WORLD MADE
SMALLER BY
AIR MACHINE

LONDON, (Correspondence of the
Associated Press).—"America will be-
come within reach of England in a
day and a half and the time will
come when an Britannia in New
York will see its London paper the
morning after its publication," said
Handley Page the airplane construct-
or, recently.

He prophesied that immediately on
the declaration of peace it would be
possible to begin an air service be-
tween Marseilles and London with a
single stop at Paris for an overhaul
and taking in gasoline. Mr. Page
continued:

"Constantinople could be reached
in twenty hours, Rome in twelve and
a half hours, and Marseilles in eight,"
he said.

"An 800 mile service could be run
at a profit, both for mails and passen-
gers, at a rate but little in excess of
that at present in force.

"I base my calculations on the use
of a medium-sized machine making
non-stop flights of 400 miles. Each
would carry 4,000 pounds of revenue-
earning load. There would be first-
class aerodromes at each end of the
route, and another in the middle.
Second-class aerodromes would be
provided every 100 miles.

"A minimum service of six machin-
es each way per day could be pro-
vided for a capital of under 500,000
pounds. The annual cost would be
under 600,000 pounds.

Hopes Women Will
Adopt This Habit
As Well As Men

Glass of hot water each morn-
ing helps us look and feel
clean, sweet, fresh.

Happy, bright, alert—vigorous and
vivacious—a good clear skin; a natural
rosy complexion and freedom from ill-
ness are assured only by clean, healthy
blood. If only every woman and like-
wise every man could realize the won-
ders of the morning inside bath, what
a gratifying change would take place.

Instead of the thousands of sickly,
anemic-looking men, women and girls
with pasty or muddy complexions; in-
stead of the multitudes of "nervous
wrecks," "rundowns," "brain fags" and
penalists we should see a virile, opti-
mistic throng of rosy cheeked people
everywhere.

An inside bath is had by drinking,
each morning before breakfast, a glass
of real hot water with a teaspoonful of
limestone phosphate in it to wash from
the stomach, liver, kidneys and ten-
yards of bowels the previous day's in-
digestible waste, sour fermentations
and poisons, thus cleansing, sweeten-
ing and freshening the entire alimen-
tary canal before putting more food
into the stomach.

Those subject to sick headache, bil-
iousness, nasty breath, rheumatism,
colds; and particularly those who have
a pallid, sallow complexion and who
are constipated very often, are urged
to obtain a quarter pound of limestone
phosphate at the drug store which will
cost but a trifle but is sufficient to dem-
onstrate the quick and remarkable
change in both health and appearance
awaiting those who practice internal
sanitation. We must remember that
inside cleanliness is more important
than outside, because the skin does not
absorb impurities to contaminate the
blood, while the pores in the thirty
'net of bowels do.—Adv.

ALASKA COAL COMING SOON

**SALTS FINE FOR
AGING KIDNEYS**

WE EAT TOO MUCH MEAT WHICH
CLOGS KIDNEYS, THINS THE
BACK MUSLES

Most folks forget that the kidneys,
like the bowels, get sluggish and clog-
ged and need flushing occasionally,
also we have backache and dull mis-
ery in the kidney region, severe
headaches, rheumatic twinges, torpid
liver, acid stomach, sleeplessness and
all sorts of bladder disorders.

You simply must keep your kidneys
active and clean, and the moment you
feel an ache or pain in the kidney
region, get about four ounces of Jod
Salts from any good drug store here,
take a tablespoonful in a glass of wa-
ter before breakfast for a few days
and your kidneys will then set fine.
This famous salt is made from the
ash of grapes and lemon juice, com-
bined with lithia, and is harmless to
stagnant kidneys and stimulates them
to normal activity. It also neutral-
izes the acids in the urine so it no
longer irritates, thus ending blad-
der disorders.

Jod Salts is harmless; inexpensive;
makes a delightful effervescent lithia-
water drink which everybody should
take now and then to keep their kid-
neys clean, thus avoiding serious com-
plications.

A small town's local druggist says
he sells lots of Jod Salts to folks who
suffer in preventing kidney trouble.
This is the only trouble. Adv.

**How Electricity is Winning the War
Mothers, Wives and Daughters!
Save More Time and Money
For War Work**

¶ The Government asks you to save electricity—
likewise, fuel, time, food and money. Try the fol-
lowing suggestions in your home. They are ap-
proved war conservation measures and lessen the
worries and expense of housekeeping.

DON'T use wasteful carbon lamps—use the eco-
nomical "MAZDA" lamps.

DON'T light the kitchen range to boil, fry or toast
—do it at the table with the Electric Grill
and Toaster.

DON'T worry about washing and ironing—save a
day a week with the Electric Washing
Machine and Electric Iron.

¶ If you have electricity in your home make it keep
house for you. It gives more economy, efficiency
and convenience—more time for war work.

¶ Ask your electrical contractor dealer today how
he can help you help win the war by the more effec-
tive use of your electric service.

A WAR TIME SUGGESTION

The Government urges that Christmas giving be con-
sented to useful articles—Give electrical appliances. The
Government has ruled that no extra salespeople can be
employed during the Holiday Season—SHOP EARLY.
