OPERATOR TAKES SON'S DEATH REPORT ON WIRE.

PENDLETON, Ore., Oct. 21.—Sitting at his desk in the Western Union Telegraph office in this city Tuesday, John Sloan, a telegraph operator, received and copied a telegram telling of the death of his son, Lyle T. Sloan, who died in France September 20, from pneumonia.

Sloan was a member of the American Expeditionary forces in France, collecting from Pendleton. The telegram telling of his death was the first intimation his parents had received of their son's illness.

HUNS SEEK TO GET TRADE VIA SWITZERLAND

WASHINGTON, D. C., Oct. 21.—Regulations intended to prevent German arms with factories in Switzerland from exporting their products under the guise of Swiss goods during the war, have been adopted by Swiss chambers of commerce in connection with the establishment of a new national trade mark for all Swiss exports.

The regulations provide that use of the trade mark be confined to firms two-thirds of whose capital is Swiss, and to goods that actually are made in Switzerland exclusively by the Swiss. It is known that many arms operating in the country which are ostensibly Swiss have been established by German capital, or acquired from their original owners by German manufacturers, in order that an apparently neutral outlet might be secured for German made goods in the post-war period.

The president of the Geneva chamber of commerce is quoted in advices received here as stating that control of these will not be easy, but that the chamber is alive to the probability of improper use of the trade mark and Swiss manufacturers are being asked to bring cases of this kind to official notice.

MALIN SUPPORTING BOHEMIAN ALLIANCE

For the purpose of securing funds to pay the expenses of the diplomatic service of the Bohemian National Alliance, which is being kept up to a large degree by the Bohemians of this country, Lieut. C. Spaniel of the Czech-Slovak army, who visited the Bohemian colony at Malin Thursday night, raised \$500 at a gathering in about fifteen minutes, according to F. Zumpfe, who was in the city Saturday.

The quota for the people there had been placed at \$300, but so great was the enthusiasm that the amount was easily doubled.

The people of this section have been noted for their exceptional response to all the war calls made since the war began. They were first to go over the top in the Fourth Liberty Loan drive.

IT'S NO WONDER—That the shoe department at the K. K. K. store is so popular and highly patronized, when you can have your choice of the following lines of men's high grade shoes: Nettletons, Walk-Overs, Stratford, Cutters, Three Lakes, Bergmanns, Chippewas, Naplans, Buckingham & Hecht, Clover Leaf riding boots, Kirkendalls riding boots, Gold Medal rubber footwear, and other makes of national-known footwear. 21-6\*

KILLS HER CHILD AND INJURES TWO

Mrs. Claire Madeline Neinstadt of Brooklyn shot and killed her daughter, Wilma, in the Hotel Pontchartrain, Detroit, and tried to poison with chloroform her children Benjamin, twelve years old, and Claire, aged nine. It is believed she was driven into a frenzy because she learned a man she was engaged to had already married another. Mrs. Neinstadt is the daughter of former Commander Thomas Manning of the United States Navy.

THREE MILLION FOR BELGIAN RELIEF SPENT

WASHINGTON, D. C., Oct. 21.—Relief work by the American Red Cross in Belgium necessitated an expenditure of \$1,432,374 for the ten months ending June 30. This amount went to provide comforts and medical assistance for Belgian soldiers, 90,000 residents of that part of the little country outside the German lines and the 600,000 Belgian refugees scattered thru France, England, Holland, and Switzerland.

The sum of \$1,947,325 has been appropriated to continue this work during the last six months of this year. Thus by the end of this year the Red Cross will—since the war began—have appropriated for use among the Belgians the sum of \$3,379,699. These are the outstanding facts in the current section of the War Council's report relative to the use being made of the Red Cross war fund.

The establishment of eighty-two canteens, which provide daily refreshments for 25,000 soldiers, the financial assistance given to nine hospitals that are combatting disease among the civilian population and refugee colonies, the construction and support of a barracks which shelters 400 children and the maintenance of a home for disabled Belgian soldiers are a few of the things the Red Cross has done for the courageous little kingdom and its people.

About 15,000 Belgian children in the countries mentioned are healthier and happier as a result of day nurseries established by the organization.

Co-operation between the Red Cross and the Belgian government has been so effective that this aid has been distributed largely thru the medium of Belgian agencies. A donation of one million francs to the Queen for the support of the hospital service and another of half a million francs to insure the completion of a large hospital were among the first expenditures of the Red Cross in Belgium.

The organization has established what is known as the Queen's purse, a fund of five thousand francs, which is distributed among the country's war victims. As free Belgium is within easy range of German guns and bombs, hospitals in that territory have been destroyed from time to time increasing the cost of relief work.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before ties into the blood, causing illness. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness while the bowels pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing. Men wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion; others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Adv.

SOLDIERS' MAIL UNDER MILITARY CONTRACT NOW

The mail service for our army abroad has now been taken over by the army. It is handling a million letters a day that are received in France for soldiers in service. It has warehouses for sorting mail at French ports. It has railway mail clerks on some 2,000 miles of French railroads. It has a central postoffice at Tours, permanent postoffices at various points, mobile postoffices right up to the firing lines, and mail orderlies attached to each company of troops.

In the past, when the mail service for the army was under civil control, great delays were caused in the delivery of mail by the necessary secrecy concerning troop movements. Now, under military control, all movements of the mobile postoffice are telegraphed in code to the distributing postoffices, and the letters follow the soldiers as they march. All the hospitals notify the central postoffice of the identity of wounded soldiers received or transferred. The central postoffice works with the central record division of the adjutant general's office, where every soldier in the army is card indexed, and 150 men are there constantly employed searching out addresses. A system has been devised by which delivery may be quickened to "replacement units" who have been scattered among widely separated troops. And various means have been found for overcoming delays due to lack of shipping facilities or congestion of mail at crowded posts.

It still remains true that mail for some 50,000 soldiers in France is delayed because the letters are inadequately addressed. In the future all such letters will be stopped at New York and returned to their senders. It is estimated that 300,000 letters a month have been delayed in the past because of insufficient address.

GERMANS SEEK TO GAIN CONTROL OF PACIFIC.

SAN FRANCISCO, CAL., Oct. 21.—Dangers of German hold on the South Pacific as a menace to this country were told before the commercial club here by Captain T. E. Y. Seddon, veteran of the West Front and son of the former premier of New Zealand. "The Germans are the grab-balls of the Pacific and stop at nothing to gain these ends there" he said. "France has sent a mission to Australia to discuss ways and means of keeping the Hun out of the islands of the Pacific. Premier Massey of New Zealand and Premier Hughes of Australia has warned England that they will not be content to permit reoccupation of islands by the Germans when the war ends."

CANTEENS ESTABLISHED

Over 700 canteen stations have been established by the American Red Cross on the railway lines of this country and at the embarkation points to furnish refreshments to enlisted men when traveling thru the country.

SAGE TEA KEEPS YOUR HAIR DARK

WHEN MIXED WITH SULPHUR TO BRINGS BACK ITS BEAUTIFUL LUSTRE AT ONCE

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

CHINESE EMPEROR PLAYS AT RULING

PEKING, Oct. 21.—China furnishes the anomaly of an emperor holding court within a republic and functioning with the aid of the republican machinery. The little Emperor Hsuan Tung, who was placed on the dragon throne of his ancestors last year lives in the Forbidden City amid old time ceremonial, and receives royal honors from those around him, and even from republican representatives on the stated occasions when they visit him or other members of the imperial family.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist, and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates thru every passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

War Department Orders on Gifts to the A. E. F.

You must follow these instructions, or your Christmas packages for the soldier in France will not be accepted for transportation.

Only one package will be allowed for each soldier. Each enlisted man and officer will receive an official coupon to be sent to the folks at home. It must be pasted on the package. A standard container, 9x4x3 inches, must be used. Get it from the Red Cross. Pack it and then take it back to the Red Cross unwrapped and unsealed for inspection. After inspection, wrap and seal the package with your official coupon, in the presence of the Red Cross inspector. Put on enough stamps to take the package to Hoboken, N. J. Get it there as soon as possible. Packages will not be accepted for transportation after November 15th. Don't put in the package liquor, anything that will explode or ignite, liquids or fragile articles improperly packed. Gifts should be wrapped in shak-colored handkerchiefs 27 inches square.

May we be of service to you in selecting your gift for your loved one in France? Frank M. Upp JEWELER 511 Main Street Official S. P. Watch Inspector.
