At the Theaters

Girls, if you were kissed in the dark and then kissed in the daylight would you know if the second kiss was implanted on your fair lips by the man who kissed you in the dark? Such is the situation that confronts Miss June Caprice in her latest William Fox photoplay, "A Camouflage Kiss," which will be shown at the Orpheus theater tonight.

The story is that of a pork maker and a bean producer. The pork man is June's brother-in-law and is in a sorry financial plight until Mr. Hoover requested that the people of the U. S. eat less meat. Then Mr. Pork Man went to the Bean Man, whose business, by the way, was prosperous, and proposed an amalgamation. The bean man didn't like the idea until he saw June. Then he combined business with his ambition, and he makes good progress with June until the kiss incident in the story. It is breaking no secret to tell here that the man who had the courage to kiss June in the dark was the man to whom she finally decided to cling to after. This is certainly a scream of a story and Miss Caprice does well dramatically.

From hundreds of stories submitted by distinguished writers, Mary Gardin and Goldwyn's advisory board selected Kate Jordan's "The Splendid Sinner" for the singer's second appearance in motion pictures at the Star theater, beginning Sunday.

Pitched in a very high emotional key is the story of "The Splendid Sinner." A great love comes to the heroine out of a morass of lies, deceit, intrigue and passion and, like all tremendous psychological conflicts, there is a high price to pay.

The thrills accompanying any story of the early days of the frontier are not wanting in "The Tiger Man." Wm. S. Hart's newest picture, but they are tempered by a woman's sweetness, love and the generous impulses of a man whose heart is bigger than his body, but who becomes an enemy of the law because of some strange twist in his nature and the lack of a guiding hand in the earlier stages of his career. It affords a strong part for Mr. Hart, and will add another triumph to his unnumberable successes upon the screen. "The Tiger Man" will be displayed at the Star theater tonight.

Money to loan on city and country property. See Chilcote.

How Canals of France Are Used to Help the Army in the Field

Thousands on thousands of tons of provisions for the army in the field are loaded on barges in the canals of France to be moved to the troops along the front line. They save many automobiles for other purposes.

LET HIM LIVE
As long as the flowers their perfumes give,
So long I'd let the Kaiser live.
Live and live for a million years
With nothing to drink but Belgian tears.
With nothing to quench his awful thirst
But the salted brine of a Frenchman's curse.

And past the lads he crucified.
In the fearful gloom of his living tomb.
There's one thing I'd do before I was thru—
I'd make him sing in a stirring manner
The beautiful words of the "Star Spangled Banner."
—Virginia Wood, Merrill, Ore.

I'd let him live on a dinner each day,
Served from Servia on a golden tray,
Served with things both dainty and sweet—
Served with everything—but things to eat.
I would make him a bed of silken sheen
With costly linens to lie between.

"You're safe" when you get an insurance policy from the Chilcote agency, 625 Main street. 1t

With covers of down and fillets of lace,
And downy pillows piled in place;
Yet when to his comforts he would yield,
I'd would stink with the rot of the battlefield,
And blood and brains and bones of men
Should cover him, smother him, and then—

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Sage glass of hot water with phosphate before breakfast washes out poisons.

His pillow should cling with the rotten clay,
Clay from the graves of our sold boys;
And while God's stars their vigils keep,
And while the waves the white sands sweep
He should never, never sleep.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gas and sour bile before putting more food into the stomach. To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a pourish twinge which is not unpleasant. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.

And thru all the days and all the years
There should be an anthem in his ears
Ringing and singing and never done,
From the edge of light to the setting sun,
Moaning and moaning and moaning wild—
A ravaged French girl's bastard child

And I'd build him a castle by the sea,
Lovely a castle as ever could be.
Then I'd show him a ship from over the sea,
As fine a ship as ever could be;
Laden with water, cold and sweet,
Laden with everything good to eat.

Yet scarce does he touch the silver'd sands,
Scarce may he reach out his eager hands
Than a hot and hellish molten shell
Should change his heaven into hell.
And the he'd watch by the wave-swept shore
Our Louisiana would rise no more,
In "No Man's Land," where the heroes fell
I'd start the Kaiser a private hell.

store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
