BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of the bladder or kidneys are usually indicated by stiff lame back, wrenching pains, lumbago, sciatica, nervousness, sleeplessness, worn-out feeling, pain in the lower abdomen. These are nature's signals for help.

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of pure, original GOLD MEDAL Hearlem Oil Capsules, imported fresh every month from the laboratories in Haarlem, Holland, Pleasant and easy to take, they almost instantly attack the poisonous germs that are clogging up your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

ENTENTE AERIAL NEWS SERVICE FOR AUSTRIA

Italian Airplanes are now regularly supplying Austria's rebellious subjects with Entente War news. A complete Squadron has just dropped 100,000 leaflets in Croatia, Slovenia, and Jugoslavia on Kara. The Hrvatska Drzav, of Agram, reports that other Italian aviators, flying above towns in Carniola, have been throwing down pamphlets containing the resolutions of the Congress of Rome.

"The people," says the Austrian paper, "at first thought the leaflets were connected with the war loan." A little later, above Klagenfurt, "An Austrian airplane was throwing down war-loan circulars and Italian airplane were dropping Trumbitch manifestos at the same time." Dr. Trumbitch might be called the Jugoslav ambassador to the Entente. The Congress of Rome gave "Jugoslavia" its first official recognition. And thanks to this Italian news service from the air, the Jugoslavs have now nothing to learn about the attitude of the Entente towards them, or of Entente victories on the Aisne and Somme.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Boys glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.

ENGLISH TOTS GRATEFUL TO FRIENDS HERE

NEW YORK, Sept. 15.—"Jenny Jones, of Klamath Falls, I want to make you acquainted with Alice Brown of Sheffield, Eng.; here is a letter from her thanking you for saving food so that she need not get hungry. I invite you to write to her."

This, in effect though perhaps not by the use of those words, is the plan adopted by United States Food Administrator Herbert C. Hoover, to convey the thanks of English school children of America for helping him to conserve food for the benefit of English girls and boys.

Mr. Hoover had brought back from London many thousands of letters from the British boys and girls and his plan is to send at least one letter to every public school in the United States.

The letters were delivered to Mr. Hoover during his recent visit to London. Two motor cars were required to carry them. Some of them were written by individuals while others were signed by the children of a whole school; so that the letters were heartfelt expressions of gratitude to the American nation which had denied itself to provide England with food.

"I will very proudly distribute these letters among our American Schools," replied Mr. Hoover. "I am quite sure that they will form one of the most effective links possible between the people of the two nations. Each one of them will be prized and I will see to it that not one of the thousands of schools scattered throughout our country is left without at least one of them. They form a heap of real treasure, and should have a very far-reaching result."

No one ever got rich merely by saving money. You must invest it. A good way to invest it is to buy War Savings and Thrift Stamps.

She Tells Teachers How to Make Pupils Patriotic

Miss Leighton, who attained a national reputation in the school world for her work in vocational training in the schools of Passaic, N. J. is now civic secretary of the National Security League. Her efforts are being devoted principally toward carrying the league's message of militant patriotism into the elementary schools of the country. In this she has been eminently successful. One of the methods of promotion originated by her which has attracted particular attention is a Correspondence Course for teachers, in which she is supplying teachers in the elementary grades with practical suggestions for patriotic instruction.
