## RED CROSS ROLL CALL CHRISTMAS

Christmas roll call of the whole American people for membership in the Red Cross will take place from December 16 to 23, inclusive, formal announcement thereof being made thru the following statement authorized by Henry P. Davison, chairman of the War Council:

"From December 16 to 23 the lists will be open for every American in every corner of the world, so that it may be known that the whole nation at home and abroad is registered for the cause. The Red Cross wants again to give the world notice not only that America can fight, but that to the last man, woman and child we stand four square for mercy, honor and good faith among the nations. At the close of the Christmas membership campaign of 1917 there were 22,000,000 Americans enrolled in the Red Cross. There are also 5,000,000 members in the Junior Red Cross.

"This year, both as a Christmas observance and as a renewal of the nation-wide pledge of loyalty, the Red Cross will again put before every one the duty of standing by the flag; for the Red Cross, in this great fight for peace represents the whole spirit of what we are fighting for.

"This will not be a call for money. It will be a summons to Americans everywhere to line up for the American ideal. We cannot fight, but this one thing everybody can do.

"The Red Cross membership fee is one dollar. Half of this remains with the local chapter, to be used for expenses and for relief of our soldiers and their families; the other half goes to the National treasury.

"There will be no allotment of quotas to any community. The quota in every district will be the limit of its adult population.

"When the roll call comes, every American, old or young, will be called on to register and add the weight of his name to the Red Cross message.

"Let us answer with one voice to the word of President Wilson, when he said: 'I summon you to the comradeship.'

## We Must Do Our Bit Here!

to help win the fight over there; Every day we are throwing away and burning up stuff that the medical department of our government want and need, to save the lives of our boys, and to save those lives will not cost us more than a few minutes of our time. We refer to the saving of the pits of peaches, plums and similar fruit. These are needed to make carbon to put in the gas masks.
