Herald's Classified Ads.

NOTICES MUST NOW BE WRITTEN FOR PUBLICATION.

Owing to the fact that errors are frequently made in notices received over the phone in spite of efforts to get them correctly and that receiving and transcribing them, takes considerable time, it is announced that all notices and announcements of meetings etc., from this on, must be handed in, written plainly to the Herald office in order to be published. The Herald is glad to give such notices publicity at all times but in as much as such publication is done as a favor to those immediately interested, the management believes they should be worth the trouble of writing and delivering if they are of sufficient importance for publication. Accounts for the Ads in the Classified columns of the Herald are to be paid to merit bookkeeping records and mailing bills against, and it is therefore announced that beginning with this date all such must be paid for, when insertion is made. No want ads will be taken over the phone from now on but must be brought to the office in order to receive publication.

BELGIAN HERO, WHO SAVED CIVILIZATION, BACK AFTER CAPTIVITY

GENERAL LEMAN

Everywhere in Belgium he was received with tremendous enthusiasm.

IMMENSE SHIP IS COMPLETED IN FEW DAYS

ABERDEEN, Wash., Nov. 2.—Announcement by the Gray's Harbor Motorship corporation of Aberdeen of the completion of a 4000 ton dead-weight wooden ship from keel to water in 17-13 working days established officially a world record for this type and tonnage of vessel either of steel or wood, according to the officials of the plant.

Work on the vessel was begun September 9 and at that time the officials of the company expressed the belief that they would complete the ship and have it equipped with steam up and ready for the government in 35 days.

Several records were "hung up", the officials said, in the construction of the "speed ship" as the yard workers called it. The keel was laid in ten seconds. The best previously recorded time was 11 seconds. The frame of the ship was constructed in 14 fewer minutes than the previous record. One framing crew in a single day put in ten more frames than any other crew had ever done in a similar length of time.

BIG EATERS GET KIDNEY TROUBLE

TAKE SALTS AT FIRST SIGN OF BLADDER IRRITATION OR BACKACHE

When you eat too much and our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. Watch the kidneys.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes, look out. These sharp crystals tear and scratch the delicate urinary channels, causing excruciating pains and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, high colored or scanty urine, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Go to your druggist immediately. Get a trial box of GOLD MEDAL, Haarem Oil Capsules, imported direct from the laboratories in Holland, where they have been in use for over two hundred years. They will give almost immediate relief. If for any cause they should not your money will be refunded. Be sure to get GOLD MEDAL. None other genuine. In sealed boxes, three sizes.—Adv.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR

Hair that loses its color and lustre, or when it fades, turns gray, dull and

lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture, improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.

TO THE VOTERS OF KLAMATH COUNTY

Klamath Falls, Oregon, October 28, 1918.

It has been my purpose to visit each voter of the county between now and election and renew my acquaintances thruout the county, but the spread of the influenza has made this impracticable. In fact, I have volunteered my services at the city's hospital, and where some 20 patients are being cared for by volunteer nurses, and where I am in charge during the night watch.

Many of these patients are away from their families and some are in a critical condition, and as there was a shortage of nurses before the epidemic broke out, the only way these patients can be cared for as they should be is by the combined efforts of the city and its public-spirited citizens in giving the care and medical attention necessary.

In the meantime, I leave my candidacy for the office of sheriff, which I am seeking, in the hands of the voters of Klamath County, thousands of whom know me personally, and practically all of whom know of my former efficient record as sheriff of Klamath County.

If elected I shall administer the affairs of the office in the interests of the people and without fear or favor. I believe the business of the

county is the people's business, and that a public officer is a public servant, and I will so conduct myself and the office of sheriff of Klamath County if I am elected.

Regretting that the unfortunate conditions at present prevent me from seeing each voter personally during this campaign, and soliciting your support, I am, sincerely yours, C. C. LOW, Independent Candidate for Sheriff. (Paid Advertisement)

Just to Remind You

Have the storage battery in your auto tested and filled tomorrow, and be sure to have it in prime condition; cooler mornings makes the engine crank harder, longer evenings light shine longer, requires more strength in the battery.

Close attention to the electric system will give better satisfaction and save you dollars.
