

# WAR BRINGS ON NEW DISEASES AMONG ENEMY

AMSTERDAM, Sept. 24.—(Correspondence of The Associated Press).—The war has been responsible for the development of numerous new ailments in Germany, asserts Professor Albu in an article in the Berlin Lokal Anzeiger. Its effects have aggravated various human ills.

There can be no doubt, he says, that many people are aging more rapidly now, owing to the worries and difficulties of daily life. People are going gray sooner. The action of the heart and blood vessels suffers. Exhaustive observations, he believes, point to the fact that both at home and in the field, arterio sclerosis is a genuine war disease. "What part chronic underfeeding takes in this, we do not yet know," he adds. The increased blood pressure on the heart and the blood vessels entails many dangers. Only in the years after the war we shall be able to gauge the full extent of this unprecedented tension which is using up human strength. Individual power of resistance of course, plays a great part in organic reaction.

"The number of those who have gone thru this endless war so far without any impairment of health is not large, and it is safe to say that when we come to the end, there will be few indeed who can claim perfect immunity. It seems to me therefore

that it is the wrong policy for the authorities to place so many difficulties in the way of people who need rest, relaxation and change of air and surroundings.

"The state," Professor Albu concludes, and this may apply to all belligerent nations, "needs careful husbanding of human material. Public and social hygiene are faced with problems of stupendous magnitude. This war has killed, maimed or injured more sound stock in four years time than in four peace decades.

"Consistent underfeeding has weakened the system to an extraordinary extent, especially in the matter of infectious diseases. Nothing proves this more conclusively than the increased mortality from tuberculosis, dysentery, etc. Burned down villages can be built up again more easily than human generations. The value of the individual has risen to a point which demands the most careful consideration."

## GERMAN BOY SOLDIERS ARE CHAINED TO GUNS

NEW YORK, Sept. 24.—A German machine gun crew, captured recently by Americans, was found to be composed of soldiers who were "little more than boys," and who were chained to their guns so they could not flee, according to a letter from Lieutenant William J. Flynn, formerly a New York police sergeant, received here. Lieutenant Flynn said the boys told their captors they had been chained to their guns because they refused to fight against American troops.

# BIG ROUNDUP STAGED HERE ON SATURDAY

Klamath Falls Round Up headquarters has received word from Dr. J. L. Helms that the pick of the big stock at the Ashland Roundup this year are on the way to Klamath Falls to participate in the bucking contest here Saturday. Among this bunch of big horses is the famous bucking horse over the coast as "Snuffy Tom." A worthy rival of this well known bad actor is Alkali Pete, who has been shown from coast to coast and has thrown hundreds of riders. Besides these two there are an even dozen more of the pick of eastern Oregon bands for the past five years from the Ashland show. Dr. J. L. Helms the moving spirit in getting this collection together will be here and act as one of the judges.

The Southern Oregon riders are anxious to have another try for riding honors in Klamath Falls and are sharpening up their spurs and getting ready to make shoe strings out of the bag once.

A crew of men are at work enlarging the arena at Motor Park and getting the track in readiness for the race.

Here as usual has a hump in his back and the usual prize will be offered of a dollar a second for every second the rider stays in the saddle.

## At the Theaters

Jack Pickford and Louise Huff, the young stars who have appeared together in many of the best known paramount pictures of recent date, such as "Seventeen," "Great Expectations," "Freckles," and "The Vampt." are now being seen in their latest production, "Jack and Jill" which is to be screened at the Star Theatre tonight.

This is not a child's play, altho the kiddies will love it. It is one of the wholesomest, cheeriest little comedy-dramas for grown-ups in which the two have worked—which is saying a great deal.

Heredity may be responsible for the acting ability displayed by Earle Williams, who is featured in the part of John Strangway in "In the Balance," the Greater Vitagraph Blue Ribbon Feature, which will be the attraction in the Temple Theatre tonight. His mother's brother, James Faget, was a famous actor a generation ago. However, his entry into the screened drama was merely the result of a desire to kill time hung heavily on his hands during the summer. He applied for work with the Vitagraph company as an extra, but his natural qualifications soon carried him to the top. In this photoplay, an adaptation from the novel, "The Hillman," by E. Phillips Oppenheim. Mr. Williams plays the part of a puritanical hillman who wins the heart of an actress thru the strength and integrity of his character. He is supported by Grace D'Armond, Miriam Miles, Denton Vane, Julia Swayne Gordon, Robert Galliard, and Templar Saxe.

With the women of the town on the job of cleaning up it is safe to predict that things will soon be spick and span. We have noted that there is no half way business about the spring house cleaning, and if they use the same methods on the city, things are sure going to glisten hereabouts.

If Klamath county could have had the outside attention in the First Liberty Loan campaign that she is now getting, her totals would have been substantially different.

is indicated by the dispatches of the last few days. This wonderful news exceeds the expectations of the most optimistic and it is hard to estimate how far such a tremendous victory may go toward hastening the final outcome of the conflict. It is certain to produce a most enlivening effect on all the Allied forces and a corresponding depression in the morale of the enemy's troops.

Wonder just how Kaiser Bill will explain the present "victory" of his troops in Palestine and Macedonia to his dear people at home.

No doubt if you were to ask a dollar just how it felt these days and it could reply, you would learn that it felt about like "thirty cents."
