NEW WHEAT REGULATION IS EXPLAINED

Captain Applegate, county food administrator, calls attention to the following bulletin from food headquarters in Portland giving details in regard to the eighty-twenty parity between flour and substitutes.

In announcing the new wheat regulations, which supersede the familiar "fifty-fifty" rule, Federal Food Administrator W. B. Ayer calls the attention of Oregon households to the fact that all the cereals classed as substitutes under the new regulations are suitable for mixing into breads, pastry, cakes, etc., and that the food administration in releasing the consumer from the "fifty-fifty" rule, expects every housewife to see to it that the full 20 per cent of substitutes purchased with wheat flour is mixed in the family baking, and that no bread, pastry, cake, dumplings or other edibles in which wheat flour is used be mixed without the proper one-fifth portion of substitute.

"Formerly the substitute list included several cereals, such as rolled oats and rice, that could be used in other ways," said Mr. Ayer, "but under the new regulations all the substitutes are suitable and intended to be mixed into the family bread, pie crust etc. A rigid adherence to this rule should be observed in every household. Many will be glad to aid the food administration in a still further saving of wheat by the liberal use of corn bread and other wheatless or near-wheatless breads. It is very necessary that a national food reserve be built up, and very practical help towards this important reserve can be given by families who will not only

Travels 6,000 Miles to Free Accused Husband

Mrs. Nathan S. Kaplan traveled all the way from Tokio to San Francisco, 6,000 miles, to get bonds for her husband, who was accused by Federal authorities. They refused to permit him to land. After his wife arranged for a bond of \$100,000 he was dismissed with the order of the court that he must live in California during the remainder of the war.

use all their substitutes in their breads and pastries, but will do even better, by keeping their use of wheat to the minimum in every way and seeing to it that not an ounce of food of any kind is wasted."

While dealers under the new regulations are required to keep stocks of only barley flour, corn flour and corn meal on hand to sell in the 20-80 combination with wheat, they are permitted, in case they have potato flour, rice flour or oat flour in stock, to sell these flours to their customers as substitutes if the customer prefers to have the latter.

THE POPULAR SONG GIVING ENDORSEMENT

(Continued from page 1)

was thought he could be of the greatest service.

President Winton said in answer to him, "I would rather have you as a singer for the war than for any other kind of a soldier. We can't all do the same thing and someone must keep the fountains of sentiment flowing."

Let us be guided by these musicians and freely give our time and our efforts to this work of community singing.

If you are known as a musician of the town you will surely be expected to help, but the real success of the work rests upon each and every one of us.

Communities can be forced to do some things. Music is different. We must be made to wish to sing. That is the object of this movement for community singing.

Two meetings have been held at the Central school. There will be a third this evening at the same place. Let it be a rousing one compelling us to choose a larger meeting place in the future.

EVELYN R. APPLIGATE,
Director of Liberty Chorus.

BAPTIST SUNDAY SCHOOL HOLDS PICNIC AT KENO

Members of the Baptist church and Sunday school classes with their teachers, numbering in all about fifty, motored to the Klamath river above Keno and had a good old fashioned picnic.

Sunday school classes were held under the trees, after which a short talk by Mrs. Hammer was listened to by those assembled. After these services a bounteous luncheon was spread on the grass and much enjoyed by all. The afternoon was spent in sightseeing and rambling thru the picturesque woods and dells of this lovely spot. All present report a most enjoyable and beneficial outing.
