

FAMOUS WAR FILM COMING THIS WEEK

"My Four Years in Germany," one of the most celebrated photo dramas ever screened and one which probably gives the best inside information on the political events leading up to the war between the United States and Germany, is to be shown to the local public of Klamath Falls at Houston's opera house next Saturday and Sunday nights.

The fact that this screen story has been personally directed by Ambassador Gerard himself, who was the central figure thru the most trying ordeals which it has ever been the fortune of an American statesman

to undergo, and who has taken this effort in order that the American public might be correctly informed is sufficient reason why every loyal American should see it.

The picture is a record of political events from the time when the German government, convinced that a war was necessary to save militarism, brought on the conflict, up to the present day.

Several meetings between Mr. Gerard and the kaiser are shown on the screen, including the interview in which the kaiser declared he would stand no nonsense from America after the war.

How it was planned in Berlin to sink the Lusitania, how the Germans finally agreed to abandon ruthless submarine warfare, how they finally gave Mr. Gerard only six hours' notice of the resumption of ruthless warfare, how they told him America would not fight, and how America is getting ready to fight, are all vividly produced.

WANT 50,000 WOMEN FOR FRENCH HOSPITALS

WASHINGTON, D. C., Aug. 26.—A force of 50,000 women necessary to care for all sick and wounded American soldiers, must be raised by July 1, next, Surgeon General Gorgas has announced. Women with husbands fighting in France are permitted under new rules to become hospital assistants. Single women over 25 are eligible also. General Gorgas has arranged to increase the supply of nurses by a system of training which will ultimately make women entering as hospital assistants graduate nurses. High school educations or equivalent are essential, it is stated. Women will be put into nursing work in convalescent hospitals both here and in France.

LIBERTY BONDS INTEREST

not received, and which is still unpaid by the subscribers.

The installment subscriber for Third Liberty Bonds has his bonds set aside for him at once, upon the receipt by the government of the subscription. His bonds commence drawing interest immediately. To complete paying for them, he virtually borrows from Uncle Sam all of the money except the initial \$5.00 (in case of a \$100 bond). It is for this practically borrowed money that he pays interest.

Undoubtedly the writer of the letter quoted is too good a business man to expect to receive something for nothing.

GOOD JOBS OFFERED BY GOVERNMENT

WASHINGTON, D. C., Aug. 26.—The Signal Corps of the Army is in URGENT need of about 20 production experts for important war work. These positions are in the Civil Service, not the military. A formal application will be required on application form No. 875, and selections will be based upon the information given therein, together with such corroborative evidence as may be needed. PIONEER RANCHER VISITS

"Uncle Nate" Merrill came in yesterday afternoon to meet relatives who will visit at his home from California. He reports that his garden produce is unusually fine this year. He is now eating green corn on the cob, and has a big supply of ripening tomatoes and picks more than a gallon of strawberries every day. His giant males are still on the job and in good condition.

Suggestions:

- Stir your tea, coffee or cocoa well. Don't leave sugar in the bottom of the cup.
- Sweeten breakfast cereals with honey, syrup, maple sugar, raisins, or dates.
- Substitute molasses, maple syrup, or syrups made from sorghum and corn, for part of sugar used in cooking.
- Substitute syrup or honey for part of the sugar in cake. One cup of syrup or honey will take the place of one cup of sugar and one-fourth of a cup of liquid. In almost any cake recipe the syrup or honey may be used for one-half of the sugar.
- Make your cakes without frosting.
- Use fresh, dried or preserved fruit for dessert in the place of "made dices" that require sugar. Make apples or pears with a little water for several hours, until a rich syrup forms. If more sweetening is desired add honey or molasses. Cook dried prunes without sugar in the water in which they were soaked until the liquid is almost boiled away. If more juice is wanted add water to the syrup. The long, slow cooking develops a rich flavor and the addition of sugar is unnecessary.
