quired. All of the characteristic routine of camp life was recorded with great fidelity. The camp cook, the paymaster, the mail clerk, and the desk sergeant all played the same roles they do in real every day life. Even a mascot in the shape of a well-fed, but diminutive dog, was on hand.
One of the amusing incidents of the picture taking at the camp happened to the army paymaster, who, when he payed the men off for the Metro, forgot to include himself and thus received no pay. However, he was remunerated later.

At the Theaters

"She's pretty, she can act, and her dimples are great." the casting director at Universal City recently announced in describing Louise Lovely, the star.
When cast in the modiste's assistant in "A Rich Man's Darling," which opens at the Star theater tonight, Miss Lovely took a story that might have been distressing, with the vampire role predominating. Instead, she turned it into a bright, healthy comedy drama with numerous laughs and without dull moments.
Louise Lovely is the "darling" in "A Rich Man's Darling," and Philo McCullough is her leading support. Others in the cast are Edna Malson, well known and beautiful actress, Harry Holden and Harry Mann.
Many of the most vital scenes of the Metro picture, "Her Boy," starring, Effie Shannon and Niles Welch, which will be the attraction at the Orpheus theater tonight and Friday, were staged at Camp Joseph Johnston, near Jacksonville, Florida, where scenes of real army camp life were secured.
When Director Irving wanted an actual exhibition of army men singing a camp song, he got what he re-

Fur Prices to Be Higher Next Winter

London, July 25.—Fur dealers in London say that furs in America and Great Britain are to be higher in price next fall and winter than ever.
Alien furriers in London have advanced the price of the furs they are putting on the market 50 per cent, since spring, and many of these were damaged skins.
In some of the London shops fur coats were displayed recently at prices ranging from \$200 to \$350 which a short time ago could have been bought for \$50 to \$75.
"We are quite at the mercy of the Russian alien workmen," a British furrier said. "They know more about the fur trade than anyone else. I would not guarantee the plainest fur coat at \$100, as, owing to the lack of proper workmanship and the shortage of furs, a coat is often made up of some pieces that are faulty, though some parts of it may be good.
It is difficult just now to get the alien furriers to do repairing. They are keeping coats and fur wraps in hand for months, as they do not want to be bothered with repair work while they can be preparing new garments for their fall harvests of abnormal prices.
The new 1918 low cost life, accident and health policies of the Travelers are modern all the way thru, and they cost less. See Chillicothe.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.
Says inside-bathing makes anyone look and feel clean, sweet and refreshed.
Wash yourself on the inside before ties into the blood, causing illness. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowels pores do.
For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream through the lymph ducts which should suck only nourishment to sustain the body.
A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash those poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.
A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing. Men wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion; others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Adv.
