SAFE, GENTLE REMEDY

BRINGS SURE RELIEF

For 300 years GOLD MEDAL Haariem Oil Capsules have enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs, and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed. Weariness, sleeplessness, nervousness, despondency, headache, stomach trouble, pains in the loins and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago, all warn you of trouble with your kidneys. GOLD MEDAL, Ad.

Haariem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haariem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes, sealed packages. At all drug stores.

HOOVER SAYS SELF DENIAL IS NECESSARY

PORTLAND, Oct. 10.—In outlining the food conservation program for the American people during the coming year Mr. Hoover says:

"The demand upon us is for larger supplies. The conferences upon food supply and shipping, we have held in Europe enable us to estimate our burden. Compared with the previous year the Allied civilians and army, our own armies, the Belgian relief and certain neutrals who are dependent upon us require the following round amounts from us:

"Meats and fats; 3,400,000 tons, an increase of 1,050,000 tons over last year; bread stuffs, 10,400,000 tons, an increase of 3,000,000 tons over last year; sugar, 1,850,000 tons, an increase of 350,000 tons over last year; feed grains (mostly army oats) 3,700,000 tons an increase of 750,000 tons over last year; a total of 17,550,000 tons, an increase of 5,730,000 tons over last year.

"Even this program means further self-denial by the Allies next year. They are making this sacrifice in the common cause. We must maintain the health and strength of every human being among them or they will be unable to put their fullest strength alongside our own in the supreme effort.

"If we survey our ability to meet this demand we find that while our wheat production this year is better than last year, our production of other cereals is less. We have had severe losses thru drought in many sections. On the balance our resources are no

larger than last year. We find, however, that we can give this increase in food supplies of 5,730,000 tons over last year and still have a margin over the amount necessary to maintain our own health and strength.

"Of our own products we must secure a reduction in consumption and waste in the two great groups of, first, bread stuffs; and second, meats and fats;—that is, in all bread and cereals, beef, pork, poultry, dairy and vegetable-oil products. The average consumption of our people of bread stuffs amounts to about six pounds per week and of meats and fats to four pounds per person per week. A reduction in consumption of less than one-half pound per person per week in each of these two great groups of foods would accomplish our purpose.

"This is not rationing—a thing we will not have if our people continue to support us as in the past. We are simply making an appeal to the intelligence in the homes and public eating places in America to work out for themselves the means and manner of saving. Our simple formula for this year is to further reduce consumption and waste of all foods. What we need is to reduce directly our consumption of all foodstuffs, laying special emphasis on the staples.

"It is necessary that every family in the United States study its food budgets and food ways to see if it cannot buy less, serve less, returning nothing to the kitchen and practice the gospel of the clean plate."

An advance of 15 per cent is expected on tires in the near future. You will really save 25 per cent by buying now at our development sale. TELFORD BROS. 7-8t

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in A. before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furrowed tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the jammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

NEW CLUB IS STARTED BY H. S. BOYS

The Klamath Falls Amateur Athletic Club is the name of the new organization just started by a group of High School Boys here, which now has over twenty members and is being launched on business principles and a cash basis.

The old Elks club rooms at the corner of Fourth and Klamath Avenue have been leased, furniture rented and athletic equipment is to be installed. A number of parties for their lady friends thruout the winter are being planned by the boys, who are principally members of the older classes.

At the Theaters

Belle Bennett, Triangles distinguished emotional star, again appears in a play of North and South in "The Last Rebel," at the Temple Theatre scheduled for tonight. Her last appearance in the role of a Southern girl was made in "A Soul of Trust," directed by Mr. Gilbert P. Hamilton, the presiding genius of this picture.

Miss Bennett finds herself twice belov'd in "The Last Rebel." The first love affair of Miss Bennett ends in tragedy and hatred when the Civil War breaks out and her lover espouses the cause of the North while her people stand by the South.

The flame of undying hatred still burns fifty years later when granddaughter and grandson of the former lovers meet. But poverty and dangers overtake the proud daughter of the South and she is only too glad to seek refuge in the manly arms of the Northerner, played by dashing Joe King.

"Midnight Madness," the Bluebird photoplay in which Ruth Clifford stars alone for the first time in her career, has the distinction of being written and produced by the man who wrote and produced "The Kaiser, the Beast of Berlin," the photoplay sensation of 1915.

"Midnight Madness" will be seen at the Star Theatre tonight and those who are fortunate enough to be present on that night will remember with pleasure the similarity between the principal characters in this production and a former one, which was written by Elliott J. Clawson and directed by Rupert Julian. It was entitled "The Mysterious Mr. Tiller."

The same detective and the same girl are featured in "Midnight Madness," but in this production Rupert Julian is the silent contributor. Kenneth Herlan takes the role which he played in the former production—that of Prentice Tiller.

Buy More Bonds A Parting Present of a Diamond The best gift the man joining the colors can leave with mother, sister or sweetheart is a diamond. It is beautiful—it is enduring—it is valuable. It can be turned into cash at any time, if desired. It is a token that expresses sincerest affection and highest regard. Upp diamonds have been chosen with extreme care. Fountain Pens... Are a great help in school life. We have an excellent self filling pen for \$1.50

Underwoods Pharmacy upon to restore natural color and beauty to the hair. A well known downtown druggist says, everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
