TROOPSHIP TORPEDOED LOADED WITH SOLDIERS

MEN AND VESSEL ARE SAVED—TWENTY-EIGHT HUNDRED AMERICAN SOLDIERS ON BOARD HAVE NARROW ESCAPE

TROOPSHIP WAS ONE OF LARGE CONVOY—TRANSPORT HAD LAGGED BEHIND DUE TO TROUBLE WITH ENGINE

LONDON, Sept. 11.—A troopship with 2800 American soldiers on board was torpedoed at 3 o'clock last Friday afternoon 300 miles from the English coast. All hands were saved. The ship was beached.

In order to save time, instead of launching boats, the men clambered down the ropes to the destroyers which swarmed around and came close alongside the stricken vessel.

The troopship was a member of a large convoy carrying soldiers to Europe. The men aboard were mostly from Chicago and Cleveland, and were factory hands of foreign extraction. The transport had lagged behind, due to engine trouble.

There was no panic when the ship was struck, all on board showing the true spirit of American soldiers. Some of the soldiers said they "saw a German submarine lifted clear out of the water by depth bombs afterward."

The torpedo exploded just forward of the engine room, causing no casualties among the crew. The vessel began to sink at the bow. Many soldiers were bathing at the time but did not wait to dress. Some means was apparently found to check the thrashing water as the vessel got near enough to the shore to be saved.

NEW YORK, Sept. 11.—It is understood that the transport torpedoed Friday was the British steam ship Persic of the White Star line.

TOMORROW NOT LEGAL HOLIDAY

Registration day for the new draft tomorrow is not a legal holiday in Oregon. The governors of California and a few other states proclaimed a legal holiday on this occasion.

Governor Withycombe seriously considered proclaiming a legal holiday but finally decided not to do so as he felt it would unnecessarily disrupt regular business, and he believed that all employers and business would be patriotic enough to voluntarily arrange for sufficient time off to enable every man within these ages to register.

Uncle Sam: "That's the Fourth Time That Fellow Has Surprised Me" THAT'S what we must make it seem to our Government—that Oregon has the habit of doing things that are INCURABLE. The Liberty Loan should not, cannot, must not be taken as an unwelcome or unprepared here in Oregon. Every town and county committee is hard bent to lead the way in the FIRST STATE to do its part is to decide NOW that you are going to be one of those by whom and for whom NO REGRETS ARE EXPRESSED when we go sailing over the top in the 4th Liberty Loan. IF YOU DON'T SUBSCRIBE—and do it cheerfully and willingly and promptly and generously and voluntarily—there WILL BE regrets all round. Your conscience will suffer, our opinion of you will suffer—and MOST OF ALL, our Boys' lives will suffer.
