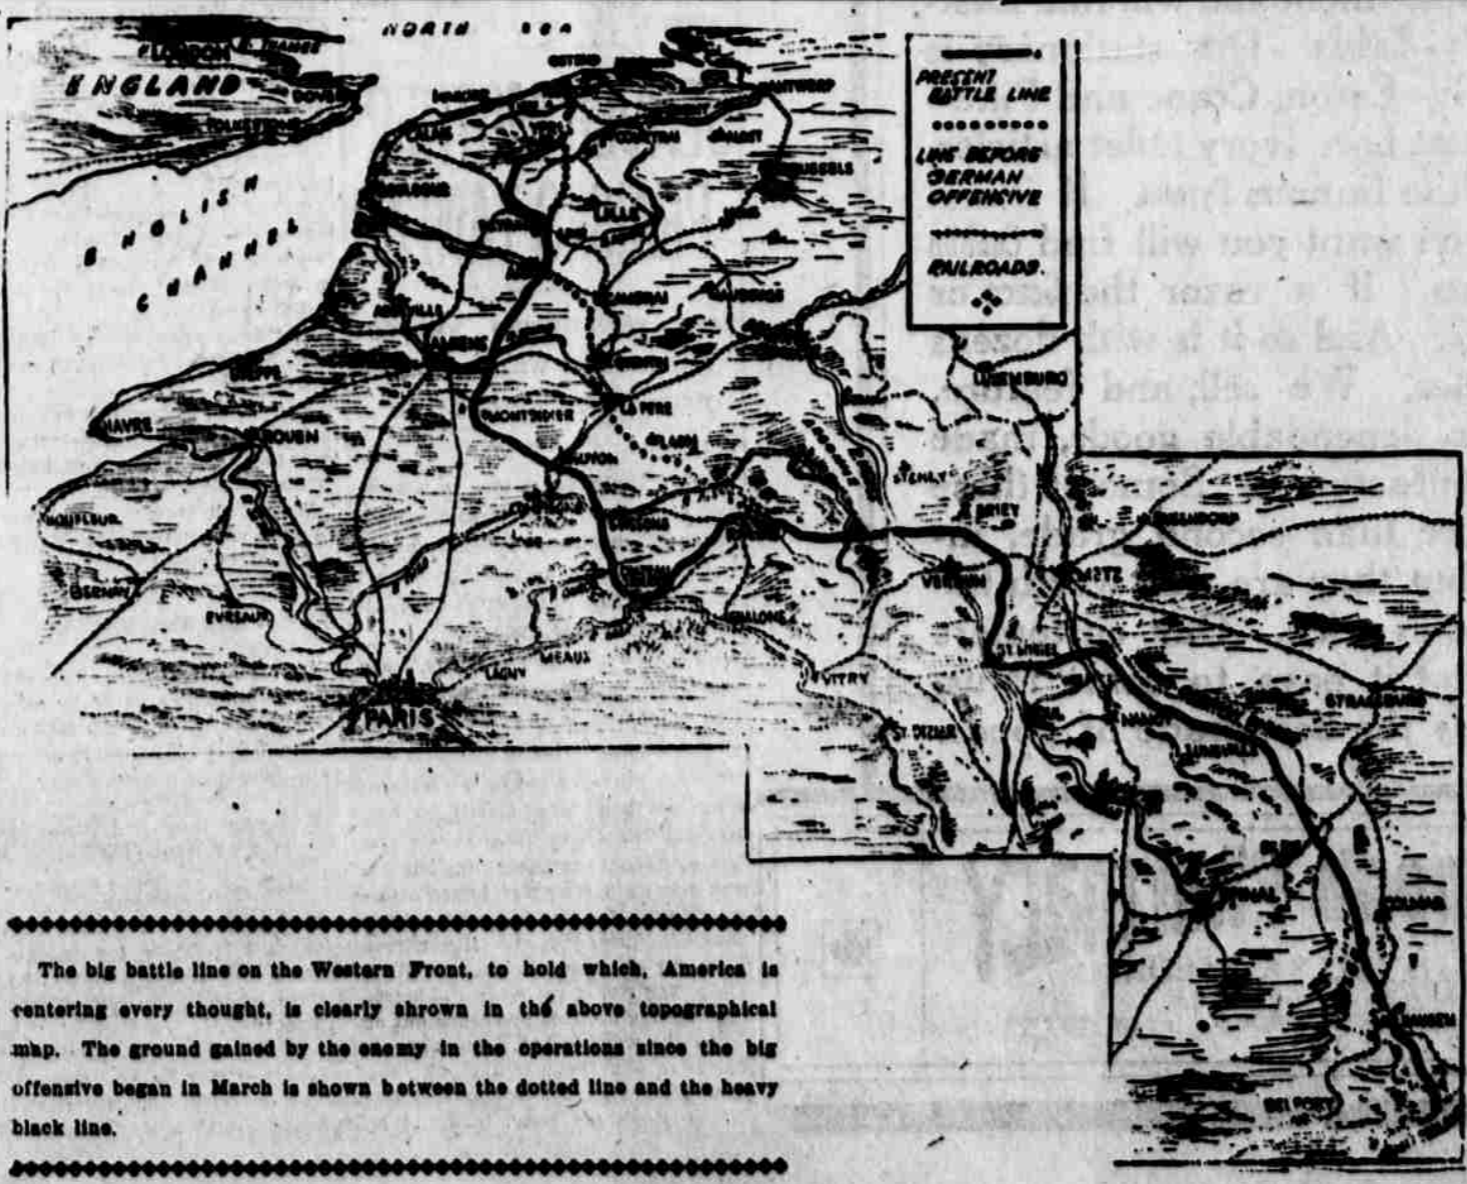

Warrants received from the County Clerk but not protested: NONE. Warrants protested by the County Treasurer and called: NONE.

Name	Date	Fund	Number	Amount
W. H. Grow	Nov. 3, 1910	General	21086	\$ 2.00
A. C. Mullenax	Nov. 12, 1910	General	21214	6.00
Mrs. Dottie Mills	Jan. 16, 1911	General	21631	1.70
Geo. F. Seeds	Jan. 16, 1911	General	21634	1.70
F. W. Gunderlick	Jan. 16, 1911	General	21712	1.70
R. O. Gardner	Jan. 16, 1911	General	21714	1.70
W. A. Jones	May 26, 1911	General	22799	1.00

Total \$16.80

I, C. R. DeLap, County Clerk of the above named County and State, hereby certify that the within and foregoing is a true and correct list of County Warrants subject to cancellation as the same appear of record in my office and in my care and custody. In witness whereof, I have hereunto set my hand and affixed the seal of the County Court, this 17th day of June, 1918. (REAL) C. R. DeLAP, County Clerk. By Loyd R. DeLAP, Deputy. 1-8-15-22

As the Battle Line in France Stands Today

The big battle line on the Western Front, to hold which, America is centering every thought, is clearly shown in the above topographical map. The ground gained by the enemy in the operations since the big offensive began in March is shown between the dotted line and the heavy black line.

Prevent Sickness When You Can...

One of the best preventatives is a good disinfectant. You cannot afford to take chances with cesspools, vaults or disease breeding spots at this season.

We have all kinds of disinfectants here and the cost of any of them is very small compared with the good they will do.
