PLATINUM FOUND FAR NORTH.

JUNEAU, Alaska. (By Mail).—Platinum, that much needed and sought war material, exists through an area of 150 by 100 miles from Cook inlet region to the Alaskan range, in the opinion of Mr. Herschel C. Parker, geologist and explorer. Dr. Parker, who has gone to the States, took with him a large number of samples obtained from a summer spent in prospecting. This winter he will make exhaustive tests and plan operations for his work early next year. Upon his return he plans to establish a small plant on the Sunitna river for handling platinum ore.

BEGIN HOT WATER DRINKING IF YOU DONT FEEL RIGHT

Give glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow, and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels, and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gas and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant. Just as soap and hot water act on the skin, cleansing, sweetening and refreshing, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Adv.

Jack Hunsaker, who drives the Lakeview auto stage is reported seriously ill with the influenza.

Mabel Kirby was among the train arrivals last night from Medford. She is a guest at the Hotel Hall.

Jackson Kimball and Buford Hargus are spending a day or two hunting ducks in the Keno district. They expect to return this evening.

Rev. H. Isaacs, who has been pastor of the Presbyterian Church at Lakeview for the last two years arrived last night on his way to Portland, where he will enter service in the Spruce Department.

CARRIER EXAMS HERE NEXT MONTH.

The U. S. Civil Service Commission announces that a Clerk-Carrier examination will be held at Klamath Falls, Oregon on November 23, 1918, to establish an eligible register from which selection may be made to fill vacancies as they may occur in the positions of clerk or carrier in the Klamath Falls Postoffice. Age limit 18 to 45 years on date of the examination. Entrance salary \$1000.00 per annum.

Application blanks and information may be obtained by applying to Miss Helen Paxson, Local Secretary, Board of U. S. Civil Service Examiners, Klamath Falls, Oregon Post office, or to the Secretary, Eleventh U. S. Civil Service District, 303 Post-office Building, Seattle, Wash.

Justice of Supreme Court Conrad P. Olson is able, aggressive and square. Write his name on ballot November 5th to succeed himself in vacancy caused by death of Frank A. Moore. 31-1t

KIDNEYS NEVER CAUSE BACKACHE

KIDNEY PAIN, SORENESS AND STIFFNESS RIGHT OUT WITH OLD "ST. JACOBS LINIMENT"

Kidneys cause headache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful back, or lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.—Adv.

TO THE VOTERS OF KLAMATH COUNTY

Klamath Falls, Oregon, October 28, 1918.

It has been my purpose to visit each voter of the county between now and election and renew my acquaintances thruout the county, but the spread of the influenza has made this impracticable. In fact, I have volunteered my services at the city's hospital, which has been hurriedly equipped, and where some 20 patients are being cared for by volunteer nurses, and where I am in charge during the night watch.

Many of these patients are away from their families and some are in a critical condition, and as there was a shortage of nurses before the epidemic broke out, the only way these patients can be cared for as they should be is by the combined efforts of the city and its public-spirited citizens in giving the care and medical attention necessary.

In the meantime, I leave my candidacy for the office of sheriff, which I am seeking in the hands of the voters of Klamath County, thousands of whom know me personally, and practically all of whom know of my former efficient record as sheriff of Klamath County.

If elected I shall administer the affairs of the office in the interests of the people and without fear or favor. I believe the business of the county is the people's business, and that a public officer is a public servant, and I will so conduct myself and the office of sheriff of Klamath County if I am elected. Regretting that the unfortunate conditions at present prevent me from seeing each voter personally during this campaign, and soliciting your support, I am, sincerely yours, C. C. LOW, Independent Candidate for Sheriff. (Paid Advertisement)

What the Welfare Workers Are Doing

(Continued from Yesterday)

Vision of Heaven

The American woman worker, ready with a welcome smile, a cup of hot chocolate, cigarettes and candy must have looked like an angel from the skies. The branch library, just like the one at home must have been a Godsend. The men stood around, so my letter said, and gazed, as if they were afraid the vision might fade before them.

The seven welfare agencies not only have to be building contractors and real estate agents on a large scale, they have to be store keepers. They are motion picture exhibitors. Literally millions of feet of film are shown in almost every cantonment every week. The weekly shipment of films to France average fifteen miles. The weekly attendance at the shows, free, all of them, is about 2,500,000 and so economically is the business conducted that the cost to the organization is less than two cents a head.

The organizations are in the theatrical business also. Under the leadership of E. H. Bothern and Winthrop Ames more than a hundred big-hearted members of the theatrical profession are touring the hot circuit all the time, some in companies, some as individuals. They are recruited for service under the auspices of America's Over There Theater League, of which George M. Cochan is president. Some of the best known theatrical people have gone to France to entertain soldiers and sailors.

Books Furnished

They are in the library business on a very large scale. The American Library Association has established branches in every camp and naval station in this country; it has its bookshelves in every Y. M. C. A., hostess houses in the houses of the War Camp Community Service, and it has shipped more than a million books overseas to be distributed all over the areas occupied by the American Expeditionary Forces. The boys eating Salvation Army doughnuts far up the line draw books and magazines supplied by the Library War Service of the American Library Association.

Scores of hotels and restaurants, in this country and abroad have been opened by these welfare agencies. What the enlisted men on leave would do without these hotels, and the hospitality of the managers, it is difficult to determine. What they and the army nurses and other war work women abroad would do is equally hard to guess. In London, Paris and at all the seaports centers where our men find themselves there are big, clean buildings where a room and bed may be had for a few cents a night. One of these restaurant huts in a French seaport town cost about \$4,000 to build, but it served, in a single year, more than

11,000 men. What a magnificent return on an investment of \$4,000. Y. W. C. A. Hotel. Rather more expensive is the Y. W. C. A.'s hotel for women in Paris. But the thousands of women war workers who have shared its blessings at a cost that would be moderate in peace times will testify that the money was well invested. The other businesses in which the seven find themselves engaged are too numerous for extended comment. Let me merely indicate a few of them. They are great operators of resorts, including the rest at Aix-les-Bains and six like it, all provided as furnished places for our boys. They have taken over and conduct biscuit and sweet chocolate factories in France, so that the boys may have something to eat while fighting. They are the largest purchasers of athletic goods in the world, one single organization's shipments showing figures like these: 2368 doz. base balls, 600 doz. football bladders, 396 basket balls, etc.

VOTERS OF OREGON

Justice Pt. A. Moore of the Supreme Court died last month. Too late for the name of any candidate to succeed him, to be placed on the ballot. This condition makes it necessary to write in the name of your candidate. This is the most important position in the Judicial system of the State. It is essential to choose a man of extensive legal training, of high character, and of broad vision. We commend for your consideration and vote J. U. CAMPBELL OF OREGON CITY. Resident of the State 30 years; lawyer for 25 years; veteran of Spanish-American War and Philippine Insurrection, having served with the 2nd Oregon regiment; member of Oregon legislature in 1907 and 1909 sessions; Judge of the 5th Judicial District 9 1/2 years. In all these positions he has made good. His record as a private citizen and public official has been above criticism. Write in his name at the General Election Nov. 5th. For Justice of the Supreme Court to fill vacancy caused by the death of Justice Frank A. Moore. Vote for one.

Write the name of J. U. Campbell in the above space and place an X in front of his name. J. U. Campbell for Supreme Court Campaign Com., Oregon City, Oregon, J. D. Butler, Sec. (Paid Adv.)

Just to Remind You

Have the storage battery in your auto tested and filled tomorrow, and be sure to have it in prime condition; cooler mornings makes the engine crank harder, longer evenings lights shine longer, requires more strength in the battery. Close attention to the electric system will give better satisfaction and save you dollars. We are equipped to give you the best service, when you have electrical automobile troubles, at the Willard Service Station.

wants to make these years count for the largest possible progress in having his full chance over there. All seven agencies are exporters on a huge scale and their records reveal a total business that is amazing. Take these figures for example, from the shipping lists of the Y. M. C. A., which is only one of the seven: Canned fruits—2,365,284; Chewing Gum—16,110,000 packages; Condensed Milk—2,293,728 cans; Flour—32,078,720 lbs; Sugar—11,827,735 lbs; Tobacco—3,339,000 lbs.

Organs and Sawmills

The variety of articles shipped is no less impressive than the totals. One would expect to find blankets, biscuits and cough-drops, of course; but the 71 lighting systems are more of a surprise, as are also the 100 organs and a new sawmill. Soda Fountains and stereopticon machines, typewriters and tooth-paste and talking machines; motorcycles, phonograph records and Ping Pong (22 cases)—they are all part of the splendid effort to reproduce over there something of the atmosphere and helpfulness that made life worth living over here. Together the seven are shipping more than five hundred tons of cheer and helpfulness a week. A great weekly reminder that the folks back home still remember and still care. (To be continued)

SCARED HUNS NOW START TO HOARD MONEY

AMSTERDAM, Oct. 31.—Public anxiety over the solvency of the empire apparently is becoming acute in Germany. The hoarding of money has become so rampant as to cause great inconvenience. There has been a general run on banks to close accounts and the theft of hidden funds is of daily occurrence. With its staff depleted by the war and gripped the German treasury is turning out new currency at top speed but, according to the Lokal Anzeiger of Berlin, melts like snow when the sun shines and the customary back flow into the state coffers has ceased completely. The Reichsbank in the third quarter of the year issued the unprecedented amount of 1,000,000,000 marks in new money or nearly twice the amount issued in the same period last year. In the first three weeks in October alone the bank issued 1,250,000,000 marks in new money. The government has been compelled to make war loan coupons legal tender. It also proposes to issue a simpler form of paper currency and the municipal governments in Berlin and other centers have been authorized to issue temporary token money. Fears are growing that if the official appeals to refrain from hoarding are not heeded, the whole economic structure of Germany may collapse.

Subscriptions Must Be Paid In Advance

In compliance with the ruling of the pulp and paper section of the War Industries Board regarding the conservation of newspaper paper, all subscriptions must be paid for in advance before delivery can be made.

Following is the new ruling of the War Industries Board, Washington, D. C., with reference to subscriptions:

"Discontinue sending papers after date of expiration of subscription, unless subscription is renewed and paid for." This ruling is now in effect.

We ask your patriotic co-operation with us in complying with this war-time measure of our government by paying the carrier boys promptly when they call the first of the month. Otherwise, we have no discretion in the matter but to discontinue the paper. Beginning November 1st, carriers will collect for the paper for the current month in advance, instead of for the month past, as has been the custom.
