Measure to Cripple Oregon Country Press

In its efforts to get even with the country publishers for refusing to get back of its single tax measure, the Portland Journal, thru its million-dollar owner, Sam Jackson, has had initiated the measure dealing directly with the country press. One measure provides for the abolition of

work. Mr. Jackson was very particular to see that this proposed measure did not in any way affect Multnomah County, where his own paper is published. The voter should bear this in mind in judging the animous back of the Jackson printing measure. In this connection the voters of Oregon should remember that several other times Single Tax measures have been launched in disguise by this same pernicious source. The last time was in November, 1916, under the "Full Rental Land Value" amendment, which among other things, provided "that delinquent tax sale certificates should be bought up by the State Land Board with penalties and costs, and thereafter the title should vest absolutely in the state." If the delinquent tax list is not advertised, fewer delinquent certificates will be sold and not only will the

county's revenues diminish but the county will get the delinquent lands themselves. The object of single tax is public ownership. As the county's revenues decrease because of delinquents, county taxes will necessarily increase on those who do pay to make up the deficiency. Thus it will become harder and harder to pay the taxes and there will be more and more delinquents and the county will become more and more a property owner and a step in the direction of Single Tax will have been accomplished. The delinquent tax measure which we have to vote on this fall provides that the sheriff shall notify the person taxed "at the address on the tax rolls." The tax rolls are made up March 1st. The time for paying the last half of the taxes does not expire till a year from the following October—a full year and a half after the rolls are made up. In the meantime hundreds of people may have moved away and it is impossible to find them by addressing a letter to where they were a year and a half previous.

LARGEST FREIGHTER IN LAUNCHED IN PENNSYLVANIA.

PHILADELPHIA, Oct. 31.—The steamship South Bend, said to be the largest cargo carrier ever built in this country, was launched at the Delaware river yard of the Sun Shipbuilding company Tuesday at Chester, Pennsylvania. The ship, originally intended for a commercial company, was taken over by the government soon after work on it was started. The vessel's tonnage is 13,600.

To the Voters of Klamath Falls

On Tuesday, November 5th, you will be called upon to elect a Mayor for the City of Klamath Falls. Do you want one who is PROGRESSIVE and desires to make the city larger, better and cleaner? Do you want one who is in favor of a government for the people and by the people? Do you want one who is absolutely in favor of Municipal Ownership of Public Utilities, such as WATER, LIGHT, POWER, A MUNICIPAL MARKET, A CITY WOOD YARD? Was not the City of Portland held up for a long time by the WOOD DEALERS, Gentlemen's Agreement or Combination. About two years ago the City of Portland installed a city yard, and sold wood at cost plus 10 per cent for hauling to the people. Today this yard is a success, and wood is sold at a price far lower than you, Mr. and Mrs. Voter, have to pay for it in Klamath Falls. Wood for Portland is shipped hundreds of miles, yet Klamath Falls is in the heart of the Pine Belt, and the price of our fuel is going up by leaps and bounds. The mills adjacent to Klamath Falls are burning thousands of cords of wood which could be utilized here. Is it not time we had a progressive administration for the people?

one year ago you voted a franchise to the Keno Power Company which called for about 5 to 1? This franchise was to permit that company to compete with the California-Oregon Power Company. Why are they not opening here today? Who opposed them? Who fled four injunction suits to oppose the expressed wish of the people? I believe that the people of Klamath Falls will agree with us that the rates of the California-Oregon Power Company are exorbitant, and constitute a monopoly. The citizens of this community have expressed themselves by ballot and have invited the Keno Power Company to enter the city on a competitive basis with the present corporation. The ordinance has been passed by the City Council, yet we have no relief. Were the tactics employed by those opposing competition supported by our present city administration? I am of the opinion that they were supported. Now, Mr. and Mrs. Voter, I am in favor of competition, and will do everything in my power to encourage the Keno Power Company to enter the city on that basis as the ordinances provide. Furthermore, I am in favor of a municipal owned power and light company, and when our city finances permit I will advocate the purchase of such a plant for the city.

The Time Schedule for Your Home...

It is a serious reflection on American homes that the telephone companies must issue orders that operators are not to answer requests for correct time. It ought to be a matter of pride in every family to have a clock in the home that is exactly right and that keeps good time; that father can go to work by, that mother can time meals by, that travelers can catch trains by. You can get such a clock for your home at Upp's. We have mantel clocks in beautiful mahogany and other styles of cases. Chimes and hour and half hour strikes. All guaranteed. \$10.00 to \$15.00

If you have the time see us; if you haven't, come and stay as long as you can. There will be some specials at McHattan's Saturday. It

Finally, the proposed scheme is not offered in good faith; it is a subterfuge; it is impracticable; the present statute already requires mail notices to be sent out when taxes are past due; if newspaper publication was discontinued tax titles would be worthless. The present publication law has proven successfully in every state in the union; it is the best collector of revenue the country has, it compels the tax delinquent to come up and pay his just share of taxes along with the other fellow, it doesn't cost the county a single cent of money and never has and the continued and repeated statements in the Journal that it does are but added evidence of Millionaire Jackson's entire lack of good faith in both printing measures. The intelligent voter will vote 309 "No" and 319 "No." New shipment of Army hats just received at 31-31 K. K. K. STORE.
