

## TRACTOR SHOW ON NEXT WEEK

The fact that the farm tractor is becoming so great a factor in the increased production demanded by the government during the war time shortage is one of the reasons why the authorities are endorsing the big tractor demonstration which is scheduled for the last three days of next week at Portland.

Every size and shape of tractor imaginable will be on exhibition at this show where the increased results from less costs than under the old methods will be impressed upon the visitors. It is expected that a large number of Oregon farmers will be present at this demonstration, which is given by the Portland Implement and Tractor association in co-operation with the Oregon Agricultural College.

It is the "Wieder Arch Builder" that gives you permanent relief. If you have been wearing ordinary arch devices change and get a pair of "Wieder Arch Builders." By gradual adjustments to them, you can build up your own arch to normal, with ease and comfort.

## PAPERS SHOULD BE CAREFULLY WATCHED NOW

PORTLAND, Ore., Aug. 30—Keep your eye on the newspapers to learn the date of the coming Registration Day for men from 18 to 20, and from 31 to 45 years of age, exclusive, under the new draft law, soon to be passed by Congress.

The exact date of the Registration Day on which 13,000,000 men in the United States included in these ages must register, cannot be announced until the new draft is actually passed and signed by the President.

But it is certain that the Registration Day will be early in September. Every man in the new draft ages, whether citizen or alien, will be required to register on the day set. No cause will be accepted for failure to register, and the penalty will be up to one year's imprisonment.

For his own protection, every man affected by the new draft law is urged to watch the newspapers for announcement of the Registration Day, and to register on that day at the place designated by his local draft board without fail.
