Salvation Lassies Are Heroines of Trenches

All American soldiers in France now have Irene and Gladys McHenry, Salvation Army lassies, who in the latter days of September the other day, remained in a French village just behind the lines and served hot coffee and doughnuts to tired American soldiers. The fact that German shells fell all about them, tearing up the roads and houses did not frighten them, and they stood on the guns all day were ordered back by the military commander. They are the daughters of Colonel William A. McHenry of the Salvation Army, who is now in New York and New Jersey.

Goldboro, N. C., August 5.—John Ward, a Negro called on a witness in a recent trial here, told the court he was the father of 25 children and that 19 were in the military service. Ward, who is 63 years old, has been married three times and has 25 living children. The Negro says his first wife bore him 15 children in six years; quadruplets twice, two sets of triplets, and one single child. The second wife, he said, gave birth to twelve children, twice twins. The third wife gave birth to eight children. Five sons in military service are in France, and eight others are in training camps in this country.

Below the line, get a big income getting from children.

Terwilliger, Emma Hammond, Gene Hammond, R. C. Anderson, R. H. Anderson, and Misses Ella Callahan, Edna Merritt, Pauline and Mamie Glacomin and Alma Wilson. REDUCED RATES TO G. A. R. CONVENTION To members of the G. A. R. Woman's Relief corps and others who desire to secure the benefit of the reduced rates to attend the national encampment at Portland, August 19 to 24 inclusive, will meet at the Odd Fellows' building in this city on Monday, the 5th inst at 3:30, when the commander of the G. A. R. and the adjutant will issue identification certificates to all those qualified to receive the same, which will enable the recipients to secure tickets at the reduced rates. C. M. Hunt, Commander. The following are eligible to receive the reduced rates: 1. Veterans of the Civil War who are not members of the Grand Army of the Republic. 2. Widows of former members of the Grand Army of the Republic, unless they are members of the Woman's Relief corps, Ladies of the Grand Army of the Republic, Army Nurses association, or Daughters of Veterans. 3. Daughters of deceased members of the Grand Army of the Republic, unless they belong to the organization known as Daughters of Veterans, Woman's Relief corps, or Ladies of the Grand Army of the Republic. 4. Sons of deceased members of the Grand Army of the Republic, unless they belong to the organization known as the Sons of Veterans. DUCK HUNTERS GET THE LIMIT If they use our domesticated wild mallard decoys. Birds and instructions from C. N. Palmer, La Grande, Oregon. 3-21* To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furrowed tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones. Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

A Good Time to Have Jewelry Repaired

Entertaining is more informal in the summer time. One dresses more simply. Inexpensive brooches, pins, and pendants are worn, and the more valuable jewelry seldom used. It is a good time to take the latter to Upp's for a thorough examination. Defective settings, worn mountings, or other needed repairs will be made, and the ornaments polished. The jewelry will be in the best condition for the opening of the fall social season. If you are going away for the summer, leave your jewelry at Upp's to be repaired while you are away. It will be safe from loss or theft, as well as being put in the best of condition.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast. To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician. If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furrowed tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones. Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

W. D. MILLER Contracting Works, Floors, Foundations, Concrete Building Blocks, Pipe and Tiles. 223 S. Sixth St. Phone 100

The new, 1918 low cost 100,000 dollar and health policies of the Insurers are modern all the way and they cost less. See Chilcote.

Take the squeak out of them by wheels with "Sphosphate." See Chilcote.

PORTLAND OFFICIALS VISIT State Game Warden Carl D. H. maker, Deputy City Attorney H. Lansing of Portland, and George King of the Portland Chamber of Commerce left for the north following a short visit in Klamath Falls and Klamath county.

Mr. Shoemaker declared this morning that there is found to be no food in Crater Lake to supply the trout there and it is proposed to fish in a large number of crawfish to relieve the situation. All members of the party expressed themselves greatly pleased with the agreeable business conditions of the situation.

Seattle Public Will Try Horse Meat

Yakima, August 5.—The first car load of young range horses sent from here to the Seattle market for butchering purposes was shipped last week. It was arranged for by the state meat inspector, F. E. Henderson, who believes that the meat of the young, selected range animals will be found superior for eating purposes to that of the ordinary beef animal. The horses, which were to be slaughtered under the supervision of the Seattle city meat inspection department, were sent in the nature of an experiment. Mr. Henderson said, and if they are well received he expects to be able to get thousands of young range horses that are of no particular value for any other purpose, and to send them to the Seattle market.

What Happens When They Don't Obey Mr. Hoover

TO ALL WHOM IT MAY CONCERN NOTICE IS HEREBY GIVEN THAT, BY ORDER OF HERBERT HOOVER, UNITED STATES FOOD ADMINISTRATOR, DATED JUNE 26th, THE LICENSE NO. 83222 AS A BAKER OF CAKES AND PIES GRANTED UNDER THE PROVISIONS OF SECTION 3 OF THE ACT OF CONGRESS OF MARCH 4, 1907, KNOWN AS THE FOOD CONTROL ACT AND THE DECLARATIONS OF THE PRESIDENT OF THE UNITED STATES HAS BEEN REVOKED. WILSON, FEDERAL FOOD ADMINISTRATOR FOR DISTRICT OF WASHINGTON.

FOR RENT. CASSEL, TALBOTT & CO. 107 NEW YORK AVENUE

The sign over this window tells its warnings of the food administrator, own story. An ice cream dealer in Washington, D. C., failed to heed the thus went out of business.

WHEN YOUR KIDNEYS FEEL LIKE LUMPS OF LEAD

When you wake up with backache and dull misery in the kidney region it generally means that you have been eating too much meat, says a well known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's uric waste, else you have backache, sick headache, dizziness spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels of the tea get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will be fine. This famous salt is made of the acid of grapes and lemon combined with lithia, and has been used for generations to cleanse the system and neutralize acids in the urine. It longer irritates, thus ending the weakness. Jad Salts is a life saver for rheumatism, kidney trouble, and all the ailments that come from a cloudy, full of sediment, channels of the tea get sore, water scalds and you
