

NO STOP TO BULGARIAN OPERATIONS

BELGIANS COMMENCE ADVANCE NEAR YPRES

BULGARIA TOLD SHE MUST RENOUNCE HER ALLIES IF SHE WOULD OBTAIN RELIEF FROM HER PRESENT PREDICAMENT

ENGLISH TAKE TEN THOUSAND PRISONERS NEAR CAMBRAI—FRENCH GAIN FOUR MILES AND ARE STILL GOING FORWARD

(By Associated Press).

LONDON, Sept. 28.—England has replied to the Bulgarian peace offer stating that no military operations can be suspended. Regarding peace discussions it was made clear to Bulgaria that peace would necessarily involve a complete rupture by Bulgaria with Turkey, Germany and Austria-Hungary.

The Allied governments, it was brought out, necessarily demand every guarantee they consider necessary to safeguard the military operations and to prevent dispatching of German troops to the Bulgarian border.

The Allies have no intention of attempting to make a final territorial settlement in the Balkans, which is obviously a matter for consideration at a peace conference.

The danger from Bulgaria to the Allies' operations in the Balkans must be prevented.

If these terms are not acceptable to the Malinoff government, the Allies have no further conditions to propose, and it will rest with Bulgaria to find other representatives who can accept these conditions.

LONDON, Sept. 28.—The Serbians have now taken the city and fortress of Vesles and are passing on toward Uvald. They have reached Rastava fifteen miles north of Ishtib and have advanced beyond Kochana toward the Bulgarian border.

In eastern Siberia, two bodies of Japanese mounted troops marching eastward have effected a junction at Itafulev, 300 miles northwest of Blagovestchensk.

WITH THE AMERICAN ARMY Sept. 28.—One American corps is said to have taken over 3,000 prisoners, who carried in dozens of machine guns captured with them. Heavy clouds and mists are hampering the American armies but their advance is continuing.

LONDON, Sept. 28.—The British have now taken 10,000 prisoners and 200 guns in the Cambrai section.

PARIS, Sept. 28.—After successfully continuing their offensive east of Argonne, the French took Somme Fy. They have advanced for four miles and are still progressing.

PARIS, Sept. 28.—The Belgian army began an attack this morning on the front north of Ypres. It advanced for a distance of two and a half miles in some places. Thousands of prisoners are already counted. The fighting is exceptionally heavy in the region between Dixmude and Ypres.

FINE MEETING AT SWAN LAKE

Two car loads of delegates from Klamath Falls attended the Liberty Loan Meeting at Swan Lake last evening and all report a most enthusiastic gathering. The address of the evening was made by Professor R. H. Dunbar and it was received in a most patriotic manner. Six singers were present from this city and led in the singing of patriotic songs. A fine lunch was served to the guests at the close of the meeting. A call was made for pledges and a large number came forward and signed up their quotas.

NO ARMISTICE YET

In the meantime operations will continue.

LIBERTY BOND QUOTA IS OVER HALF RAISED

CONSERVATIVE ESTIMATES PUT TOTAL SUBSCRIPTIONS AT ONE-QUARTER MILLION AT END OF FIRST DAY OF CAMPAIGN

One hundred and seventy-seven thousand dollars from Klamath Falls and one outside district of Malin is reported as the work of the first day's campaign for the Fourth Liberty Loan bonds by Chairman Arthur R. Wilson, who estimates that in the neighborhood of \$250,000 has thus far been subscribed.

Algoona precinct workers, who have been very busy during the past two days, phoned in this morning that that section was already over the top. E. J. Grant is chairman of that section. Fort Klamath has raised \$14,500 out of a \$20,000 quota and a large number of pledges have been secured in the Swan Lake district. Klamath Lake will go over at an early date, it is reported.

CHILDREN WIN HONORS THRU ESSAY WORK

The following students in Klamath county public schools have submitted essays on the title "My Liberty Bond and I" which have been deemed by the county superintendent of sufficient merit to go to the Portland office. Each of the children will receive an achievement pin for this work.

One essay from each of the grades represented in the county schools was selected.

- High Schools: Fourth Year—MacGlenn, Merrill. Third Year—Lorin Moon, Fort Klamath. Second Year—Paul Dalton, Merrill. Eighth grade—Joy Burkhart, Bonanza.

- Grade Schools: Seventh grade—Rolf Geertson, District No. 17. Sixth grade—Olive Hill, Merrill. Fifth grade—Miriam Offield, Merrill.

- Fourth grade—Willie Peckance, Malin, No. 23. Third grade—Joe Potucak, Shasta View.

These papers go to the Portland office and each child will receive an achievement pin.

Good papers were also received from the following districts: Merrill, Bonanza, Fort Klamath, Henley, Kono, Malin, Shasta View, Libby, Lone Pine, Spring Lake, Miller Hill, Riverside School, Gale.

CLERICAL HELP WANTED AT LIBERTY LOAN OFFICE

There is again a severe shortage of clerical help at the Liberty Loan office according to Chairman Arthur Wilson, in fact at this time there is none at all, in spite of the fact that there is a great deal of work to be done. An urgent appeal is made for any who have spare time to report at 517 Main Street and help in this work.

BULGARIAN TOWN CAPTURED

LONDON, Sept. 28.—The British troops have captured St. Rumisa in Bulgaria.

GERMANS PUT TO SEVERE TEST BY GEN. FOCH

FROM VERDUN TO NORTH SEA ALLIES ARE FIGHTING INTO AND BEYOND FAMOUS HINDENBURG LINE

(By Associated Press). DATELESS DISPATCH—General Foch is putting the Germans on the western front to the severest test of the war on four important sectors from Verdun to the North Sea. The Allies are fighting their way into and beyond the Hindenburg line at Cambrai, which appears about to fall. The British are now within a mile and three-quarters of that point. In the last three days the British, French and Americans have captured over 27,000 prisoners. If Bulgaria makes peace it is probable that Turkey will follow as the army in Palestine is destroyed, and little hope exists for further help from Germany. Thus the iron ring about Austria-Hungary would be reconstructed. Rumania is seething with revolt and seems about ready to begin warfare.

BRITISH HEADQUARTERS, Sept. 28.—The British today took Arleux, five miles southeast of Douai, and also captured Fontaine Notre Dame, Cantaing, Noyelles and Sully.

GIANT BOND CAMPAIGN ON THIS MORNING

WASHINGTON, Sept. 28.—Before dawn today the fourth liberty loan campaign was on.

So eager were some communities to make strides toward their subscription goals that they sent solicitors to work at the stroke of midnight.

Scores of towns are trying to give all expected of them before nightfall and to devote the remaining three weeks to doubling or trebling their quotas of the mighty war loan. A million and a half men, women and children are enrolled in an army of active campaigners to place a bond in every home.

The whole vast machinery got smoothly into motion. Like the grimmer campaigns across the sea, every detail had been planned long in advance. Salesmen began gathering subscriptions by well-organized methods. Posters appeared in shop windows and told the story of liberty bonds on streets and from fence corners. President Wilson's autographed appeal was published in newspapers throughout the land. In motion picture theatres films planned by leading stars told graphically why Americans should buy bonds, and 25,000 volunteer speakers began to drive home the appeal. More than a score of special trains filled with our relics fresh from France's battlefields started their journeys from town to town. Indications are that the American people now realize more than in any of the three previous loan campaigns the intimate relation between government bonds and the fighting by American soldiers in France, and that those spared the hardships of army life must economize to buy bonds.

After the opening enthusiasm of today, and a day in churches tomorrow, the country will settle down to the three weeks of a drive to gather from rich and poor the billions needed to crush Prussian autocracy.

PEOPLE MUST AID GENERAL TOWN CLEANUP

EPIDEMIC OF CONTAGIOUS DISEASES NOW PREVALENT HERE BRINGS OUT NEED OF ADHERENCE TO STATUTES

With five cases of small pox, measles, chicken pox, typhoid fever and other maladies reported prevalent in the city, the people are urged to cooperate in every way with the city officials in aiding to comply with the conditions of the sanitary ordinance, by which it is believed that the unfortunate conditions now prevailing may be obviated.

In order that some of these matters may be better understood, a section of city ordinance 296 is quoted below. Many citizens thru thoughtlessness have continually infringed on sections of this law, it is declared.

Ordinance 296, Section 6. "It shall be unlawful for any person to deposit any apple, cigar or cigarette, peeling or rind of any orange, banana, or any fruit or, upon any public or hired conveyance, public building, church, theater, public hall, post office or any sidewalk within the city of Klamath Falls."

G. P. OLSON IS MADE SUPREME JUSTICE TODAY

WELL KNOWN PORTLAND LEGISLATOR SUCCEEDS THE LATE FRANK A. MOORE, APPOINTMENT BY GOVERNOR

Governor Withycombe this morning appointed Senator Conrad P. Olson of Portland Justice of Supreme Court, succeeding Frank A. Moore. It will be necessary for electors to write in the name on the ballot in the November election. Justice Olson served two terms in the House, one session in the Senate. His Senatorial term expires in nineteen twenty one.

Senator Conrad P. Olson took active part in those sessions and would probably be President of the Senate had not his appointment intervened. The appointment of Conrad P. Olson will probably result in no other person becoming a candidate and his election guaranteed.

OREGON TOWNS RAPIDLY RAISE QUOTAS ASKED

PORTLAND, Sept. 28.—Fifteen counties of Oregon are "over the top" and more than 150 towns scattered throughout the state have achieved their quotas. Yamhill, Walla Walla, Washington, Clackamas, Douglas, Deschutes, Coos, Curry, and Willamette went over the top yesterday.

The state showed a remarkable spurt yesterday with many of the communities still to be heard from. The showing was considered very satisfactory by State Director John L. Etheridge.

Some of the large cities which passed the 100 per cent mark yesterday are Albany, Marshfield, North Bend, The Dalles and Forest Grove, and a good many towns stand 75 per cent subscribed, and may be reported over the top in early hours today. Portland's city campaign yesterday was feverish with its intensity, with flying squadrons returning double subscriptions from many sources, the campaign developed to a point where slackers were made mighty uncomfortable. A special committee made it very plain that direction of duty lay in one way only.

The campaign was not without its exciting comments, one such being when a great war balloon, "Blimp" as it is called on the western front, broke away and sailed west to the Pacific. This balloon was preparing to make a surprise attack on the city and was being filled with gas at the works of the Portland Gas Co. in the northern part of the city. When all ready to start its trip to the heart of the city it broke from its moorings, sailing high into the sky bearing the query "Are You Pledged?" and when last seen it was west, southwest by west from Portland and still going for the Pacific ocean.

BELIEVED BULGARIA WILL DROP FROM WAR

BULGARIAN MINISTER THINKS NATION WILL SEVER ALLIANCE WITH CENTRAL POWERS AND END CONFLICT

KAISER UNABLE TO SEND MEN TO MACEDONIA FROM WESTERN FRONT—WORLD OF POSSIBILITY SEEN

(By Associated Press). WASHINGTON, D. C., Sept. 28.—Stephen Panatoroff, the Bulgarian minister, believes that Bulgaria is now out of the war and thinks that nation has determined to abandon her allegiance with Germany and Austria, and if the Allies refuse to listen to overtures, she will appeal to the United States to use its good offices in her behalf. He has had no advice from Sofia, however.

WASHINGTON, D. C., Sept. 28.—General March declared here today that the impending collapse of Bulgaria was the direct result of the concentration of American forces on the western front.

Hitherto, he said, Germany has been able to withdraw sections from her western front to bolster up threatened points, but that day is now passed.

The elimination of Bulgaria would foreshadow the isolation of Turkey and the possible re-entry of Rumania into the war.

DATELESS DISPATCH—With the Allies once more on the southern frontier of Austria, the smoldering brands of revolution in the Magyar province of the dual monarchy may break into flames. There are a world of possibilities in the Serbian situation. The Allies are still pursuing the disorganized Germans and Bulgarians.

LONDON, Sept. 28.—Paule prevailed on the Berlin stock exchange as a result of the Bulgarian switch, according to a Hague dispatch. The emperor has not yet accepted the resignation of Count von Seppien, the German Imperial chancellor, which was reported this morning.
