EAST OREGON MEN WANTING HOUSE LEADER

Eastern Oregon representatives to the legislature are put to control the organization of the house thru the election of a speaker. They want an Eastern Oregon man, but if they cannot do this, they want to throw their united support back of someone who will deal with them, and elect him.

That is the substance and intent of a letter sent out by E. P. Dodd of Umatilla county, under date of November 15, in which he called a meeting of Eastern Oregon members at the Pendleton hotel on the evening of November 20 last Wednesday.

"This meeting has been discussed some," Dodd says in his letter, "and I am calling it for the purpose of organization of our forces and making plans regarding the speakership and such matters as we may be interested in. Mr. Denton G. Burdick of Richmond seems to have a good chance to be elected, and we hope to agree on his support and have a definite understanding as to the course we shall pursue. I believe in organization where the rights of all are considered and to make our work this winter most effective we should be in a position to assert strength. In the event Mr. Burdick cannot win, we want also to be in a position to decide, if possible, who shall be elected."

Withycombe Proclaims Thanksgiving Holiday

SALEM, Nov. 27.—Oregon's governor has set apart tomorrow as a day of prayerful thanks. His proclamation follows:

"The dark clouds which hovered over the entire civilized world on Thanksgiving day last year have recently lifted, revealing a clear blue sky that promises sunshine, prosperity and good will among nations and individuals.

"Oregon, the volunteer state of the Union, which has given so freely and generously of its men, money and materials, has the basis for special gratification over the noble part her sons played in accomplishing the final victory. We have a right to rejoice this year as never before, and to mingle the voice of music with that of reverent prayer by singing the songs of victory, of home and of thanksgiving.

"But, in our happiness, we should not forget that hundreds of thousands from the very flower of the allied nations have made the supreme sacrifice that we might enjoy the fruits of victorious peace and that countless others are crippled and maimed for life. There will be vacant chairs at the Thanksgiving tables this year, and let us render thanks unto the supreme ruler of the universe that those soldiers of democracy have not suffered and died in vain. Let us also thank divine providence for guidance over a Christian course, and for endowing our people with a spirit of patriotism and national unity that has inspired us to perform our share in the re-establishment of world peace and the universal recognition of the brotherhood of man.

"Now, therefore, I, James Withycombe, governor of the state of Oregon, by virtue of the authority in me vested, following the gracious custom established by previous governors in joining with the President of the United States, do hereby proclaim Thursday, November 28, 1918, as Thanksgiving Day, and call upon the people of Oregon to suspend their ordinary labors in order that they may give prayerful thanks to Almighty God whom we worship for the blessings and liberties and honored privileges that have been bestowed upon us and upon our great commonwealth."

NURSE HELP CALLED FOR AT HOSPITAL

TEN CASES AT ISOLATION INSTITUTION WITH ONLY TWO NURSES MAKING SITUATION DEPLORABLE

A strenuous call for help for the isolation hospital here has been made by the Board of Health to meet the new crisis which has followed second outbreak of the influenza.

It is declared today that there are now only two nurses on duty at this institution and that these, owing to the heavy burden that has fallen upon them are nearly exhausted. Four new cases were taken there this morning, making a total of ten now being cared for. It is believed that there are many in Klamath Falls who could by making some self sacrifice, come to the aid of those who stand in such great need at this time. Fifteen new cases of the disease are reported in the city this morning.

DEATH FROM "FLU" AT AMERICAN HOUSE

Homer Stanley, who passed away at the American Hotel night before last following a short siege of the "flu" was buried yesterday by Undertaker Earl Whitlock at the expense of the County.

ATTITUDE OF THANKSGIVING URGED ON ALL

In view of the continued serious condition of the epidemic in our community, which demands that we keep public assemblies under the ban, so can hold no public gatherings for Thanksgiving, we would urge that in every home, and at the Thanksgiving dinner gatherings in particular, the spirit of Thanksgiving be carried out in the fullest of spirit.

Never has the world known so many causes for thanks giving, individual, family, as a nation or in the wide world. The barbarities and outrages and unholly ambitions of the Teutonic forces have been quelled. Peace to ours. There is much to do yet, but let us thank God for the cessation of warfare, the victories which mean so much to Christian nations, and to all those who love peace, justice, righteousness and the spirit of human brotherhood. Pray that the tremendous and intricate problems yet to be solved may be worked out in the finest spirit of unselfishness and universal good will, and that the American people may continue the unselfish, lavish giving and service which will be needed in an unlimited degree yet for months to come, that the stricken and suffering peoples of Europe may be secured and rebuilt. In private conversation, in words of grace at meals, and at the family altar, let fullest expression be given of heart thankfulness to Almighty God.

MINISTERIAL ASSOCIATION, E. F. Lawrence, Secretary.

With the devastated farms to be supplied with foundation stock of American breeders the future price of both dairy and beef cattle should bring a good profit to stockman foresighted enough to hold on to their herds.
