:: A Bright Idea ::

Altho a year or two ago the old U. S. seemed sort of slow to jump into the huge turmoil and muss up the mug of Bill and spill his plans to locate in the sun and rule with "Gott" when he was done. Old Uncle Sam has set his pace to change the scrap into a chase.

He cut his other pastimes short. He put his heart into the sport, and when the boys come marching back they'll have the Kaiser in a hack. Now, that is business thru and thru, and what the folks at home should do. When we have got a scrap to fight, why not wade in and do it right.

For instance, take this court house

mess, been running now ten years or less. A scrimmage every now and then, before things all drop dead again. There's lots of slackers here and there, who don't get in and do their share, and so the blame thing slides along, the method's punk, the system's wrong. At this rate we'll be out for good, for forty seven years or more.

Now why not get right down to tacks, cut out the law and try the axe? Let's get a day and name a spot and all get out in one big lot, and when the starter hollers "go," why, grab a club and start to mow. With in an hour or two at most, if everybody holds his post, this question

which for years has rent our land and half our taxes spent, can be adjusted, clinched and sealed; there'll be no case to be appealed. We'll know which side to go and seize and save much in attorneys' fees, and the half dead, we'll know we're done and ready then to fight the Hun.

New Lady of the Camellias

Miss Hephzibah E. Kendrick

Hephzibah E. Kendrick is the new "Lady of the Camellias" for the troops going from the vicinity of Richmond to the war in Europe. The original "Lady of the Camellias" gave camellias to Union soldiers in the Civil war. The daughter of the first gave them from the same garden to the men who went to war against Spain, and now a third of the family gives them from the same garden to the new soldiers.

DENVER MOTHER PRAISES TANLAC

SAYS IT STOPPED NERVOUS BREAKDOWN WHICH THREATENED DAUGHTER'S HEALTH

"This Tanlac put a stop to a nervous breakdown that threatened my daughter's health, and she is now as well and happy as she ever was," said Mrs. J. L. Unangst, of 3237 Alcott street, Denver, Colo.

"For the last twelve years," she continued, "my daughter has held a fine stenographic position with one of the leading firms of the city, and steady application to her work for so long was beginning to tell on her. Her appetite failed her, and she just had to force down everything she ate and was in misery for hours afterwards from gas that formed from her sour, undigested food. Her nerves were all on edge, so she got little sleep, and would get up in the mornings feeling as tired and worn out as when she went to bed. She was under such a nervous strain all the time that I became uneasy and felt if she didn't get relief it would be

but a question of time until she would have a collapse.

"She wasn't willing to stop work, so I persuaded her to try Tanlac, and actually from the way it took hold of her troubles it acted like it was made especially for her. She began to pick up at once and before she had finished her first bottle her improvement was so marked that everybody noticed it. She has taken but two bottles so far and it has built her up wonderfully. Her appetite is splendid and she eats everything she wants and enjoys every meal. She is never troubled with gas or indigestion in any form; she has lost that tired, worn out feeling and goes to her work every day fresh and strong and full of life and energy. I certainly am grateful for the good Tanlac has done my daughter, for I positively believe it saved her from a serious illness."

Tanlac is sold in Klamath Falls by Star Drug Co. —Adv.

Dearest Public:

And this is another day in the seventh month, and you can, if you choose, be exposed to some bargains if you see us.

The Ruby is the birthstone for this month.

The principal supply of real Rubies is the Oriental countries, principally India.

The Ruby and its value were known to the ancient peoples of 4000 years ago.

The Ruby is either male or female. The rich, deep red being termed the male, and the lighter shades of red being termed females.

I always knew Ruby as a female. Oh, you kid!

Rubies have been and are now being produced scientifically by man, and have been made so perfect in every way that most experts could hardly tell them.

If this is your birth month wear your birthstone, the Ruby, and be lucky.

And Ruby, in case this guy decides to build on the lot he has asked you to share, we have a new bunch of "Tiffany" slavery rings.

We do all sorts of repairing and we want your patronage. McHattans at 605 Main street.
